Staff Analysis and Report to the Board

Board Meeting/Work Session Date: February 26, 2019

Senior Lead: Brenda Martinek

Department Lead: Judy Brennan

SUBJECT: Proposed revisions to policy 4.10.020-P, Compulsory Enrollment; Age and Grade Level at Entrance, and rescission of policy 4.10.032-P, Early School Entrance

I. BACKGROUND

More than 5,000 new students enroll in PPS each school year. The purpose of the new draft policy is to clarify and streamline guidance through changes to current policy 4.10.020-P and rescission of 4.10.032-P.

II. RELATED POLICIES/BEST PRACTICES

ORS 336.092; ORS 336.095; ORS 339.115

PPS 4.10.010-P, Compulsory Enrollment and Attendance; PPS 4.20.010-P, Promotion and Retention of Students

All language in the policy was reviewed for compliance, and reflects current practice.

Regarding best practice, we reference Oregon Early Learning Standards and other resources such as Association of Kindergarten Entry Age with Early Literacy Outcomes, <http://eric.ed.gov/?id=EJ978814> ; and Kindergarten Entry & Placement, <https://www.naeyc.org/files/naeyc/file/positions/Psunacc.pdf> . Regarding grade level placement based on prior experience, if the child is younger than Oregon age minimum: The guidelines support educational continuity from PK to K to 1st grade even if child's school district has different cut-off birthdates. Additionally by not allowing K age students to repeat PK, we are aligning with NAEYC best practices (NAEYC's 2001 Report, [STILL Unacceptable: Trends in Kindergarten Entry and Placement](#)) This policy allows placement of students with grade level peers, promoting social and emotional growth while treating as individuals for course selection and appropriate academic need.

III. ANALYSIS OF SITUATION

A lack of policy clarity regarding age and prior experience has led to inconsistent enrollment practices across schools, with different schools enrolling students with similar age and prior school experience into different grade levels.

IV. FISCAL IMPACT

No known impacts

V. COMMUNITY ENGAGEMENT (IF APPLICABLE)

This policy review and revision has been largely an internal process. A team of central office staff representing Early Childhood Education, Enrollment & Transfer, ESL, General Counsel, Office of School Performance and Talented and Gifted considered the following frequently asked questions from parents and school administrators secretaries and counselors:

- Should students who have completed kindergarten be allowed to enroll in 1st grade if they turn six after September 1?
- Should students who are six years old be assigned to kindergarten or first grade if they have not completed kindergarten?
- Should students enrolling during the school year, or arriving with limited educational records be assigned to a grade level based upon their age or their prior school experience?

In addition to addressing these questions, staff made further changes based on input received from the Board's Policy and Governance Committee on January 31, 2019. The attached draft now contains language about compulsory enrollment, which has been located in Policy 4.10.-10-P. The Policy and Governance Committee approved the proposed changes for full Board consideration on February 21, 2019.

VI. TIMELINE FOR IMPLEMENTATION/EVALUATION

Connect to Kindergarten events begin in winter, and peak enrollment time is mid-August. Approval of the proposed policy revisions by mid-March allows for immediate guidance to schools and families, as well as opportunities for staff professional development. The changes will be communicated through admin connection, existing training opportunities and the Enrollment and Transfer Center's website.

Related policy and administrative directive revisions underway:

Policy 4.10.010-P, Compulsory Enrollment and Attendance, will be revised to reflect the changes to Policy 4.10.020-P, and to update procedures for determining exemptions to compulsory enrollment.

Policy 4.20.010-P, Promotion and Retention of Students, will be revised to update procedures for promotion and retention of students.

Administrative Directive 4.10.033-AD, Early Entry into Kindergarten, will be updated to reflect a more equitable system for early entry testing and determination.

VII. BOARD OPTIONS WITH ANALYSIS

The Board could delay a decision on these policy changes while awaiting staff recommendations on the related policies described above. While there may be a benefit to considering a more holistic package enrollment and grade-placement modifications, the delay would allow inconsistencies in entry-level enrollment practice to continue into the next school year.

VIII. STAFF RECOMMENDATION

Consider the proposed changes to Policy 4.10.020-P and rescission of Policy 4.10.032-P now, instead of waiting for staff recommendations on related policy changes.

IX. I have reviewed this staff report and concur with the recommendation to the Board.

The Office of Student Support Services recommends rescission of the "Early School Entrance" Policy 4.10.032-P. A hard copy of the Policy is attached to this memo. The following statement is proposed for the "Age and Grade at Entrance" Policy 4.10.020-P:

"A student whose fifth birthday occurs after September 1 and on or before October 1 may apply for early entry into Kindergarten, as allowed in Administrative Directive .4.10.033-AD."

Inserting this statement into Policy 4.10.020-P will make information about early entry accessible to more stakeholders, and allow for the rescission of Policy 4.10.032-P.

Direct Report recommending rescission:

4.10.032-P Early School Entrance

Early entry evaluations identify children who would be best served by beginning school before they meet the state age requirement for school entrance. The intent of early entry is to admit early those children whose needs will best be met through advanced placement for the current year and throughout their K-12 education. The child's advanced development in social, emotional, academic, intellectual and physical functioning are taken into consideration in the evaluation.
