Board of Education Informational Report

MEMORANDUM

Date: March 14, 2018

To: Board of Directors

From: Antonio Lopez, Assistant Superintendent

Subject: Year-Round School for Rosa Parks

Background:

In the 2014-15 school year, Rosa Parks began a pilot using a year-round calendar. The pilot was intended to examine the outcomes of a year-round calendar on student achievement. The year-round calendar implemented was a 45-15 calendar that starts in mid-to-late July with 9 weeks on and 3 weeks off and concludes in June with the rest of the district calendar. The school provides an intervention week for one of the three weeks of the three intercessions, which occur three times per year.

Engagement and Evaluation

The System Planning and Performance Department conducted an Evaluation of the calendar, using both quantitative and qualitative data collection and analysis. This Evaluation occurred during 2015-16 and the 2016-17 school years. Evaluators collected feedback from teachers, families, students and community partners. Additionally, evaluators reviewed student outcomes such as attendance and test scores and conducted cohort analyses using the available data. While Rosa Parks has shown some improvements in student achievement, it is inconclusive whether those gains are due to the year-round calendar, or due to the lack of comparable baseline data. The results of the qualitative and quantitative analyses are attached.

During December and January of the current school year, follow-up meetings were held with staff, families and stakeholders to provide another opportunity to share their perspectives about the outcomes of the year-round calendar. Many staff and parents advocated for keeping the year-round calendar. An often-cited reason was the belief that the continuous school-year supported students' learning better than the traditional calendar. Limited childcare resources was brought up as a consistent challenge from parent groups, and staff noted that they felt the district was not responsive to the unique needs of a year-round calendar school.

Recommendation:

It is our recommendation to allow Rosa Parks Elementary School to continue with the year-round calendar for the 2018-2019 school year providing more time to prepare parents, teachers and stakeholders to make a smooth transition to a traditional calendar for the 2019-2020 school-year. Office of School Performance will work with the building principal to develop

a plan and timeline to share with the Board in the Fall of 2018-2019 school year for this transition to take place for the school year 2019-2020.

RESOLUTION No. 5649

Resolution in Response to Step 3 Complaint

RECITALS

- A. The Board of Education has reviewed the Step 3 Complaint.
- B. The Complainants seek a change to the name of the Franklin High School nickname, "Quakers," asserting that the name "Quakers" is the name of an organized religion and, as such, is inappropriate, offensive, and unconstitutional.
- C. In response to the Complaint, the Superintendent submitted to the Board a request for review of the District's Naming School District Property Policy 2.20.010-P.
- D. The Board of Education conducted a comprehensive review of the Naming School District Property Policy 2.20.010-P, and made numerous changes to the policy including revised criteria for the naming of school district property, including schools, mascots, symbols and other images considered for representation of a school or district.
- E. The Board of Education had a first and second reading on the revised policy, a public comment period, and the Policy has been formerly adopted by the Board.
- F. The revised Policy says that names shall not be a person, location or character whose primary identification is of a religious nature or be a name of a religious group or members.
- G. When considering renaming, the renaming shall take into account the District's focus on eliminating systemic discrimination

RESOLUTION

The Board of Education has determined that the name "Quakers" as used by Franklin High School violates Policy 2.20.010-P, II(1)(b)(iii) because Quakers is a name of a religious group or its members. The Board directs the District staff to bring a process to determine a new nickname for Franklin High School to the Board of Education at its May 22nd meeting for review and approval. The revised administrative directive shall also be presented at that time. The renaming process shall be completed by June 30, 2019. The Board also has determined that the Complainants are exempt from the requirement of presenting a fiscal impact statement and proposed method of covering expense of name change pursuant to Policy 2.20.010-P, VII(4)(a).

RESOLUTION No. 5650

Adoption of 2018-19 School Year-Round Calendar for Rosa Parks

RECITALS

- A. In 2014, District staff, teachers and community members from Rosa Parks Elementary School, requested to pilot a year-round balanced calendar for the 2014-15, 2015-2016 and 2016-17 school years in order to increase academic gains for all of its students.
- B. In 2015-16, Rosa Parks saw 9% gain in student reading scores and 24% gain in math scores as reported by the Oregon School Report Card. As a result of these gains, Rosa Parks is requesting another year on the calendar, with the hopes to see similar or greater gains. The Rosa Parks community of family and staff is in support of this calendar to continue.
- C. During the pilot years of the year-round calendar at Rosa Parks School, some improvements in student achievement were shown. Unfortunately, not enough growth was shown compared to similar demographic schools. Also, it is inconclusive whether the gains are due to the year-round calendar, or due to the lack of comparable baseline data. It is our recommendation to allow Rosa Parks Elementary School to continue with the year-round calendar for the 2018-2019 school year providing more time to prepare parents, teachers and stakeholders to make a smooth transition to a traditional calendar for the 2019-2020 school-year. Office of School Performance will work with the building principal to develop a plan and timeline to share with the Board in the Fall of 2018-2019 school year for this transition to take place for the school year 2019-2020.

RESOLUTION

- 1. The Board adopts the proposed 2018-19 year-round school calendars for Rosa Parks Elementary School.
