EXECUTIVE SUMMARY

EXECUTIVE SUMMARY

The executive summary includes the Budget Message and a comprehensive narrative overview for the 2023-24 budget. The narrative presents the budget in the context of the District's emerging vision and strategic plan. In addition, summary budget information is presented in tabular and graphic format including student enrollment history and projections and budget forecasts.

The School Board, acting as the Budget Committee, is responsible for oversight and approval of the budget. The School Board adopts the budget, makes appropriations and imposes taxes.

The Budget Overview highlights major budget changes year-over-year.

SUPERINTENDENT'S BUDGET MESSAGE

Dear PPS Community,

Our district sits at an inflection point. We have a [community vision](#) for who we want to be, a [strategic plan](#) outlining the steps we'll take to realize it, and a set of [student outcome goals](#) we aim to achieve. Unfortunately, enrollment continues to decline - here and across Oregon. State revenue is not keeping up with the cost of operating our schools, and our students' needs continue to grow. This presents a set of real constraints requiring us to prioritize how we'll invest the available resources to accomplish our goals.

The critical steps we take in the coming school year and the decisions we make regarding how to best support and serve children and youth will help to determine how quickly we improve educational outcomes, and become the district our students and staff deserve. Given rising costs of doing business, this proposed budget attempts to be efficient in how we integrate and leverage all our available revenue sources. It builds on our shared successes and continues our objective of providing a joyful and high-quality teaching and learning experience for every PPS student next year.

Shared Success

We are on the road to becoming a school district where every student and educator thrives and achieves excellence.

We continue aligning our dollars, time, and effort with our community vision, and we're seeing encouraging signs. Unlike state and national downward trends, our standardized test scores indicate that [we have mitigated adverse impacts on student learning](#). As another key indicator, our [graduation rate continues to steadily improve](#), higher than and increasing faster than the state's posted averages. We are also narrowing gaps for historically underserved student groups. For the Class of 2020, our graduation rate for Black students was twenty times greater than the state average growth rate.

Our systems are strengthening and extending student learning. We invested significantly in a robust menu of [summer programming](#), which has helped mitigate pandemic-related gaps, provided enrichment opportunities to students, and offset typical summer slides. In addition, we have made sure students requiring the most support have access to more personalized interventions, including access to learning acceleration specialists and high-dosage tutoring. We know that foundational literacy skills are pivotal to long-term success, so we have continued to place an emphasis on early literacy. Our investments in professional learning, instructional materials, and assessments are narrowing gaps and receiving praise in [Oregon](#) and [nationally](#). Social workers and counselors are helping address post-pandemic social emotional, mental, and behavioral health needs, and we're proud to have been able to increase access to these vital supports.

We also continue to find multiple ways to positively engage students in their school experience. We continue to expand career technical education (CTE) courses, arts education pathways, and out-of-school programming. Over the last five years, we've doubled student enrollment in CTE courses and strengthened [our nationally-recognized dual-language immersion programs](#), which have [tripled the number of graduates earning the Seal of Biliteracy](#).

The 2022-2023 school year has been marked by growth in how we respond to the climate crisis. We've begun implementing last spring's Climate Crisis Response policy - a series of bold commitments that garnered a National School Board Association Magna Award. Construction is underway on Benson Polytechnic High and the Multiple Pathways to Graduation building, which will become our most sustainable buildings, and we opened the LEED-Gold-certified Lincoln High School. We purchased our first electric buses, continued to expand our reliance on local farmers and vendors, and increased green spaces and gardens across our schools. Not only will we continue this work next school year, but we expect to celebrate more and more success.

2023-2024 Budget Proposal

Our proposed budget for next year totals \$2.17 billion.

This includes a projected \$823.4 million dollar general fund. These dollars are used for day-to-day operations of the District and include the local option levy (\$114.7 million), which supports over 850 teacher positions; the Arts Education and Access Fund (\$4.5 million), which supports high-quality arts education; and our proposed reserves (\$43 million), which maintains a minimum reserve target of 5-10%, per our Board's policy.

It also includes a \$247.7 million special revenue fund. These funds are assigned for specific purposes, such as the one-time restricted funds from the Elementary and Secondary School Emergency Relief Act (ESSER) (\$36.3 million) or state Integrated Grant funds like the Student Success Act and Measure 98 (\$51.9 million).

Our 2023-24 proposed budget includes \$1.09 billion in capital projects and debt service funds. We thank Portlanders for supporting our bond program, celebrating ten years of modernizing Portland schools. These vital dollars support us in modernizing our high schools, adopting new curricula, and updating technology in classrooms for the twenty-first century.

Constraints

We have grown as a learning organization. We understand that a high-performing school system fundamentally emphasizes high-quality teaching and learning. We remain committed to equitably supporting our schools and students to realize our graduate portrait.

Our challenge is to honor those commitments within the constraints of this moment. We face rising expenses, limited revenue, and declining enrollment. Our general fund has remained flat, and we have fewer sources of special revenue. We must make prudent decisions to continue building on our successes.

This budget accomplishes this objective and keeps us moving forward.

Meeting Growing Student Needs

Our educators and school leaders understand that our current students have heightened academic and support needs. They also understand the importance of meeting those needs with an attention to equity and inclusion that has, historically, been lacking across Portland Public School.

The 2023-2024 budget takes steps to institutionalize two forces for equity. Following this year's visioning process, next year's budget includes plans to launch our Center for Black Student Excellence. Despite gains, our system continues to see achievement gaps among our Black students, and we're hopeful the Center will help address these. We also intend to hire a civil rights coordinator to ensure students are provided school environments free from discrimination, harassment, and bullying.

And we remain deeply committed to providing multi-tiered systems of support. We will continue to fund increased mental and behavioral health services, school counselors, school-based social workers, school psychologists, and substance abuse support. We will continue funding work to strengthen safety and security and create school-based restorative justice systems that address conflicts in our learning spaces.

You'll also see sustained commitment to both strengthen and extend learning. Most broadly, this budget continues to prioritize Student Success Teams, which offer space and time to consider how we meet each student where they are. It funds student attendance coaches, systems to track early warning indicators, and coordination to ensure on-time graduation. We also continue to work on challenging academic transitions - particularly the shifts from eighth to ninth grade and between twelfth grade and post-secondary options. On the other end of the spectrum, we know that a student's reading proficiency will impact all other education - so we must continue robust early literacy and dyslexia support. This budget funds high-dosage tutoring, expanded credit recovery options, and instructional specialists.

This budget also continues to fund a transformative racial equity agenda. That agenda includes partnerships with culturally-specific, community-based organizations on work such as summer programming, SUN services, and violence interruption. Through programs like Coach to Classroom, we will continue to develop our workforce so that our students have teachers and staff who look like them, share their lived experiences, and speak their languages. As we continue implementing our instructional framework, this budget ensures that equity remains a cornerstone of curricula selection and professional learning. Targeted learning acceleration for Black and Native students will continue during the school year and the summer as we strive to close persistent, generational, and unacceptable achievement gaps. We also continue to support student affinity groups and leadership opportunities for students of color.

School-Based Supports

To reach our lofty goals, we must increase instructional leadership capacity across the school system. That is why this budget proposes to invest in full-time school-based instructional coaches in every elementary, middle, and K-8 school, and to continue ensuring that principals receive professional learning sessions on instructional coaching.

In addition, each school will be awarded a site-based school improvement grant, ranging from roughly \$100,00 to \$120,000. These site-based grants, offered in direct response to school leaders and educators, will enable principals and their communities to make specifically-targeted investments to close student performance gaps. We're planning to align classroom staffing with our student population, and we'll continue using Integrated Grant funds to keep class sizes among the lowest in the state.

This budget continues to build the capacity for our educators and school leaders to do their best work. Investments in high-quality professional learning help school leaders and educators maximize the impact of our new curricula and instructional framework, and to teach with best practices. We focus on professional learning at our Comprehensive and Targeted Support and Improvement (CSI/TSI) schools. Educational assistants and paraeducators represent the additional capacity for our licensed educators, so we have preserved funding for those positions and their professional learning. We're also funding release time so educators have dedicated capacity for Student Success Teams, and we're continuing investments in full-time educational assistants for Title 1 kindergarten classrooms.

Teaching and Learning Excellence

As an educational institution, our core mission is to provide a high-quality teaching and learning experience to every single one of our students. Amazing educators, strong learning materials, and a [cohesive instructional framework](#) are at the heart of that. This year, we began operating with our new instructional framework and newly aligned curricula that are rigorous and standards-based. This budget continues that critical work in earnest and funds professional learning opportunities to bring that framework and our new curricula to life.

Closing

The most recent budgets I've submitted all reflect a need to address the COVID-19 pandemic. The previous three (20-21, 21-22, 22-23) have largely reflected direct impacts - but in this budget (23-24), we begin to see a shift. My proposal is informed by the impending end of one-time relief funds, students leaving public education and our district, and the shift in students' exhibited needs. These trends necessarily influence the direction of this budget and how we will manage our resources in coming years. As a broader community, we will need to keep a critical eye on our shifting enrollment and, perhaps, consider additional enrollment balancing, school consolidation and/or programming cuts in the near future.

But whatever complications we encounter, I believe in the brilliance of our students, and I'm continually inspired by the dedicated educators and staff with whom we work to realize our vision for PPS. Our school leaders, support staff, central staff, families, Board members, and community buoy the amazing work happening in our classrooms. Together, we can continue to meet the real challenges in front of us. We will continue to be guided by an equity-centered approach, one that strives to provide high-quality educational opportunities and the support needed for every PPS student to experience success.

To Board directors, I offer this proposed annual budget for your consideration. I believe it represents a comprehensive and coherent set of investments and activities that will keep our school system moving forward and on-route to accomplishing our shared goals.

DISTRICT GOALS AND OBJECTIVES

Overview

Portland Public Schools, founded in 1851, is a pre-kindergarten through twelfth grade urban school district in Portland, Oregon. Serving approximately 45,000 students in 81 schools and numerous programs, PPS is one of the largest school districts in the Pacific Northwest.

Visioning

In 2018-19, the District engaged in a process to define a new vision. The Board wanted to tap into the wisdom of our students, our educators, and our community to help re-imagine Portland Public Schools. The Vision for PPS focuses on what we want to be true for our graduates. The vision is a journey of ongoing creativity, learning, and improvement, and its boldness can speed progress by inspiring action and collaboration. This vision has been serving as our “North Star” guiding and aligning all of the District’s plans and innovations toward the same clear and ambitious goals.

Core Values are an organization’s enduring beliefs that remain constant over time. By making these values explicit through value statements and tethering them to a vision, an organization can articulate the ethical principles that guide action toward its vision:

Students at the Center

Honesty and Integrity

Respect

Creativity and Innovation

Grounded in the Spirit of Portland

Racial Equity and Social Justice

Excellence

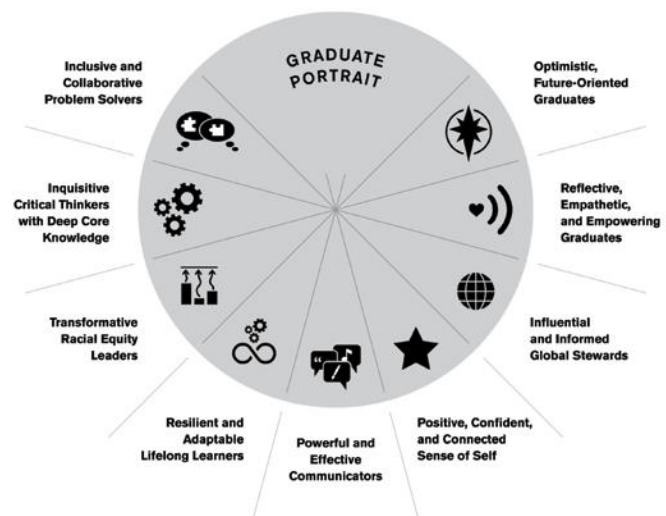

Relationships

Partnerships and Collaboration

Joyful Learning and Leadership

The Graduate Portrait is a clear and ambitious description of what the community wants its students to know, be and be able to do, in order to prepare them to thrive in their lives and careers. Our graduate portrait includes attributes needed to prepare students to understand, confront, and change a global social environment that includes racial injustice and systems that perpetuate oppression.

PPS is committed to advancing the Graduate Portrait elements for every student. The PPS community wants to be very intentional and proactive about increasing options for each and every student. The most significant implication of this commitment is the need to integrate design thinking and that considers the full range of human diversity with respect to ability, language, culture, gender, age and other differences.

The Educator Essentials are distilled from community-wide input regarding the knowledge, skills, mindsets and dispositions needed from adults to support the Graduate Portrait. The Educator Essentials include content and practice knowledge, along with the human-connectedness aspects of collaborating, supporting and teaching and learning. Beyond excelling in their own practice, PPS educators recognize the collective effort required for the success of every student and take responsibility for their roles in bringing about the Educational System Shifts.

The Educator Essentials apply to every adult working at PPS. They underscore how every adult’s contribution impacts students—directly or indirectly—and, therefore, impacts students’ success. In order to develop a

community of adults with these shared attributes, the school district is committed to helping every PPS adult understand their role in student learning, so that each person can translate the Educator Essentials to their own work and behaviors.

The Educational System Shifts are changes in the organization’s priorities and how it operates. They apply across the organization, from individual schools to the central-office department. They create conditions that support and encourage adults to model the **Educator Essentials** and the students to achieve the **Graduate Portrait**.

Systems are difficult to change. They are complex, with many interconnecting parts, and beliefs tend to become entrenched as structures and processes evolve. Those who benefit from a given system usually have power within it and actively thwart changes. Therefore, creating shifts require persistence, widespread buy-in, continuous improvement processes, and a demonstrated commitment to serve every individual student in the school system.

Theory of Action

The District has developed a theory of action:

If we braid Racial Equity and Social Justice strategies into our instructional core work with our students, teachers, and content, and build our organizational culture and capacity to create a strong foundation to support every student, then we will re-imagine Portland Public Schools to ensure every student, especially our Black and Native American students who experience the greatest barriers, to realize the Vision of the Graduate Portrait.

Strategic Plan

While the vision identifies the what and the why, the strategy that follows from the vision defines the how. **Four Strategic Themes** have been prioritized into a multi-year strategic plan that will lead to the District Goals and Strategies.

Board Goals

The PPS School Board adopted goals in the following areas for [2022-2027](#):

- Third Grade Reading
- Fifth Grade Mathematics
- Eighth Grade Readiness
- High School Graduation

These Board goals seek to close opportunity and outcome gaps. The Board has identified benchmarks along the Pre-K to 12 academic continuum. These benchmarks allow the District to gauge student progress towards realizing the Graduate Portrait.

Finance Mission

Support equitable outcomes for students through transparent stewardship of resources and effective financial processes and services, emphasizing collaboration, responsive customer service and continuous improvement.

Budget Goal

In 2019, the PPS Board of Education revised the District's policy on Reserve Funds (Board Policy 8.10.025) to establish a reserve in the General Fund ranging from 5% to 10% of annual General Fund revenues. The goal for the reserve will be set as part of the District's long-range financial plan, with an expectation that the District will achieve and sustain a 10% reserve.

DISTRICT STRATEGIC PLAN SUMMARY

Forward Together

2021–2025 Strategic Plan for
Racial Equity, Inclusion, and Excellence

Portland Public Schools reimagined—our vision—serves as our compass toward a shared “north star,” knitting together our community’s long-term aspirations for our graduates, educators, and the overall school system. *Forward Together: PPS’s 2021–2025 Strategic Plan for Racial Equity, Inclusion, and Excellence* is the first in a series of multi-year strategic plans for the district, outlining the important steps we’ll take on the road toward realizing our vision.

Thank you for your support and engagement as we roll up our sleeves to make our audacious strategic plan widely understood, relevant, and real, in order to ensure the success of everyone at Portland Public Schools.

1 Racial Equity and Social Justice

The focus areas of the plan are organized under four main themes:

As a community, we have an urgency to intentionally disrupt systems of oppression, because they are closely tied to disparities of access and educational outcomes, especially among our Black and Native American students. We have to attack racism and longstanding, structural inequities in our system. We have to remove barriers to teaching and learning. We have to create a sense of belonging for everyone. And we will establish a Center for Black Student Excellence, a constellation of built environments and a designated set of culturally responsive strategies that celebrate and advance Black student achievement at PPS. The issues of race, racism and racial equity are important to the strategic plan as a whole—and they suffuse other themes and action areas throughout. It is important that all stakeholders see opportunities to confront racism and promote equity in every element of our plan.

Strategic Outcomes

- Transform Structures for Racial Equity
- Reimagine Relationships and a Sense of Belonging
- Ensure Equitable Access to Facility Resources
- Cultivate a Culture of Racial Equity and Care
- Plan the Center for Black Student Excellence

2 Inclusive and Differentiated Learning for Every Child

We celebrate the diversity of our students, and are working to provide differentiated learning experiences and supports that meet every child where they are, work with their interests, and enable them to thrive at PPS. We have a significant population who have varying abilities that require special attention and programs. Many students with disabilities, and those with complex learning needs, were not well-served by COVID-19 virtual learning. We need to strengthen educational offerings for every student, including those with disabilities, and expand resources for their physical and emotional safety. And we must make learning relatable and relevant for real-world contexts—for jobs, technology, and challenges of the future—for every student.

Strategic Outcomes

- Develop an Integrated Instructional Framework
- Implement Multi-Tiered System of Supports
- Promote an Inclusive Mindset
- Design Learning Experiences that Promote Self-Directed, Future-Ready Learning
- Establish Systems and Structures for Inclusion
- Build the Advocacy Power of Students and Families of Students with Disabilities

3 Professional Excellence and Support

To become a world-class school district, we must hire talented people from diverse backgrounds and experiences. We also know that our world-class staff needs ongoing professional support and resources. This will require action across many forms, including better communication and coordination; career pathways for educators, building our educators' capacity in social and emotional support to students; and a culture of adult learning to accelerate student achievement.

Strategic Outcomes

- Develop a Diverse, High-Quality, and Thriving Workforce
- Advance Our Organizational Learning Culture and Practice

4 Embracing Change

We need to create and support a culture open to positive change—as a system. The way we solve problems systematically, the way we build a culture and approach to successfully manage our work, the way we build trust and promote empathy, the way we communicate within our system and to our stakeholders—all of these are actions that require constant refinement and improvement.

Strategic Outcomes

- Socialize Our Vision and Strategic Plan
- Embed System-Wide Data-Driven Continuous Improvement Practices
- Launch an Innovation Practice that Reimagines System Problem Solving
- Build a Collective Sense of Trust and Belonging
- Establish Exceptional Service Culture and Standards
- Cultivate and Promote Aligned Community Partnerships
- Establish a System-Wide Project Management Culture and Practice
- Implement a Proactive, Effective, and Creative Communication Practice
- Develop a Coherent System-Wide Community Engagement Approach

Our Vision

A graduate of Portland Public Schools will be a compassionate critical thinker, able to collaborate and solve problems, and be prepared to lead a more socially just world.

Our Mission

We provide rigorous, high-quality academic learning experiences that are inclusive and joyful. We disrupt racial inequities to create vibrant environments for every student to demonstrate excellence.

Our Theory of Action

If ... We braid Racial Equity and Social Justice strategies into our instructional core, work with our students, teachers, and content, and build our organizational culture and capacity to create a strong foundation to support every student...

Then ... We will reimagine Portland Public Schools to ensure every student, especially our Black and Native American students who experience the greatest barriers, realizes the Vision of the Graduate Portrait.

Student-centered Indicators

We will increase

- > Students who report increasing sense of belonging as measured by the Successful Schools Survey
- > Number of students on track for the Graduate Portrait milestones as expressed by the Graduate Portrait continuum

We will reduce

- > Opportunity gaps for Black and Native students by increasing numbers of students prepared for 1st grade as measured by an appropriate set of early learning indicators, and by our progress on our Board Goals
- > Disproportionate identification of students in Special Education, especially our Black, Native, and English Learner students
- > Disproportionality in exclusionary discipline measures for our Black and Native students

Students will

- > Report learning is more engaging and relevant for their future
- > Report their learning experiences support their understanding and attainment of the Graduate Portrait
- > Be able to self-assess growth on the Graduate Portrait, including an adapted Graduate Portrait for students with disabilities, using a developmentally appropriate continuum

Other Success Indicators Related to Educator Essentials and Implementation of Key Strategies

- > Increases in number of educators of color who are hired and retained, and in educators of color reporting feeling a sense of belonging
- > The regular use of Educator Essentials to self-assess professional growth
- > Data driven, continuous improvement practices evident at grade level, schools, departments, and district as a whole
- > Evidence that educators are aligning their work and professional learning to the Vision

BUDGET OVERVIEW

Background

Portland Public Schools is the largest school district in the state of Oregon. PPS serves approximately 45,000 students in pre-kindergarten through twelfth grade in 81 schools and numerous programs. PPS serves a population of students and families from economically, ethnically and racially diverse backgrounds. Educational services and programs provided include general and special education, career and technical education and a variety of alternative programs.

PPS is governed by a Board of Education composed of seven elected members serving four-year terms. Board members serve as community volunteers and do not receive compensation for their work. The Board is the policy-making body of the District and is responsible for determining the long-range direction of the District, calling for elections on bond proposals and approving the annual budget. The District's superintendent reports directly to the Board of Education.

Financial resources for the District are allocated between several individual funds, the largest of which is the General Fund. The General Fund is unrestricted and provides the majority of the District's operational budget for personnel, instruction and operating expenses.

General Fund resources largely come from state sources, which include both the permanent rate property taxes and the State School Fund (SSF) grant. Local sources of revenue primarily include property taxes, the Local Option Levy and Gap Tax. Revenues from the Local Option Levy and Gap Tax go directly to PPS and are excluded from the State School Fund formula.

The District imposes a total permanent tax rate of \$5.2781 that is made up of the original permanent rate of \$4.7743 and the gap portion of \$0.5038. The 2009 Oregon Legislature re-authorized the gap portion of the District's permanent tax rate limit and it is the difference between the 1990 Measure 5 limit and the 1997 Measure 50 limit on local property taxes.

The Local Option Levy funds teaching positions and classroom support. PPS first passed a five-year local option levy in 2011 and it was renewed in 2014 for another five years. The Local Option Levy will continue for a third five-year term thanks to our voters who approved a renewal in November 2019 with a rate of \$1.9900 per \$1,000 of assessed value. The District plans to seek voter approval to renew the Local Option Levy for an additional five-year term no later than May 2024.

Voter-approved bond measures are the primary source of funding for the District's major capital improvement projects, such as school modernization work. In November 2020, voters approved a \$1.20 billion school bond measure that allows PPS to continue the vital work of improving the health and safety of our aging school buildings with new roofs and mechanical systems, seismic retrofits, accessibility and security upgrades. The bond also includes modernization work at schools sites as well as investments in curriculum and technology.

In spring 2023, the District will be issuing an estimated \$420.0 million in General Obligation Bonds on the 2020 Authorization. This debt issuance is included in the 2023-24 Proposed budget.

Projected Outstanding Debt as of 6-30-2023: \$1.97 billion

Projected Outstanding Debt as of 6-30-2024: \$1.80 billion

Permanent Property Tax Rate: \$5.2781 per \$1,000 assessed property value

In 2019, the PPS Board of Education revised the District's policy on Reserve Funds (Board Policy 8.10.025) to establish a reserve in the General Fund ranging from 5% to 10% of annual General Fund revenues. The goal for the reserve will be set as part of the District's long-range financial plan, with an expectation that the District will achieve and sustain a 10% reserve.

Budget Preparation

Every year, the District develops an annual budget focused on using available resources to address PPS strategic and Board goals, core values, organizational priorities and obligations. As part of the budget development process for 2023-24, the budget process incorporated targeted community input, braiding the four overarching themes from our strategic plan, Forward Together, and best practices, to lay the foundation for improved student outcomes.

A key component of budget preparation is community engagement. PPS communities, including students and their families, staff, volunteers and many others, have guided the District's vision, Graduate Portrait, strategic plan and have informed key investments such as curricula and instructional framework adoption. Communities have identified gaps in programming and helped the District advance toward achieving of greater racial equity and social justice in our schools and programs.

Budgeting Highlights

The Board Goals

The PPS School Board adopted goals in the following areas in June 2022 for 2022-2027:

- Third Grade Reading
- Fifth Grade Mathematics
- Eighth Grade Readiness
- High School Graduation

These Board goals seek to close the opportunity and outcome gaps between students of color and their white peers. The Board has identified a set of benchmarks along the pre-Kindergarten through twelfth grade academic continuum. These benchmarks allow the District to gauge student progress towards realizing the Graduate Portrait.

Forward Together: The Strategic Plan's Four Themes

The District focus is described in the strategic plan, Forward Together. It describes a set of collective and coherent actions and goals that, taken together, will set in motion the changes needed to bring our vision to fruition. The strategic plan is organized in four themes:

- Racial Equity and Social Justice
- Inclusive and Differentiated Learning for Every Child
- Professional Excellence and Support
- Embracing Change

Aligning for Student Success: Integrated Grants

Through Aligning for Student Success, the Oregon Department of Education has integrated six initiatives: High School Success, Student Investment Account, Continuous Improvement Planning, Career and Technical Education, Every Day Matters and Early Indicator and Intervention Systems. PPS expects to receive about \$51.9 million from Integrated Grant funding for the 2023-24 school year. This funding supports the District's capacity to meet strategic goals, Board goals, improve access to career and technical education and eliminate opportunity gaps.

ESSER Federal Relief Dollars

The District estimates \$36.3 million in pandemic-related federal relief will be available in 2023-24. The ESSER plan for the 2023-24 school year was informed by community engagement and is focused on the District's core needs. These dollars will be deployed to support instructional priorities, including implementing our Instructional Framework with Multi-Tiered Systems of Support.

General Obligation Bonds Sale

The District sold \$365.5 million in General Obligation Bonds, Series 2020B, in December of 2020 to support the first phase of the facilities modernization, security improvements, Americans with Disabilities Act (ADA) upgrades, technology and curriculum work outlined in the 2020 bond authorization.

The District plans to issue an estimated \$420.0 million in General Obligation Bonds on the 2020 Authorization in spring of the 2022-23 fiscal year. This debt issuance is included in the budget for 2023-24.

The School Staffing Balancing

The PPS staffing model uses enrollment projections to determine the school staffing allocation and provides:

- Each school, especially small schools and those with underserved student populations, with an adequate number of teachers;
- Instruction for core programming and state PE and health requirements;
- Equity funds that are put to best and highest use;
- Principals have significant control over school budgets, transforming how the central office collaborates with administrators at each school site;
- Compliance with Oregon Local Budget Law (ORS 294);
- Budget account codes that align with the state's required chart of accounts for expense functions, objects, areas and locations;
- All direct and indirect costs by subject, grade level, organization and school are accounted for.

The Meritorious Budget Award for the 2022-23 Adopted Budget

PPS received a Meritorious Budget Award from the Association of School Business Officials International for the 2022-23 budget for providing:

- A comprehensive and quality document, including a wealth of graphic and narrative information, reflecting hard work and transparency;
- Excellent spreadsheets, charts, and graphs to help the reader fully grasp the data presented;
- User-friendly and relevant information for community members and average taxpayers, with abundant data to meet varied readers' needs.

Budget Overview

This year's budget will be the first year of the Oregon Legislature's biennial budget cycle for 2023-25. PPS has based the budget on state funding of a \$9.9 billion State School Fund, \$929.8 million Student Investment Account (SIA) and \$176.8 million High School Success allocation.

PPS is proposing a budget of \$2.17 billion for 2023-24 and is using all available resources to meet the Board goals and priorities set forth by PPS leadership.

The 2023-24 budget is focused on:

- The core needs of students:
 - ▶ Meeting students' mental and behavioral health needs
 - ▶ Learning acceleration
 - ▶ Wraparound supports
- Increasing academic achievements and reducing academic disparities for:
 - ▶ Black, Indigenous, and Students of Color
 - ▶ Students with disabilities
 - ▶ Emerging bilingual students
 - ▶ Students navigating poverty, homelessness, foster care, and students that have historically experienced disparities in our schools

Budget Assumptions

Revenues

The District's estimate of available resources in 2023-24 is based on the following assumptions:

- The District Average Daily Membership Weighted (ADMw) is projected to be 52,720.
- The estimated SSF distribution is based upon a \$9.9 billion state budget for K-12 education funding to be distributed at 49/51% split over two years with PPS' share of the first year being \$253 million.
- The estimated overall property tax and local option revenue to be collected by the District during 2023-24 is approximately \$596.6 million and is based upon an approximate 5% growth factor for property taxes, an approximate 5% for local option and an estimated 96% collection rate based on historical receipts.
- The District's General Fund beginning fund balance, considered a resource in the budget process, is estimated to be \$86.6 million on July 1, 2023.
- The Multnomah Education Service District (MESD) pass through or "Transit" dollars anticipated for 2023-24 is \$3.5 million. It is based upon changes to the service plan selection and will be refined through the budget process and throughout the year, depending on student needs and available funding.
- Funding from the passage of the three rounds of Federal COVID stimulus funding, including the American Rescue Plan Act, provided PPS and its partners an estimated \$115 million in funding via the Elementary and Secondary School Emergency Relief (commonly known as ESSER I, II and III). The District is projecting approximately \$36.3 million in remaining funds to deploy in July 2023 through September 2024 from ESSER III (having spent down ESSER I and II).

Expenses

The District's 2023-24 plans are based on a number of projected expenditures with labor costs being the largest expense.

It is important to note that the committed contingency amounts identified in the budget are to cover a variety of items, such as:

- Staffing for enrollment in excess of projections
- Unforeseen expenses

The proposed expenditures for 2023-24 are based upon the following assumptions:

- The salary schedules for each labor group are established by existing agreements.
- The Public Employees Retirement System (PERS) Board released the contribution rates for the biennium beginning July 1, 2023:
 - ▶ Portland Public Schools is anticipating a 0.0% PERS contribution rate with no direct payment to PERS. However, the District will have debt service payments on bonds issued to address PERS Unfunded Actuarial Liability (UAL).
 - ▶ The PERS Unfunded Actuarial Liability (UAL) requires a fringe rate of 16.46% applied to PERS eligible payroll, up from 15.56% in 2022-23.
- Other employer labor costs are based on the assumption of the group health insurance negotiated amount and the following: 7.65% FICA, 0.77% Workers' Compensation, 0.19% Other Employer Benefits, 0.59% Retiree Health Insurance, 0.16% Early Retirement, a self-funded unemployment rate of 0.10%, and a Paid Family Medical Leave (PFML) rate of 0.40%.

2023-24 BUDGET

The budget presented in this document represents the financial plan for PPS. It is balanced and contains estimates of the revenues and expenditures needed to support the program offerings of the District for a single year. In total, it demonstrates the District's strategies and operational requirements to serve PPS students during the 2023-24 school year.

Due to the time restriction between developing the 2023-24 Proposed Budget and the approval by the Board of Education of an amendment to the 2022-23 Adopted Budget, all comparisons are between the 2023-24 Proposed Budget and the 2022-23 Adopted Budget. There were notable changes within appropriations to the 2022-23 Adopted Budget, including the allocation of additional staff at school sites. See additional information in Volume 2.

The total combined budget, including all funds, increased 15.3% or about \$288.3 million, from \$1.88 billion in 2022-23 to \$2.17 billion in 2023-24, including a contingency of \$48.4 million and an ending fund balance of \$26.3 million.

Total Resources

Total resources in the 2023-24 budget include federal, state, intermediate and local sources as well as long-term debt receipts, interfund transfers, and beginning fund balance. The proposed revenue in 2023-24 for all funds is \$2.17 billion and represents an increase of \$288.3 million from the 2022-23 budget.

Beginning Fund Balance contributes the largest portion of resources for all funds with \$574.2 million or 26.4%. Local Sources (property taxes) represent the largest resource for the District at \$487.6 million, or 22.5% of the District's total resources.

Total Requirements

The 2023-24 Proposed Budget expenditures for all funds represent a \$288.3 million increase as compared to the 2022-23 Adopted Budget.

Expenditures are categorized by major function and major object.

- Major functions include instruction, support services, enterprise and community services, facility acquisition and construction, debts, transfers out, contingency and ending fund balance. Facilities acquisition and construction represents the largest budget category at \$831.7 million or 38.3% of all funds. Instruction is the second largest budget category at \$519.5 million or 23.9%. Support Services is the third largest budget category at \$454.3 million or 20.9% of all funds.

* Beginning Fund Balance may not equal the prior year's Budgeted Ending Fund Balance, as Ending Fund Balance is not budgeted in some Funds.

Contingencies and Unappropriated Ending Fund Balance

Contingencies are reserved for expenditures that cannot be foreseen and planned in the budget process because of the occurrence of an unusual or extraordinary event. From 2022-23 to 2023-24, total budgeted contingency will decrease by 13.6% from \$56.0 million to \$48.4 million. The federal grant funds that the District will receive include a fee that is assessed as the money is drawn. The contingency is the portion of the allocation that the District may not draw down next year.

Ending fund balance is an estimate of funds needed to maintain operations of the District from July 1 of the ensuing fiscal year to the time when sufficient new revenues become available to meet cash flow needs of the fund. No expenditure shall be made from the unappropriated ending fund balance in the year in which it is budgeted. Total budgeted ending fund balance will decrease from \$46.5 million in 2022-23 to \$26.3 million in 2023-24.

The General Fund Budget

General Fund

The General Fund increased by 2.4%, or \$19.4 million from almost \$804.1 million in 2022-23 to \$823.4 million in 2023-24, including a contingency of \$43.1 million.

General Fund Resources

In 2023-24, the proposed resources for the General Fund total \$823.4 million, an increase of \$19.4 million, compared to 2022-23.

The 2023-24 resources budget includes property taxes, local option property taxes, local, intermediate, state, interfund transfers and other sources. The primary sources of revenue for the General Fund are Property Taxes Other Than Local Option totaling \$329.7 million or 40.0%, State Sources totaling more than \$259.9 million or 31.6%, and Local Option Property Taxes totaling almost \$114.7 million, or 13.9% of all sources.

General Fund Requirements

The 2023-24 proposed requirements for General Fund increased by \$19.4 million, or 2.4%, compared to the 2022-23 budget.

Expenditures are categorized by major function and major object.

- Major functions include classroom instruction, support services, enterprise and community services, facility acquisition and construction, debts, transfers out, contingency and ending fund balance. Classroom instruction is the largest budget category at \$411.6 million or 50.5% of the General Fund. Support services is the second largest budget category at almost \$362.8 million or 44.1% of the General Fund.

Percent of Requirements by Major Function - General Funds

- **Major objects** include salaries, payroll benefits, purchased services, supplies and materials, capital outlay, other objects, transfers and reserves. Salaries and associated payrolls costs are the largest budget category at almost \$640.7 million, or 77.8% of the General Fund.

Percent of Requirements by Major Object - General Funds

Special Revenue Fund

The budget reflects projected 2023-24 grant revenues and expenses as well as projected carry-forward to be used from July 1 to September 30 due to the grants operating on a federal fiscal year of October 1 through September 30. The Special Revenue Fund is expected to decrease by \$63.6 million or 20.4% in 2023-24 from 2022-23. This includes spending remaining Elementary and Secondary School Emergency Relief Funds (ESSER) one-time federal grant resources.

Percent of Resources by Major Object - 200 - Special Revenue Funds

Debt Service Fund

The Debt Service Fund is expected to grow by 6.2%. Debt repayment schedules have been structured to grow with assessed property values in an effort to keep millage rates stable over the life of the debt. Total resources in this fund are expected to grow from almost \$242.4 million in 2022-23 to \$257.3 million in 2023-24. These resources will be used to pay down principal and interest on current debt.

Capital Projects Fund

The Capital Projects Fund is expected to increase by 61.4%, or \$317.2 million from 2022-23 to 2023-24. As construction projects develop, future bond sales will be appropriately recorded in accordance with Oregon Budget Law and District policy.

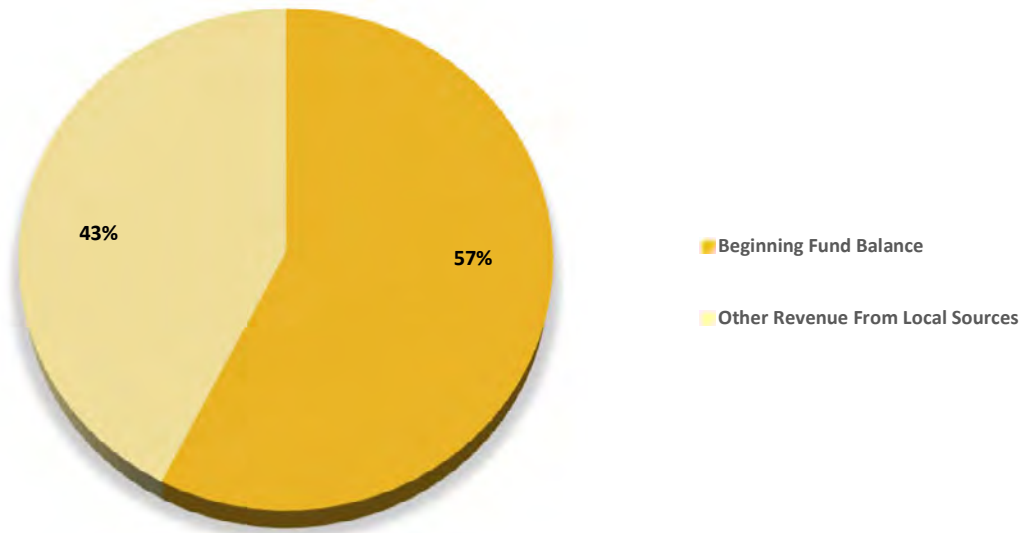

Percent of Resources by Major Object - 400 - Capital Projects Funds

Internal Service Fund

Resources in the Internal Service Fund are expected to increase by 3.9% in 2023-24 from 2022-23. Fund 601 is the only sub-fund currently budgeted to the Internal Service Fund and it serves as a Self-Insurance Fund for Workers' Compensation.

STATE SCHOOL FUND GRANTS AND PROPERTY TAX REVENUES

State School Fund and property taxes are primary sources of Portland Public Schools' Operating Fund, General Fund. The Legislature determines how much money is available from State sources such as income taxes, and local sources primarily property taxes.

State School Fund (SSF)

The State School Fund was created in response to the requirement that the state replace school tax revenue lost under Measure 5. The legislature created the State School Fund (SSF) and established an equalization formula to allocate revenue to schools on a weighted per-student basis.

State School Fund is calculated based on enrollment. A per-student amount consists of two different enrollment numbers: average daily membership, resident (ADM_r) and average daily membership, weighted (ADM_w). The ADM_r number represents the average number of students enrolled in Portland Public Schools on a daily basis. The ADM_w is an adjusted number to compensate for the high costs of educating certain groups of students, such as English Language Learners, special education, pregnant or parenting, income at or below poverty and students in foster care.

The enrollment chart shows the actual October enrollment by year along with the middle projection provided by Portland State University's Population and Research Center (PRC). After seeing large enrollment declines with the COVID-19 pandemic from 2019-20 to 2021-22, enrollment has generally stabilized. Enrollment is still expected to decline, but not at the rate experienced during the pandemic.

Property Taxes

Property taxes from each school district's permanent rate are deducted from the General Purpose Grant to determine the amount the school

district will receive from the State School Fund Grant. However, the property taxes from the 2009 Legislature gap bond and local option levy are excluded from the per student state school funding calculations.

Property owners are taxed on the combined rates of education and debt service to repay bond expenses from Measure 5. The permanent Property Tax Rate for Portland Public Schools is \$5.2781 per \$1,000 of assessed value.

Assessed values are limited to 3% increases a year unless there is new construction. Even if the market value is reduced, the assessed value can still go up by 3%. If the assessed value "catches up" to market value, it can only increase if the market value increases.

The permanent tax rates are determined by the State of Oregon Constitution and State Statutes. Existing districts cannot increase their permanent rate authority. Rates for debt services are set based on each year's requirements. For more information on the Gap Tax please see

<https://www.oregonlegislature.gov/lro/Documents/report%205-99.pdf>

The taxes levied are based upon the tax collection year July 1 to June 30.

SCHOOL STAFFING CHANGES

Beginning in 2019-20, in an effort to transform school and student achievement, differentiated levels of supports and resources were allocated to the schools with the greatest needs. Schools designated as Title I, Comprehensive Supports for Improvement (CSI), or Targeted Supports for Improvement (TSI) are considered those with the highest needs. CSI and TSI are federally required designations under the Every Student Succeeds Act (ESSA). The schools designated as CSI and TSI changed for 2023-24, but the main supports and resources provided to schools designated as Title I, CSI, or TSI did not change. Additional supports were also allocated to schools that were no longer designated as Title I, CSI, or TSI for 2023-24, in order to mitigate the loss of supports for which they would not qualify for without designation.

School staffing for 2023-24 was based on projected October 2023 enrollment, which primarily uses the actual October 2022 enrollment as the base, with adjustments made for population and housing changes and the grade progression rates at each school. The Southeast Guiding Coalition changes were also incorporated into the school staffing for 2023-24, which includes boundary and program changes at numerous schools, the conversion of a K-8 to separate Elementary and Middle Schools, and the merging of a focus option program with a school. After seeing large enrollment declines with the COVID-19 pandemic, enrollment has generally stabilized. Enrollment is still expected to decline, but not at the rate experienced during the pandemic. During the pandemic, enrollment-related staff losses that schools would have seen were offset using Elementary and Secondary School Emergency Relief Fund (ESSER) grant funds. For 2023-24, with a decline in ESSER grant funds, schools are being staffed to align with projected enrollment. The ESSER grant funds were also used to fund the Online Learning Academy during the pandemic and that program will be closing at the end of the 2022-23 school year. For 2023-24, all schools received over \$100,000 for school improvement to spend down the remaining ESSER funds in a more equal way.

In addition to the ESSER funded school improvement grants, the main priorities for the 2023-24 school staffing are to continue previous targeted investments, continue the improved K-8 class size staffing thresholds set in 2022-23, revise the comprehensive middle school staffing formula, and add Instructional Coaches to all schools.

English Language Development (ELD) Staffing

There were no formula changes to the English Language Development staffing for 2023-24.

Special Education (SPED) Staffing

The only formula change to the Special Education staffing for 2023-24 is the School Psychologist allocation. Previously the School Psychologist allocation was based on the total number of Special Education students at the school. New for 2023-24, the allocation is now based on the total school enrollment. All other special education staffing formulas remain the same as they were in 2022-23.

CAPITAL PROJECTS SUMMARY FOR 2023-24

In November 2012 and May 2017, Portland voters overwhelmingly supported capital improvement bonds totaling nearly \$1.30 billion to upgrade PPS schools. In November of 2020, Portland voters supported a third capital improvement bond totaling \$1.20 billion.

The 2012 School Building Improvement Bond, totaling \$482 million, enabled the district to make improvements in more than 51 schools, including seismic, accessibility and science classroom upgrades. In addition, Franklin, Roosevelt and Grant High Schools were modernized and Faubion PK-8 was completely rebuilt. All planned work is complete; some minor funds remain that may be used for bond-compensable projects once all other project funding reconciliations are complete.

The \$790 million May 2017 Health, Safety and Modernization Bond is currently underway. McDaniel High School (formerly known as Madison High School) has been completely modernized and a new Kellogg Middle School has been built, with both opening to students in Fall 2021. The new Lincoln High School opened to students in fall 2022; work on the Lincoln High School track and fields will be completed in 2023. Construction on the modernized Benson Polytechnic High School will continue in 2023-24. Roughly 75% of the 2017 Bond funding set aside for health and safety projects across the District has been spent, but projects addressing lead paint, asbestos, and roof replacements will continue in 2023-24.

The \$1.2 billion November 2020 School Bond is now allowing PPS to continue the work of improving the health and safety of our aging school buildings with new roofs and mechanical systems, seismic retrofits, accessibility upgrades, improved Special Education learning environments, and security upgrades. Large capital projects, including the modernization of Jefferson High School, the Center for Black Student Excellence, and a new Multiple Pathways to Graduation building (on the Benson campus) are progressing. The modernization planning and design of Cleveland High School, Ida B Wells High School, and additional capacity at Roosevelt High School will start in 2023-24. Health and safety projects have been in construction since 2021 and will continue forward over the next year. Adoption of new curricula and deployment of technology upgrades have also been underway since 2021 and will continue apace in 2023-24. ORGANIZATIONAL SECTION

ORGANIZATIONAL SECTION

The organizational section is comprised of general information about the District and its budget, including the level of education provided, geographic area served, and number of schools and students. Also included in this section are significant budget and financial policies, procedures and regulations as well as a detailed description of the budget process.

THE DISTRICT AND THE COMMUNITY

General Information

Established in 1851, Portland Public Schools is the largest and oldest school district in the State of Oregon. Located in Northwestern Oregon at the confluence of the Columbia and Willamette Rivers, the District covers an area over 152 square miles. The district boundaries include portions of the cities of Portland (pop. 641,162), Lake Oswego (pop. 40,411), and Milwaukie (pop. 20,946), based on the July 2021 data from the U.S. Census Bureau, Population Estimates Program (PEP). The District owns and maintains over 100 campuses (schools and other uses) with more than 300 buildings and a total floor area of more than 9 million square feet. Please see Volume 2 for building location, age, and grade level information.

The Portland Public School District Board, elected by a majority of the voting electorate, is the governing body responsible for the District's public decisions. The seven member Board has oversight responsibility and control over all activities related to the District. The Board is accountable for all fiscal matters that significantly influence operations.

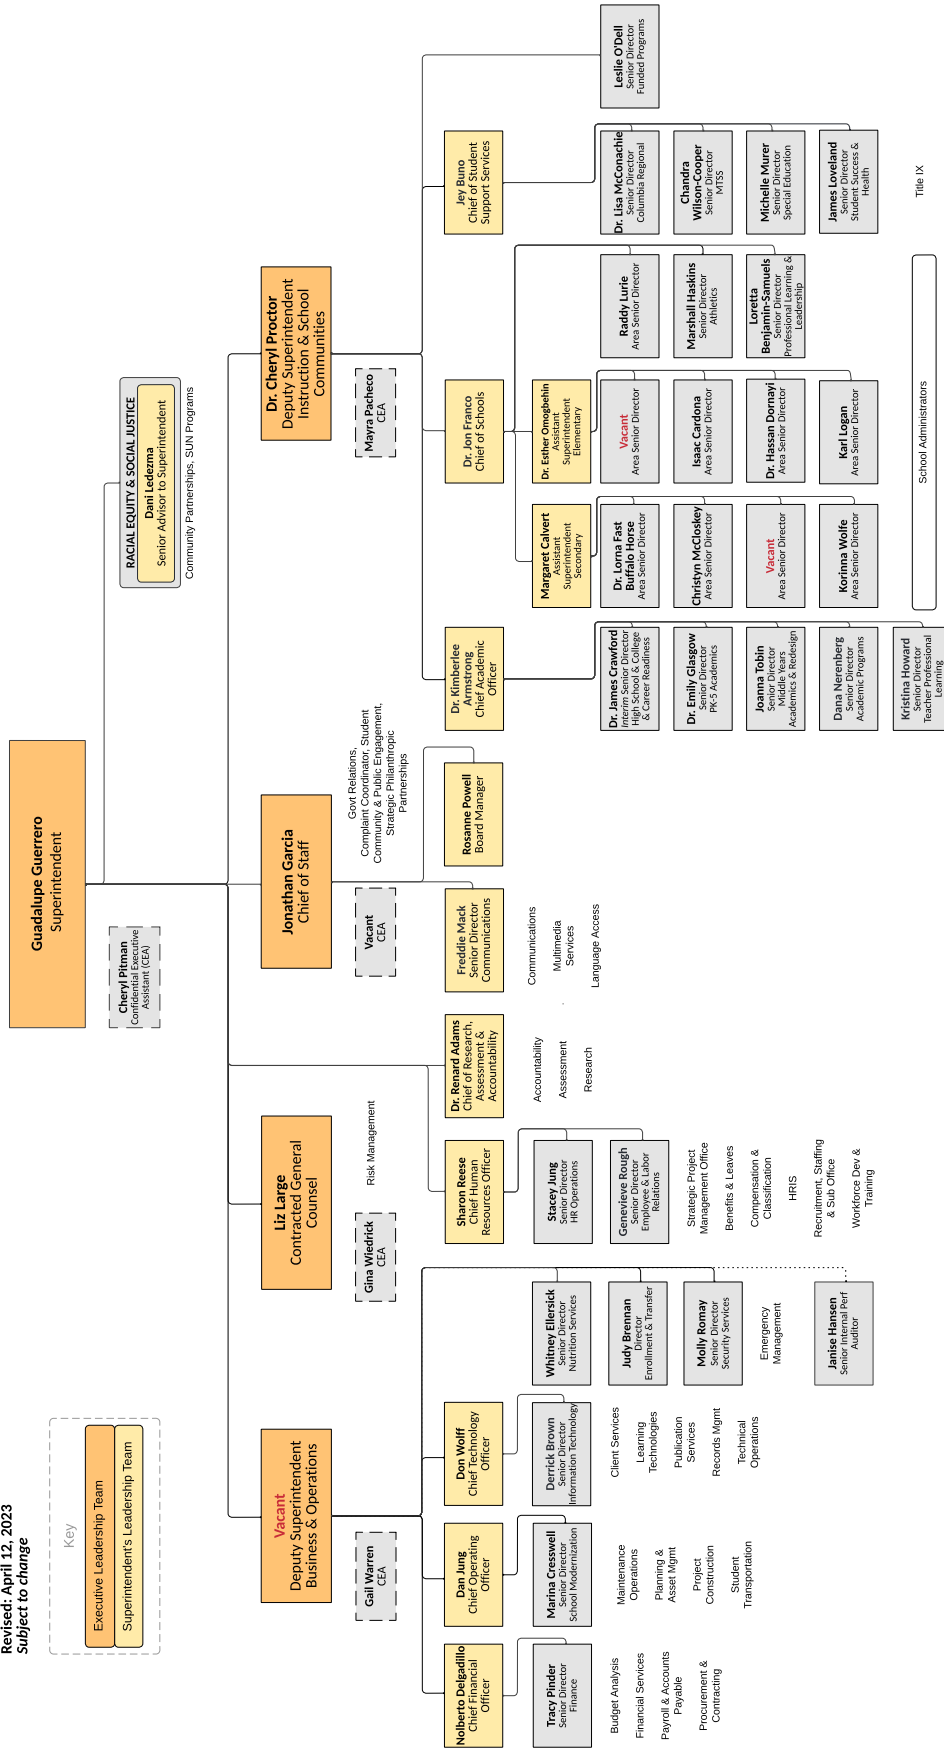

ORGANIZATIONAL CHART

PORTLAND PUBLIC SCHOOLS
2022-23 PPS Leadership Staff

THE BOARD OF EDUCATION

The Board of Education (also referred to as School Board or Board) is the chief governing body of the District and is accountable for all fiscal matters that significantly affect operations. Its seven elected members establish and oversee the District's policies, and appoint the Superintendent of the District.

The School Board establishes guidelines and regulations concerning organization, general policies, and major plans and procedures for the District. They are legally responsible for the education of all children residing within the 152-square-mile school district. The Board requires the Superintendent to manage the budget, direct over 8,000 employees, supervise approximately 45,000 students, and make recommendations on the operation of the District.

The School Board holds twice monthly regular meetings to consider, discuss, and determine District direction on a wide range of issues. Special meetings or work sessions are held as needed to discuss specific topics. Meeting dates may be obtained at <http://www.pps.net/Page/1679> under the Board Calendar and Public Notices links.

Voters living within District boundaries (including most of the City of Portland and portions of unincorporated Multnomah, Clackamas, and Washington Counties) elect Board members by zones. School Board members serve four-year terms without compensation and may be reelected. School Board Student Representatives, selected by the Superintendent's Student Advisory Committee, serve as unofficial voting members for one year to represent the students and to report on various activities.

PORTLAND PUBLIC SCHOOLS 2022-23 Attendance Areas and Schools

Portland Public Schools is the largest of six school districts within the city of Portland, educating approximately 45,000 students. Every K-12 student has a neighborhood school based on home address.

General information: www.pps.net, 503-916-2000
 Detailed School Boundaries: www.pps.net/map
School Boundaries Do Not Reflect City or County Lines

Map Notes:

Rigler is a Spanish Immersion School, with the option to attend Scott Elementary. Rigler students attend either Beaumont MS for Spanish Immersion or Roseway Heights MS.

Benson HS is temporarily located at the Marshall site and will reopen in 2024
 The Willamette River is a functional boundary for all attendance areas.

Forward Together

2021–2025 Strategic Plan for
Racial Equity, Inclusion, and Excellence

Portland Public Schools reimagined—our vision—serves as our compass toward a shared “north star,” knitting together our community’s long-term aspirations for our graduates, educators, and the overall school system. *Forward Together: PPS’s 2021–2025 Strategic Plan for Racial Equity, Inclusion, and Excellence* is the first in a series of multi-year strategic plans for the district, outlining the important steps we’ll take on the road toward realizing our vision.

Thank you for your support and engagement as we roll up our sleeves to make our audacious strategic plan widely understood, relevant, and real, in order to ensure the success of everyone at Portland Public Schools.

1
Racial Equity and Social Justice

The focus areas of the plan are organized under four main themes:

As a community, we have an urgency to intentionally disrupt systems of oppression, because they are closely tied to disparities of access and educational outcomes, especially among our Black and Native American students. We have to attack racism and longstanding, structural inequities in our system. We have to remove barriers to teaching and learning. We have to create a sense of belonging for everyone. And we will establish a Center for Black Student Excellence, a constellation of built environments and a designated set of culturally responsive strategies that celebrate and advance Black student achievement at PPS. The issues of race, racism and racial equity are important to the strategic plan as a whole—and they suffuse other themes and action areas throughout. It is important that all stakeholders see opportunities to confront racism and promote equity in every element of our plan.

Strategic Outcomes

- Transform Structures for Racial Equity
- Reimagine Relationships and a Sense of Belonging
- Ensure Equitable Access to Facility Resources
- Cultivate a Culture of Racial Equity and Care
- Plan the Center for Black Student Excellence

2
Inclusive and Differentiated Learning for Every Child

We celebrate the diversity of our students, and are working to provide differentiated learning experiences and supports that meet every child where they are, work with their interests, and enable them to thrive at PPS. We have a significant population who have varying abilities that require special attention and programs. Many students with disabilities, and those with complex learning needs, were not well-served by COVID-19 virtual learning. We need to strengthen educational offerings for every student, including those with disabilities, and expand resources for their physical and emotional safety. And we must make learning relatable and relevant for real-world contexts—for jobs, technology, and challenges of the future—for every student.

Strategic Outcomes

- Develop an Integrated Instructional Framework
- Implement Multi-Tiered System of Supports
- Promote an Inclusive Mindset
- Design Learning Experiences that Promote Self-Directed, Future-Ready Learning
- Establish Systems and Structures for Inclusion
- Build the Advocacy Power of Students and Families of Students with Disabilities

3
Professional Excellence and Support

To become a world-class school district, we must hire talented people from diverse backgrounds and experiences. We also know that our world-class staff needs ongoing professional support and resources. This will require action across many forms, including better communication and coordination; career pathways for educators, building our educators' capacity in social and emotional support to students; and a culture of adult learning to accelerate student achievement.

Strategic Outcomes

- Develop a Diverse, High-Quality, and Thriving Workforce
- Advance Our Organizational Learning Culture and Practice

4
Embracing Change

We need to create and support a culture open to positive change—as a system. The way we solve problems systematically, the way we build a culture and approach to successfully manage our work, the way we build trust and promote empathy, the way we communicate within our system and to our stakeholders—all of these are actions that require constant refinement and improvement.

Strategic Outcomes

- Socialize Our Vision and Strategic Plan
- Embed System-Wide Data-Driven Continuous Improvement Practices
- Launch an Innovation Practice that Reimagines System Problem Solving
- Build a Collective Sense of Trust and Belonging
- Establish Exceptional Service Culture and Standards
- Cultivate and Promote Aligned Community Partnerships
- Establish a System-Wide Project Management Culture and Practice
- Implement a Proactive, Effective, and Creative Communication Practice
- Develop a Coherent System-Wide Community Engagement Approach

EMBRACING CHANGE

Our Vision

A graduate of Portland Public Schools will be a compassionate critical thinker, able to collaborate and solve problems, and be prepared to lead a more socially just world.

Our Mission

We provide rigorous, high-quality academic learning experiences that are inclusive and joyful. We disrupt racial inequities to create vibrant environments for every student to demonstrate excellence.

Our Theory of Action

If ... We braid Racial Equity and Social Justice strategies into our instructional core, work with our students, teachers, and content, and build our organizational culture and capacity to create a strong foundation to support every student...

Then ... We will reimagine Portland Public Schools to ensure every student, especially our Black and Native American students who experience the greatest barriers, realizes the Vision of the Graduate Portrait.

Student-centered Indicators

We will increase

- > Students who report increasing sense of belonging as measured by the Successful Schools Survey
- > Number of students on track for the Graduate Portrait milestones as expressed by the Graduate Portrait continuum

We will reduce

- > Opportunity gaps for Black and Native students by increasing numbers of students prepared for 1st grade as measured by an appropriate set of early learning indicators, and by our progress on our Board Goals
- > Disproportionate identification of students in Special Education, especially our Black, Native, and English Learner students
- > Disproportionality in exclusionary discipline measures for our Black and Native students

Students will

- > Report learning is more engaging and relevant for their future
- > Report their learning experiences support their understanding and attainment of the Graduate Portrait
- > Be able to self-assess growth on the Graduate Portrait, including an adapted Graduate Portrait for students with disabilities, using a developmentally appropriate continuum

Other Success Indicators Related to Educator Essentials and Implementation of Key Strategies

- > Increases in number of educators of color who are hired and retained, and in educators of color reporting feeling a sense of belonging
- > The regular use of Educator Essentials to self-assess professional growth
- > Data driven, continuous improvement practices evident at grade level, schools, departments, and district as a whole
- > Evidence that educators are aligning their work and professional learning to the Vision

POLICIES AND REGULATIONS

The Budget Process

The budget is developed by incorporating input from the Board of Education, the Superintendent and staff, the public, and information from the State Legislature regarding the funding level of the State School Fund (SSF).

Board Discussion and Community Engagement

During the course of the year the Board held work sessions, committee presentations, and discussions on a number of program topics which included information about budget implications and possibilities.

Local Budget Law

Budgeting in Oregon is governed by Local Budget Law, Chapter 294 of the Oregon Revised Statutes. The law has two major objectives:

- To provide standard procedures for preparing, presenting, and administering local budgets
- To ensure community involvement in the preparation of the budget

Local Budget Law provides a method of estimating revenues, expenditures and proposed taxes for all major funds and offers an approach for outlining the programs and services to be provided by the schools to implement fiscal policies and financial decisions.

The structure of school budgets in the State of Oregon is further defined by the Oregon Department of Education (ODE). ODE, through the administrative rule process, defines the structure of the budget and the classification system to be used; guidance is published in the Program Budgeting and Accounting Manual (see below). The budget forms defined by ODE present the planned Resources and Requirements the District budgets to carry out its educational mission.

Further information on specific requirements for the budget process and budget document may be found at the Tax Supervising Conservation Commission (TSCC) website - <http://www.tscmultco.com/>.

Detail on ODE requirements can be found in the Oregon Administrative Rules (OAR), at: <https://secure.sos.state.or.us/oard/ruleSearch.action>

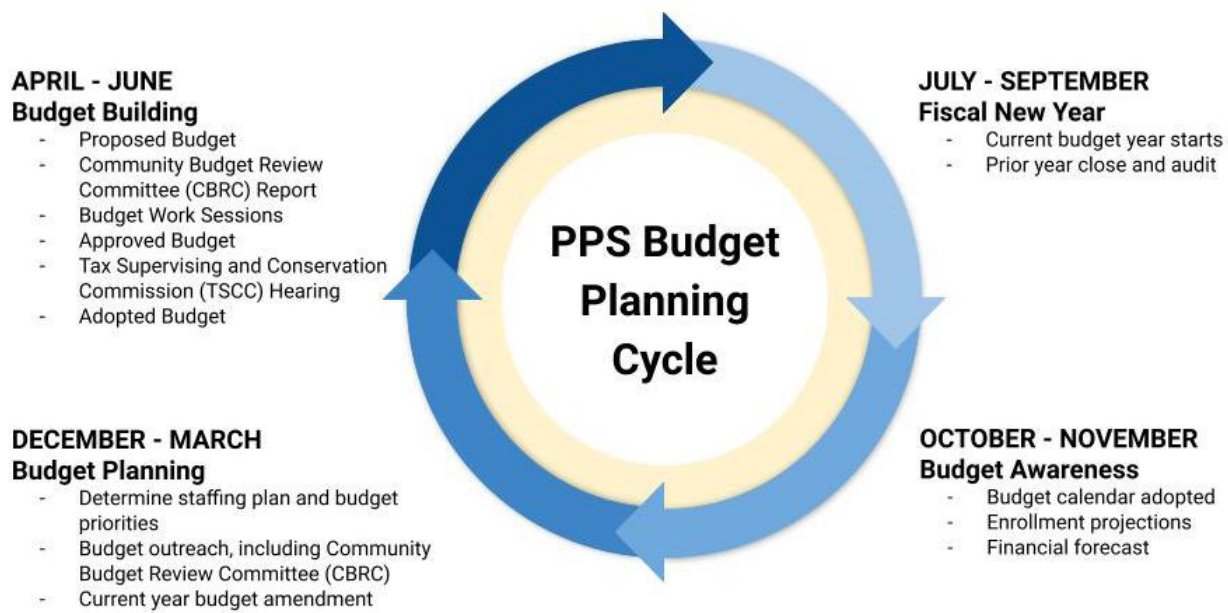

Budgeting is a Continuous Process

Budgeting is a continuous process taking almost 24 months to complete a cycle. The budgeting process has various phases with three distinct products:

- **Proposed Budget** - Staff works to assist the Superintendent and to prepare a proposed budget for the upcoming fiscal year. In addition to staff work, the Superintendent provides regular updates and leads discussions with the Board, as well as listening sessions at public meetings to gather community input. The Proposed Budget is the product of an extensive, collaborative process of budget development, analysis, and revision, which builds upon work done in reviewing programs and developing new plans for delivering services to students and families. The outcome is the Superintendent's Proposed Budget document, also called the Budget Book.
- **Approved Budget** - The Board, sitting as the Budget Committee, reviews and discusses the Proposed Budget. The Budget Committee refines the Proposed Budget and votes to approve a budget and impose property taxes. This stage also involves budget review and input from the

Community Budget Review Committee. This committee performs separate review and analysis of the Proposed Budget and provides recommendations to the Board acting as the Budget Committee. This phase of budget development requires public participation and at least one public hearing. The Approved Budget is passed to the TSCC for its review and certification.

- **Adopted Budget** - The District's Approved Budget is reviewed and certified by the TSCC. Unique to Multnomah County, the TSCC is a five-member board appointed by the Governor that reviews the budgets of all governmental jurisdictions in Multnomah County. The Commission, following standard procedures established by the State Department of Revenue, is responsible for ensuring the District budget complies with local budget law. The TSCC certifies the Approved Budget after review. Successful completion of that action includes a public hearing held by TSCC. The Board further refines the budget prior to final adoption in late June, but no later than June 30. The Board, as a governing body, votes to adopt the Budget, levy taxes and appropriate funds. The outcome is a legally adopted budget published as the Budget Book.
- **Amending the Budget** - Local Budget Law defines procedures and controls on allowed changes to the budget during the fiscal year, commonly referred to as supplemental budgets. In supplemental budgets, the District may increase appropriations within the guidelines defined in Local Budget Law. The size of the increase determines whether a minor or major supplemental budget process is required.
 - ▶ A minor supplemental budget process (increase in any fund must be less than ten percent of expenditures) provides the Board the opportunity to change the budget during the year. Minor supplemental budgets are scheduled as needed, usually in the fall or winter, after school begins and staff movement has been finalized, and again in the spring.
 - ▶ A major supplemental budget process (any fund increase of ten percent or more of expenditures) occurs as needed. Major supplemental budgets are infrequent and normally timed to coincide with the minor supplemental budget actions. Major supplemental budget actions require a public notice and public hearing.

Budget Methodology

The District seeks to align resources to programs and strategies with proven student outcomes. Additionally, since the PPS Strategic Plan adoption in June 2021, the District has focused on allocating resources to target goals and outcomes in the plan.

Budget Officer and Budget Committee

To ensure participation in the budget process, Local Budget Law requires that a budget officer be appointed and a budget committee consisting of Board members and members of the public be formed. At PPS the budget officer is currently the Chief Financial Officer. For local jurisdictions with greater than 200,000 in population such as PPS, the elected body is the Budget Committee, with no community members. The District's budget officer prepares the Proposed Budget under the direction of the Superintendent. The Budget Committee then reviews, revises, and approves the budget before it is formally adopted by the governing body.

Public notices are published, budgets are made available for public review, and opportunities for public comment are also provided. This structure encourages public participation in the budget decision-making process and gives public exposure to budgeted programs and fiscal policies prior to adoption.

Community Budget Review Committee (CBRC)

The District is not required to have a budget committee composed of community members. However, the Board has established a Community Budget Review Committee (CBRC) composed of several community stakeholders to advise the Board on the budget. The CBRC reviews, evaluates, and makes recommendations to the Board regarding the Superintendent's Proposed Budget and any other budgetary issues the CBRC or the Board identify. The CBRC also monitors and advises the Board on the allocation and expenditure of Local Option Levy funds.

Capital Projects

The District reviews capital projects on a monthly basis both for cash flow and arbitrage consideration within the context of achieving the stated outcomes in the bond's ballot. The PPS Finance Team, Office of School Modernization, Technology and Curriculum teams meet with financial planners for planning future capital needs and subsequent strategy for issuing debt.

The School Board votes on all debt issuance resolutions. The Board is also presented with a Capital Improvement Plan and Long-Range Facility Plans. The information includes which schools are included in the bond projects. Bond Accountability Committee (BAC) meets quarterly to review bond funded projects and offer advice to the School Board.

The Long Range Facility Planning Process

Portland Public Schools' Board of Education accepted the Long-Range Facility Plan in December 2021 after a year of development and engagement with the broader District community. The Long-Range Facility Plan outlines a sequence of planning processes intended to guide future capital measures.

The plan synthesizes three primary considerations:

- Educational program requirements
- Enrollment and capacity
- Facility condition

These considerations are guided by a strategic vision established by the District and informed by input from the broader district community. This work is an opportunity to institute lasting change by re-envisioning teaching and learning environments. The District garnered ideas from diverse communities and developed a representative vision for the future of our schools.

All large school districts in Oregon are required to complete a Long-Range Facility Plan every ten years. The purpose of the document is to plan for future capital improvements within the context of current educational vision and student enrollment trends over the next 10 to 15 years. The plan provides a strategic framework to be tested against community voice and vision prior to future bond campaigns. A Long-Range Facility Plan is intended to provide clear sightlines for the management of Portland Public Schools facilities over time, such that they continually support the ongoing success of district students, staff, and community.

The plan also addresses the requirements of OAR 581-027-0040, Long-Range Facility Plan Requirements, and Section 5 of ORS 195.110, School Facility Plan for Large School Districts. In doing so, this plan creates a framework for future bond-planning efforts, reflects community values, and targets alignment with community capital support.

The Long-Range Facility Plan document falls within a sequence of steps recommended by the state before capital Bond planning. Preceding this document is a multi-year facility condition assessment and enrollment forecasts outlining student population trends for the next fifteen years. Building on these efforts, this plan documents capital forecasts in the context of educational vision, building condition, and building capacity.

Many steps remain before a capital measure can be referred to the voters. It is essential to recognize that the Long-Range Facility Plan document does not make commitments that will require future Board action or make specific recommendations for future bonds. Instead, the Long-Range Facility Plan is intended to provide a framework to be tested against community voice and vision before future capital measures. Access this PPS website for more information: <https://www.pps.net/Page/954>

Bond Accountability Committee

The Bond Accountability Committee (BAC) is made up of seven to ten members reflective, to the extent possible, of the diversity of Portland. The members shall have a reputation for fairness and transparency and experience in building design, construction, public contracting, budgeting, and/or auditing. The Board will appoint committee members and a chairperson or co-chairpersons.

The committee meets quarterly to review bond funded projects and offer advice to the School Board, on:

- A. Whether bond revenues are expended only for the purpose for which the bond was approved
- B. Alignment with the goals and principles of the district's Long Range Facilities Plan
- C. Alignment with the goals of the Business Equity Policy
- D. Lowering maintenance and construction costs while improving operating efficiency
- E. Historic preservation and school renovation
- F. Potential capital partnerships for joint and shared use of PPS facilities
- G. Implementation of appropriate ways to address seismic issues
- H. Compliance with ADA requirements

Board Policies

Board policy [2.10.010-P](#) establishes the Board's requirements for Racial Educational Equity.

Board policy [8.10.025-P](#) establishes the Board's requirements for contingencies and reserves.

Most notably, the Board has established a goal of maintaining an operating contingency of 5-10%. The goal for the reserve will be set as part of the District's long-range financial plan, with an expectation that the District will achieve and sustain a 10% reserve.

Administrative Directive [8.10.030-AD](#) establishes the guidelines for budget reallocations post adopted budget. .

Budgetary Basis of Accounting

The District reports financial position, results of operations, and changes in fund balance/net position on the basis of Generally Accepted Accounting Principles (GAAP). The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. The budgetary statements provided as part of required or other supplementary information are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget.

FINANCIAL BOARD POLICIES

	BOARD POLICY Portland Public Schools Racial Educational Equity Policy	2.10.010-P
---	--	-------------------

The Board of Education for Portland Public Schools is committed to the success of every student in each of our schools. The mission of Portland Public Schools is that by the end of elementary, middle, and high school, every student by name will meet or exceed academic standards and will be fully prepared to make productive life decisions. We believe that every student has the potential to achieve, and it is the responsibility of our school district to give each student the opportunity and support to meet his or her highest potential.

In light of this mission and our beliefs, Portland Public Schools’ historic, persistent achievement gap between White students and students of color is unacceptable. While efforts have been made to address the inequities between White students and students of color, these efforts have been largely unsuccessful. Recognizing that there are other student groups that have not reached their achievement potential, this policy focuses on the most historically persistent achievement gap, which is that between White students and students of color. Closing this achievement gap while raising achievement for all students is the top priority of the Board of Education, the Superintendent and all district staff. Race must cease to be a predictor of student achievement and success.¹

In Portland Public Schools, for every year that we have data, White students have clearly outperformed Black, Hispanic and Native American students on state assessments in every subject at every grade level. White students consistently graduate at higher percentages than students of color, while students of color are disciplined far more frequently than White students. These disparities are unacceptable and are directly at odds with our belief that all students can achieve.

The responsibility for the disparities among our young people rests with adults, not the children. We are aware that student achievement data from school districts across the country reveal similar patterns, and that complex societal and historical factors contribute to the inequities our students face. Nonetheless, rather than perpetuating disparities, Portland Public Schools must address and overcome this inequity and institutional racism, providing all students with the support and opportunity to succeed.

¹ For the purposes of this policy, “race” is defined as “A social construct that artificially divides people into distinct groups based on characteristics such as physical appearance (particularly color), ancestral heritage, cultural affiliation, cultural history, ethnic classification, and the social, economic, and political needs of a society at a given period of time. Racial categories subsume ethnic groups.” Maurianne Adams, Lee Anne Bell, and Pat Griffin, editors. *Teaching for Diversity and Social Justice: A Sourcebook*. (2007).

FINANCIAL BOARD POLICIES

	BOARD POLICY Portland Public Schools Racial Educational Equity Policy	2.10.010-P
---	--	-------------------

Portland Public Schools will significantly change its practices in order to achieve and maintain racial equity in education. Educational equity means raising the achievement of all students while (1) narrowing the gaps between the lowest and highest performing students and (2) eliminating the racial predictability and disproportionality of which student groups occupy the highest and lowest achievement categories.² The concept of educational equity goes beyond formal equality -- where all students are treated the same -- to fostering a barrier-free environment where all students, regardless of their race, have the opportunity to benefit equally. Educational equity benefits all students, and our entire community. Students of all races shall graduate from PPS ready to succeed in a racially and culturally diverse local, national and global community. To achieve educational equity, PPS will provide additional and differentiated resources to support the success of all students, including students of color.

In order to achieve racial equity for our students, the Board establishes the following goals:

- A. The District shall provide every student with equitable access to high quality and culturally relevant instruction, curriculum, support, facilities and other educational resources, even when this means differentiating resources to accomplish this goal.
- B. The District shall create multiple pathways to success in order to meet the needs of our diverse students, and shall actively encourage, support and expect high academic achievement for students from all racial groups.
- C. The District shall recruit, employ, support and retain racially and linguistically diverse and culturally competent administrative, instructional and support personnel, and shall provide professional development to strengthen employees' knowledge and skills for eliminating racial and ethnic disparities in achievement. Additionally, in alignment with the Oregon Minority Teacher Act, the District shall actively strive to have our teacher and administrator workforce reflect the diversity of our student body.
- D. The District shall remedy the practices, including assessment, that lead to the over-representation of students of color in areas such as special education and discipline, and the under-representation in programs such as talented and gifted and Advanced Placement.
- E. All staff and students shall be given the opportunity to understand racial identity, and the impact of their own racial identity on themselves and others.

² Glenn Singleton and Curtis Linton *Courageous Conversations About Race*, p. 46 (2006)

FINANCIAL BOARD POLICIES

	BOARD POLICY Portland Public Schools Racial Educational Equity Policy	2.10.010-P
---	--	-------------------

- F. The District shall welcome and empower students and families, including underrepresented families of color (including those whose first language may not be English) as essential partners in their student’s education, school planning and District decision-making. The District shall create welcoming environments that reflect and support the racial and ethnic diversity of the student population and community. In addition, the District will include other partners who have demonstrated culturally-specific expertise -- including government agencies, non-profit organizations, businesses, and the community in general -- in meeting our educational outcomes.

The Board will hold the Superintendent and central and school leadership staff accountable for making measurable progress in meeting the goals. Every Portland Public Schools employee is responsible for the success and achievement of all students. The Board recognizes that these are long term goals that require significant work and resources to implement across all schools. As such, the Board directs the Superintendent to develop action plans with clear accountability and metrics, and including prioritizing staffing and budget allocations, which will result in measurable results on a yearly basis towards achieving the above goals. Such action plans shall identify specific staff leads on all key work, and include clear procedures for district schools and staff. The Superintendent will present the Board with a plan to implement goals A through F within three months of adoption of this policy. Thereafter, the Superintendent will report on progress towards these goals at least twice a year, and will provide the Board with updated action plans each year.

FINANCIAL BOARD POLICIES

	BOARD POLICY Contingencies and Reserves	8.10.025-P
---	--	-------------------

1. The Board understands that to avoid financial instability, continuing expenditure requirements should be insulated from typical fluctuations in revenues and expenditures.
2. It is the goal of the Board to fund and maintain a reserve in the general fund that shall range from 5% to 10% of annual general fund revenues. The goals for the reserve will be set as part of the District’s long-range financial plan, with an expectation that the District will achieve and sustain a 10% reserve. The Board shall establish an annual operating contingency each fiscal year during the budget process.
3. Contingencies and reserves will be established pursuant to ORS 294.388. Interfund transfers from contingency will be made in accordance with ORS 294.463. The Board may authorize by resolution transfers of contingency funds of up to 15%. Transfers that exceed 15% may be made only after Board approval and adoption of a supplemental budget for that purpose.
4. Reserves generally should not be used for new or increased operating costs or investments. Reserves may be used at the discretion of the Board to address one-time emergencies and unanticipated expenditure requirements or to offset unanticipated revenue fluctuations occurring within a fiscal year. In the event that reserves are expended, there will be a plan to replenish the expended funds within three fiscal years.
5. Reserves are the fund balances carried over from year to year and contingency funds are annually budgeted and reflected in current year fund balances.

FINANCIAL BOARD POLICIES

	BOARD POLICY Administrative Directive	8.10.030-AD
---	--	--------------------

8.10.030-AD Budget Reallocations – Post Budget Adoption

I. Purpose

This administrative directive establishes the guidelines to assure consistent and detailed communication between the Superintendent and the Board regarding fiscal issues. Communication is essential under circumstances that could result in significant reductions or reallocations of funding after the Board has adopted the budget.

II. General Provisions

The Finance, Audit and Operations Committee will be apprised in a timely manner of significant changes in revenue expectations and cost/expenditure patterns. In particular, the Finance, Audit and Operations Committee will be informed when fiscal circumstances may result in the need for transfers from the contingency fund.

III. Provision of Information to the Board

- (1) Budget to Actual Financial Reports and Revenue Reports will be provided to and discussed with the Board Finance, Audit and Operations Committee on a monthly basis.
- (2) Specific information regarding budget reductions will be provided to the committee when expenditure adjustments are considered significant. Criteria for judging the significance of a change can include:
 - (a) Expenditure items or programs that are of priority to or of special interest to Board members as reflected in history of Board and committee meetings;
 - (b) Expenditure items or program adjustments that exceed \$250,000;
 - (c) Program changes expected to have direct and noticeable student or staff impact;
 - (d) Any proposed reallocations from the contingency fund.
- (3) Upon request or as deemed appropriate, information will be provided to all Board members.

FINANCIAL BOARD POLICIES

	BOARD POLICY Administrative Directive	8.10.030-AD
---	--	--------------------

- (4) At the option of the Finance, Audit and Operations chair, particular expenditure reductions could be considered 'major' as defined below, triggering a more extensive review and submittal of information to the Board.

IV. Process for Determining Major Expenditure Reductions

Major budget reallocations are defined here as those that exceed .5% of the General Fund Operating Budget.

- (1) In the event that major expenditure reductions must be undertaken, the Superintendent will consult with the Finance, Audit and Operations Committee in preparation of recommendations for such reductions.
- (2) Subsequent to consultation with the Finance, Audit and Operations Committee, the Superintendent will report to the full Board regarding plans and recommendations for expenditure reductions. The following types of background information will be provided:
 - (a) Superintendent's recommendations for reductions;
 - (b) Criteria and policy assumptions that underlie the prioritization of the reductions;
 - (c) Explanation of the procedure/process used in developing the recommendations for reductions;
 - (d) Expected consequences/impact of the reduction on services.
- (3) The Superintendent will submit the reduction recommendations to the Board for approval by resolution.

V. Contingency Fund Transfers

- (1) If the Superintendent recommends a transfer from the Contingency Fund, justification for this transfer will first be presented to the Finance, Audit and Operations Committee for discussion.
- (2) After consultation with the Finance, Audit and Operations Committee, the Superintendent will submit the recommendation to the Board for approval by resolution.

FINANCIAL SECTION

FINANCIAL SECTION

The financial section contains required information for the District's funds and descriptions of significant revenue sources and expenditure categories.

FINANCIAL OVERVIEW

The Financial Section details the financial resources and requirements of the school district. Resources include revenues from local, state, and federal sources, as well as beginning fund balances. Requirements are the expenditures necessary for operating the district, along with contingencies and ending fund balances. This section contains summaries of assumptions and major shifts; descriptions of funds, programs, and accounts used for budgeting; a high-level overview of all the district's Resources and Requirements; and summaries for each of the funds: General (100), Special Revenue (200), Debt Service (300), Capital Projects (400), and Internal Service (600). The section ends with detailed reports for each of the funds. Throughout the Proposed Budget, the budget information in the 2022-23 year is from the 2022-23 Adopted Budget.

The budget for 2023-24 reflects the continued and additional investments in the following areas using available resources:

Continue Academic Supports and Interventions for Historically Underserved Students

- Targeted learning supports (i.e. learning acceleration specialists, high dosage tutoring) across PPS schools with a focus on supporting students at CSI, TSI and Title I schools
- Culturally-specific support for Native American students
- Credit Recovery FTE
- Access to technology to continue to support community technology needs
- Support charter schools and Community-Based Organizations
- Learning acceleration and summer enrichment

Continue Mental and Behavioral Health Supports for Students

- Social workers for Title middle schools and K-8s while continuing the investments made in 2021-22 and 2022-23 for the high schools and K-5/K-8 and Multiple Pathways to Graduation programs (e.g. Alliance, DART)
- Further Social Emotional Learning and trauma-informed care initiative. Improve coaching and partnerships by expanding our outreach and professional learning (e.g. Ballmer Institute)
- Increase mental and behavioral health supports; this includes contracts with culturally-specific organizations to provide mental and behavioral health support and additional school psychologists to support case management

Continue Elective Courses at Comprehensive Middle Schools and K-8s

- Continue investment in staffing allocated to schools to support added elective offerings
- Continue FTE for middle schools to provide a seven-period day schedule, which expands elective offerings

Continue Access to Arts Education Opportunities

- Investments in staffing to ensure complete arts discipline pathways exist at elementary-middle-high school levels
- Identified budget to support arts materials, sheet music and instrument purchase/repair

Continue Culturally-Specific Student and Family Supports

- Further progress in the development of the Center for Black Student Excellence, an initiative aimed at targeting resources and supports in schools with historic and large numbers of Black students

- Continue supporting families to better advocate for their student's success via the Student Learning and Family Engagement Department
- Continue extended learning and enrichment programming (for example, summer school) with a specific focus on continuing collaboration with our community's culturally-specific organizations
- Support and provide opportunities for youth leadership activities, such as student-led conferences, community-building with affinity groups, and networking
- Support and resources for community engagement, such as translation services, supplies, food, and childcare

Continue Instructional Framework Implementation, Providing Curriculum Materials and Professional Development for Educators

- Implement a centrally-supported, school-based professional learning system to build the capacity of our educators to implement the instructional framework and to utilize the high-quality curricular resources
- Build the professional knowledge and skills of our educators and staff by continuing access to more paid or released professional learning and collaborative planning time
- Support the implementation of the K-12 mathematics and English language arts curriculum adoptions
- Support the development and implementation of curricular resources for K-12 Social Studies/ Ethnic Studies, K-12 Multilingual Literacy System which include Reading, Writing and Speaking, and K-3 Foundational Skills
- Additional professional development and support for principals (e.g. Wallace Foundation Grant)

Continue to Progress on Strategic Plan Priorities

- Cultivate a strong culture of racial equity and care
- Develop a diverse, high-quality, and thriving workforce
- Progress towards establishing data-driven continuous improvement practices

Accounts Overview

Resources include revenues from local, state, and federal sources, as well as beginning fund balances, sometimes referred to as reserves. Throughout the details in this document, the words fund, program, and account are referenced to mean the following:

- Funds describe the respective purposes of the resources and are the same for resources and requirements.
- Programs or functions describe how the resources are used and will only be present in the requirements details.
- Accounts or objects describe the source of the resources and the district's intended disposition of those resources.

The following section details the various codes used throughout this document. More information can be found in the [Oregon Department of Revenue Local Budgeting Manual](#) and the [Oregon Department of Education Program Budgeting and Accounting Manual \(PBAM\)](#).

Account Code Overview

PPS uses an account code structure that is composed of several main elements. While this is very similar to the Oregon Department of Education’s (ODE) PBAM, PPS’s account codes contain additional digits to capture information not required by the state. The two elements that are presented in different formats are the Object and the Function. These different formats also act as roll-ups aggregating District level spend into single categories for state reporting.

Object

For PPS, the object code is a six-digit number for both revenues and expenditures, while the state object code, which is the corresponding element, is a three-digit number for expenditures and a four-digit number for revenues. In addition, PPS’ initial digit clarifies whether it is a revenue or expenditure (revenues begin with 4, expenditures begin with 5).

PPS Object	PPS Description	State Object	State Description
411111	Current-Multnomah Co	1111	Current Year’s Property Taxes
411112	Current-Clackamas Co	1111	Current Year’s Property Taxes
411113	Current-Washington Co	1111	Current Year’s Property Taxes
511210	Classified - Represented	112	Classified Salaries
511220	Non-Represented Staff	112	Classified Salaries
522000	Social Security - FICA	220	Social Security Administration
541000	Consumable Supplies	410	Consumable Supplies and Materials

Function

For PPS, the function code is a five-digit number, while the state function code, which is the corresponding element, is a four-digit number. Generally, only the first 3 digits match as PPS’ Function code provides additional details.

PPS Function	PPS Description	State Function	State Description
11111	Elementary K-5 Program	1111	Elementary, K-5 or K-6
11119	Kindergarten Homeroom	1111	Elementary, K-5 or K-6

Fund Classifications

Most school districts are financed through governmental and proprietary funds. PPS's governmental funds include 100, 200, 300, and 400. PPS has one proprietary fund - 600.

100 General Fund

The purpose of the General Fund is to record financial transactions relating to all activities for which specific types of funds are not required. It is the general operating fund for the District.

200 Special Revenue Funds

Special Revenue Funds are set up for specific purpose grants and other revenues when required by statute, charter provision, or the terms of a grant.

300 Debt Service Funds

Debt Service Funds are used to budget for the payment of principal and interest on all long-term debt.

400 Capital Projects Funds

Capital Project Funds are a type of fund that is used to record the resources and expenditures needed to finance the building or acquisition of capital facilities that are non-recurring major expenditure items. Resources can include the proceeds from the sale of general obligation bonds, construction excise tax, grants, transfers from other funds, or other revenues authorized for financing capital projects. A capital project fund is normally established when a capital project or series of projects is authorized. It is dissolved when the project is completed. Several related projects financed from one bond issue may be accounted for in one fund if there are no provisions to the contrary in the establishment of the bond issuance.

600 Internal Service Funds

Internal Service Funds finance and account for services furnished by one department or agency to another department or agency of the same local government. Internal Service Fund resources usually come from operating earnings or transfers from other funds.

Resource Accounts (Revenue Sources)

1000 Revenue from Local Sources

1110 Ad Valorem Taxes Levied by District

Taxes levied by a district on the assessed valuation of real and personal property located within the district which, within legal limits, is the final authority in determining the amount to be raised for school purposes.

1120 Local Option Ad Valorem Taxes Levied by District

Local option taxes levied by a district on the "Tax Gap" valuation of real and personal property located within the district which, within legal limits, is the final authority in determining the amount to be raised for school purposes.

Revenue from the rental of either real or personal property owned by the district.

1920 Contributions and Donations from Private Sources

Money received from a philanthropic foundation, private individuals, or private organizations for which no repayment or special service to the contributor is expected. Separate accounts may be maintained for unrestricted revenue and revenue which has restricted use.

1960 Recovery of Prior Years' Expenditure

Refund of expenditure made in a prior fiscal year.

1970 Services Provided Other Funds

Services provided other funds, such as printing or data processing. Generally, this account is only used in Internal Service Funds.

1980 Fees Charged to Grants

Indirect administrative charges assessed to grants.

1990 Miscellaneous

Revenue from local sources not provided for elsewhere.

2000 Revenue from Intermediate Sources**2100 Unrestricted Revenue**

Revenue received as grants by the district which can be used for any legal purpose desired by the district without restriction.

2199 Other Intermediate Sources

All other unrestricted intermediate revenue sources not listed in 2100.

2200 Restricted Revenue

Revenue received as grants by the district which must be used for a categorical or specific purpose.

3000 Revenue from State Sources

3101 State School Fund–General Support

State school funding for general operations based on the number and types of students.

3103 Common School Fund

A local revenue generated from state surplus funds, and a component of the State School Funding.

3199 Other Unrestricted Grants-in-aid

3299 Other Restricted Grants-in-aid

This is used for restricted grants in aid from the state.

4000 Revenue from Federal Sources

4100 Unrestricted Revenue Direct from the Federal Government

Revenue direct from the Federal government are grants awarded directly to the district which can be used for any legal purpose desired by the district without restriction.

4200 Unrestricted Revenue from the Federal Government Through the State

Revenues from the federal government passed through the state as grants which can be used for any legal purpose desired by the district without restriction.

4300 Restricted Revenue Direct from the Federal Government

Revenues direct from the federal government as grants awarded directly to the district which must be used for a categorical or specific purpose.

4500 Restricted Revenue from the Federal Government Through the State

Revenues from the federal government passed through the state as grants to the district which must be used for a categorical or specific purpose.

4700 Grants-In-Aid from the Federal Government Through Other Intermediate Agencies

Revenues from the federal government through an intermediate agency.

4801 Federal Forest Fees

Revenue collected in lieu of property taxes for federal lands in the district's county.

5000 Other Sources

5200 Interfund Transfers

Revenue transferred from another fund which will not be repaid.

5300 Sale of or Compensation for Loss of Fixed Assets

Revenue from the sale of school property or compensation for the sale or loss of fixed assets.

5400 Resources–Beginning Fund Balance

Beginning fund balance is the fund balance carryover from the prior year.

Required Programs (Expenditure Functions)

1000 Instruction

1100 Regular Programs

Classroom Instructional activities designed primarily to prepare students for activities as community members, family members, and workers. Regular programs include Pre-kindergarten, Elementary, Middle, and High School.

ALL FUNDS RESOURCES

For the fiscal year ending June 30, 2024, the budgeted resources for all funds are \$2.17 billion. Major sources of revenue are grants, general obligation bonds, State School Fund and property taxes. Grants are accounted for in the Special Revenue Fund, and sources include federal Title and Individuals with Disabilities Education Act (IDEA) grants, Elementary and Secondary School Emergency Relief Fund (ESSER), as well as local and state grants such as Student Success Act (HB 3427), and High School Success (M98). Resources for paying general obligation bonds come from local property taxes, which are accounted for in the Debt Service Fund. Resources from the sale of general obligation bonds are accounted for in the Capital Projects Fund. School district budgeting is governed by Oregon’s Local Budget Law.

ALL FUNDS REQUIREMENTS BY MAJOR FUNCTION

For the fiscal year ending June 30, 2024, the budgeted requirements for all funds are \$2.17 billion. Major program requirements include instruction, support services, community services, facilities acquisition, debt service, transfers, contingency and unappropriated fund balance. The largest increase is in facilities acquisition and construction. The increase is due to progress on bond projects.

The budget includes a decreased fund balance and contingency for 2023-24. Reserves are for expenditures that cannot be foreseen and planned in the budget process because of an occurrence of an unusual or extraordinary event. From 2022-23 to 2023-24 the budgeted contingency will decrease from \$56.0 million to \$48.4 million. The federal grant funds that the District will receive include indirect that is assessed as the money is drawn. The contingency is the portion of the allocation that the District may not draw down in future years. Prior years include an unappropriated ending fund balance which is an estimate of funds needed to maintain operations of the school district from July 1 of the ensuing fiscal year to the time when sufficient new revenues become available to meet cash flow needs. No expenditure shall be made from the unappropriated ending fund balance in the year in which it is budgeted. Unappropriated ending fund balance will decrease from \$46.5 million in 2022-23 to \$26.3 million in 2023-24.

GENERAL FUND SUMMARY (100)

The General Fund is unrestricted and includes all District activities that are supported by the State School Fund including property taxes as well as other non-dedicated revenues. The General Fund's resources are available to the District for any purpose provided they are expended or transferred according to resolution or policy. This fund is considered a Major Governmental Fund and accounted for using the modified accrual method of accounting.

The major revenue sources are discussed within the budget detail section of this document. The detail sections present resources by object code.

Fund requirements are presented in two separate tables affording different views of the budget. The first view is by Function and the second is by Object, both as defined in the State Program Budgeting and Accounting Manual for School Districts and Education Service Districts in Oregon.

Fund 100-General Fund Resources Summary

The 2023-24 resources include property taxes, local option property taxes, local, intermediate, state, interfund transfers and other sources. The primary sources of revenue for the General Fund are Local Sources (property taxes) totaling \$329.8 million or 40.0%, State Sources totaling more than \$259.9 million or 31.6%, and Local Option Property Taxes totaling almost \$114.7 million, or 13.9% of all sources.

Fund 100-General Fund Requirements Summary

Salaries and associated payrolls costs are the largest budget category at almost \$640.7 million, or 77.8% of the General Fund. Purchased services, which include non-staff instructional support, non-staff maintenance activities, and staff development services, account for 13.5%. Supplies, capital outlay, transfers and contingency account for 8.7%.

Programming

The work of strengthening the core functions and best practices at PPS is funded primarily out of the General Fund. Through the staffing process, PPS continues to allocate differentiated supports to designated schools, providing additional support to schools with the highest concentration of historically under-served communities. Additionally, continued summer school offerings supported by the General Fund provide students with increased instruction time. The General Fund also supports continued progress on District goals and objectives, including strategic plan and other initiatives.

ACCRUED OBLIGATION FOR POST-EMPLOYMENT BENEFITS

Early Retirement

The District has a single-employer defined benefit early retirement supplement program.

Retirement Health Insurance Subsidy (RHIS) Plan Description - The District provides a single-employer defined benefit plan that provides post-employment health, dental, vision and life insurance benefits to eligible employees and their spouses for employees who have retired from the District with a minimum of 15 accumulated years of service and are eligible to retire from the Oregon retirement system. Covered employees under the plan are eligible to receive full or part time District-paid medical and pharmacy benefits for up to 60 months, or until reaching age 65, whichever comes first. The program was established under separate collective bargaining agreements with certified and classified employees and by precedent for all other certified District employees. The Portland Association of Teachers (PAT) group terminated this benefit after September 30, 2019. All other bargaining units and employee groups, except the District Council Unions (DCU), agreed to terminate this benefit after June 30, 2014. The DCU agreed to terminate this benefit after December 31, 2014.

Summary of Significant Accounting Policies - The Retirement Health Insurance Subsidy (RHIS) is a health and welfare program the District provides for retirees. The plan is actuarially determined, is reflected as a long-term liability in the government-wide financial statements and reflects the present value of expected future payments. The net other post-employment benefits liability and expenditure in the governmental fund financial statements are limited to amounts that become due and payable as of the end of the fiscal year, and are reported on a pay-as-you-go basis.

Funding policy - The benefits from this program are fully paid by the District; therefore, no contributions by employees are required. The District's total actuarially determined liability on June 30, 2022 was \$75.9 million.

Contributions - Contributions are financed on a pay-as-you-go basis.

Stipend

Stipend Plan Description - The District provides a single-employer defined benefit early retirement program for members of the PAT, physical therapists, occupational therapists and licensed administrators. Certificated employees with 15 consecutive years of at least half-time service with the District, and who are eligible to retire under OPERS, and who retired before age 62 are eligible for the early retirement benefits. Eligible employees are entitled to a monthly benefit of \$425 dollars commencing on the first month after their retirement. Benefits are payable up to the earlier of attaining age 62 or receiving 60 monthly payments. The General Fund and the Special Revenue Fund are the primary funds from which the stipend liability is liquidated. The District does not issue a separate stand-alone financial report for this plan. The District pays for the benefits without any cost to employees. The contributions are financed on a pay-as-you-go basis, and there are no assets accumulated in a trust.

The program was established under separate bargaining agreements and may be amended by the District under new collective bargaining agreements.

Summary of Significant Accounting Policies - The District provides a single-employer defined benefit early retirement program. The stipend benefit is actuarially determined, is reflected as a long-term liability in the government-wide financial statements, and reflects the present value of expected future payments. This plan is accounted for under the provisions of GASB Statement No. 73.

Funding policy - The benefits from this program are fully paid by the District; therefore, no contributions by employees are required. The District's total actuarially determined liability on June 30, 2022 was \$5.5 million.

Contributions - Contributions are financed on a pay-as-you-go basis. During fiscal year 2022 the District recognized, on a budgetary basis, expenditures of approximately \$1.0 million for the stipend benefits.

SPECIAL REVENUE FUNDS SUMMARY (200)

Fund 200 - Special Revenue Funds Resources Summary

Total resources for Fund 200 are expected to decrease by \$63.6 million or 20.4% from 2022-23 to 2023-24. Federal sources are expected to have the largest decrease of \$53.2 million or 36.6%.

Fund 200 - Special Revenue Funds Requirements Summary

Payroll and its associated costs along with purchased services are responsible for most of the anticipated expenditures in Fund 200.

The various Special Revenue Funds support the District's vision of strengthening the core functions and best practices by providing additional support in the form of grants and foundation funding to core curriculum areas and bringing more equity to historically underserved students. This is accomplished by providing Educational Assistants and additional teachers as needed, as well as providing continued support of High School Success, funding community engagement, strengthening Multi-Tiered Systems of Support, increasing social emotional learning, promoting family-focused training and education. The Cafeteria Fund provides equity for historically underserved students and students in need.

STUDENT BODY ACTIVITY FUND (201)

The Student Body Activity Fund accounts for the receipts, disbursements and cash balances of the various schools' Student Body Funds. The resources are primarily generated by students, student groups, Parent Teacher Associations (PTAs), booster clubs, fundraising activities and donations. With financial oversight provided by the District's Finance office, individual schools are responsible for managing their school's fund. Each school's Student Body Fund is reviewed on a recurring schedule.

CAFETERIA FUND (202)

This fund provides for all costs associated with operating federally-funded child nutrition programs in Portland schools.

The department has served on average 7,200 breakfasts, 17,000 lunches, and 1,500 after-school suppers and was awarded a fresh fruit and vegetable program grant at 26 schools during 2022-23. Additionally, for 8-10 weeks in the summer, breakfasts and/or lunches are served for free to children ages 1-18 years at 45-55 schools, community or park locations. Operating costs include menu planning (recipe testing, product/food testing, nutritional analysis and food crediting, participation tracking), supply chain management (bid specification, purchasing, inventory control, warehousing and delivery), meal production and service (HACCP food safety procedures and inspections, food preparation and cooking, equipment maintenance), management of information services (>46,000 student meal accounts, collection and processing eligibility from family meal benefit applications, regular download and analysis of direct certification information, ensuring sibling matches for extension of benefits, determining district socio-economic data, technical support of a web-based department enterprise system), human resource management (recruiting, hiring, training, professional development, performance reviews, progressive discipline, union negotiations), marketing and communication (printing, communication to families about eligibility and meal accounts, information about programs and services, webpage and social media accounts), financial management (budget and grant management), and occasional contract meal service to outside agencies.

Operating funds are generated through sales of meals to students and reimbursement for meals served to students under United States Department of Agriculture (USDA) Child Nutrition Program reimbursement guidelines. USDA establishes a fixed reimbursement rate for each documented meal served and sets the household income guidelines that determine a family's eligibility for free or reduced priced meals. USDA requires that paid meal price covers expenses, and federal reimbursements for free or reduced priced meals should not subsidize the cost for paid eligible meals. Portland Public School's Board of Directors approves the price for full price meals (3.60.010-AD).

The state of Oregon provides reimbursement to cover the family portions (copays) of the reduced price eligible meals for both breakfast and lunch, and the copay for federal paid eligible meals served to families eligible for the Oregon Expanded Income Guidelines (EIG) established under the Student Success Act. The department regularly seeks out additional grant funds each biennium through Oregon Farm to School opportunities. This state funded grant, both non-competitive and competitive, supports the department's long standing value and mission to serve local foods to Portland students and reinvest into our community and local economy.

* Beginning Fund Balance may not equal the prior year's Budgeted Ending Fund Balance, as Ending Fund Balance is not budgeted in some Funds.

GRANTS FUND (205)

This fund captures the resources and requirements for grants received by the District. The District actively pursues federal, state, local, and private grants to support projects in a variety of instruction and service areas. Most grant funded programs are operated to enable the District to achieve goals in situations that require supplementary or compensatory effort beyond what can be provided using General Fund support. Other grants supplement basic offerings of the District. All grants complement the primary mission of the District, which is to provide quality education to all students.

OVERVIEW OF ELEMENTARY & SECONDARY SCHOOL EMERGENCY RELIEF (ESSER) FEDERAL FUNDS

The federal government responded to the COVID-19 pandemic with multi-billion dollar initiatives to support public education across the country during the health crisis. The stimulus funding for schools to contend with the impact of the pandemic was termed Elementary and Secondary School Emergency Relief (ESSER) and there were three rounds of funding between March 2020 and March 2021.

Overview of Elementary & Secondary School Emergency Relief Federal Funds ESSER I, II, III					
US Congressional Action	K-12 Public School Funding Across the Nation	How Much for Oregon Public Schools?	About How Much for Portland Public Schools?*	Must Be Invested By	Balance at the Start of the 2023-24 School Year (July 1, 2023)
CARES Act Coronavirus Aid, Relief, and Economic Security Act, ESSER I, March 2020	\$13.2 billion	\$121 million	\$7.5 million	September 2022	\$0
CRRSA Act Coronavirus Response and Relief Supplemental Appropriations Act, ESSER II, December 2020	\$54.3 billion	\$499 million	\$30 million	September 2023	\$0
American Rescue Plan Act ESSER III, March 2021	\$122.8 billion	\$1.1 billion	\$70 million	September 2024	\$36 million

*Totals are projected allocations before pass through to other entities and other allocation requirements per federal and state relief guidelines.

The projected overall ESSER funding awarded to the District and its partners is almost \$115 million. There is approximately \$36.3 million in remaining funds to invest as a response to the impact and subsequent recovery from the COVID-19 pandemic.

When CARES Act (ESSER I) funding became available to support and maintain operations, the District's initial investment focus was to address immediate and urgent needs. ESSER I funded preparations for hybrid learning, health-related materials and supplies such as masks, contracts with agencies to sanitize buildings, funding at the emergency operations center and planning/materials for home learning.

CRRSA (ESSER II) funding was used to get schools ready for in-person learning; funds were utilized for facility upgrades like Heating, Ventilation and Air Conditioning (HVAC) upgrades, building modifications and classroom modifications. The funding was also used to ensure there was enough personal protective equipment for in-person learning.

As the pandemic continued, additional needs surfaced and therefore, additional federal relief was appropriated through the American Rescue Plan Act (ARPA or ESSER III). To further enhance the approach to prioritizing this third round of ESSER funding, under guidance from the Oregon Department of Education, in 2022-23 the District leveraged the feedback from our Student Investment Account community engagement. In 2019, PPS engaged many diverse groups of community stakeholders to design our Student Investment Account (SIA) plan and garnered tremendous [community feedback](#). Additionally, the District engaged in targeted community outreach (including incarcerated youth, migrant community and RESJ community partners) to inform and reaffirm investment priorities. As a result, in 2022-23 Portland Public Schools braided SIA and ESSER funds for pandemic needs that manifested across five general areas:

- Facility projects,
- Technology initiatives,
- Social, emotional and mental health services,
- Safe operation of schools,
- Addressing student learning needs

In budget preparation for 2023-24, the District conducted further additional needs assessments and community engagement, including sessions with Migrant Education families, District Student Council, Indian Education, Black families, Special Education families and staff, among other focal groups. These engagements informed investment decisions for various sources, including ESSER. Additional detail on the budget preparation process is available in the District’s Integrated Grant (includes SIA) [application](#).

ESSER Themes: Projected Investment Plan through September 2024

ESSER Theme	2023-24
Addressing Student Learning Needs	\$25,623,857
FEMA Reimbursement Hold	\$6,659,858
Social Emotional and Mental Health Services	\$1,049,810
Safe Operation of Schools and Covid Costs	\$1,500,000
Indirect	\$1,483,908
Total	\$36,317,433

The ESSER plan in 2023-24 includes direct investments at schools, including:

- Learning Acceleration Specialists to support reading and math for Black and Native students (20 FTE)
- Professional development/curriculum (\$7.55 million)
- Instructional summer programming (\$4 million)

- Gun Violence Prevention (summer programming) (\$300k)
- RESJ summer partner contracts and SUN Supports (\$2.6 million)
- Evening Scholars and High School Credit Recovery (3.75 FTE)

Additionally, ESSER dollars will be used for School Based Improvement Grants. This \$8.8 million investment is allocated directly to schools and provide flexibility for schools to make a strategic investment and address achievement gaps. Activities could include: professional development, targeted Intervention for a focal set of students and staff for academic support.

As the District learned more about the impact of COVID-19, and balanced sustainable investments with these one-time funds, PPS has continuously engaged with communities to learn more about pandemic needs in order to further align our ongoing resources with our strategic plan, *Forward Together*, and [Board goals](#), so that we may emerge stronger from the pandemic.

Forward Together Supported by ESSER: Projected Investment Plan through September 2024

PERS RATE STABILIZATION RESERVE FUND (225)

The Public Employees Retirement System (PERS) Rate Stabilization Reserve Fund accounts for the reserve funds needed to mitigate the budgetary impact of significant employer personnel benefit rate fluctuations when they occur in PERS UAL or PERS charges.

The resources of the fund are Beginning Balance from the previous year's unspent fund balance and interfund transfers from the General Fund based upon estimated needs as determined by calculations provided by staff and financial consultants. Beginning in fiscal year 2010-11, 0.11% of current year permanent rate property taxes are dedicated to this fund (Board Resolution 4471, June 27, 2011).

Requirements of the fund are recorded as interfund transfers to the General Fund in an amount determined adequate to manage rate increases. To date, no transfers have been made to the General Fund. Disbursements from this fund are made in accordance with Board Resolution No. 2679.

STUDENT INVESTMENT ACCOUNT FUND (251)

The State of Oregon adopted a historic investment of funds (HB 3427) to Oregon schools in 2020-21, the Student Success Act (SSA). This act marks a turning point for education in Oregon. When fully implemented, the State will see an additional \$1 billion investment in schools each year, providing new opportunities for every student in Oregon.

The Student Success Act invests in our students in three ways:

- 50% - **Student Investment Account (dedicated for K-12)**
- 20% - Early Learning Account
- 30% - Statewide Education Initiatives

The Student Investment Account is non-competitive grant money for all Oregon school districts and eligible charter schools. Portland Public Schools is estimated to receive approximately \$36 million in the 2023-24 school year.

This funding has two purposes:

1. Meet students' mental and behavioral health needs
2. Increase academic achievements and reduce academic disparities for:
 - ▶ Students of color
 - ▶ Students with disabilities
 - ▶ Emerging bilingual students
 - ▶ Students navigating poverty, homelessness, foster care, and other students that have historically experienced disparities in our schools

DEBT SERVICE FUNDS SUMMARY (300)

Fund 300 - Debt Service Fund Resources Summary

Growth in fund 300 resources is related to growth in assessed value of properties within the District's service boundaries, and increased internal service charges to fund payment of pension debt. Resources are expected to grow \$14.9 million from 2022-23 to 2023-24, due to increases in Pension and General Obligation (GO) bond debt service. When GO bonds are sold, repayment is structured with the intent of keeping property taxes consistent until maturity. Ideally, millage rates do not grow, but revenues grow with assessed value increases.

Fund 300 - Debt Service Fund Requirements Summary

This fund accounts for the District's payment of principal and interest on long term obligations, including GO bonds from 2012, 2017 and 2020 authorizations, Limited Tax Pension Obligations and Full Faith and Credit Obligations (FFCO). When GO bonds are sold, repayment is structured with the intent of keeping property tax rates consistent until maturity. Requirements are expected to increase by \$14.9 million from 2022-23 to 2023-24, due to increases in Pension and GO bond debt service. Additional tax revenues will be used to pay the principal and interest on the 2012, 2017 and 2020 bond authorizations. The total outstanding debt as of June 30, 2023 is projected to be \$1.97 billion.

A major portion of the District's debt service relates to GO bonds approved in the November 2012, the May 2017, and the November 2020 elections. Portland voters overwhelmingly supported GO bonds for capital improvement totaling nearly \$2.50 billion to upgrade PPS schools.

The second largest portion of the District's debt is related to pension obligation bonds. Through these bond strategic investments, the District has been able to contain its PERS costs. This translates to more General Fund resources remaining available for investment in programs aligned to District goals.

In 2023-24, Portland Public Schools is anticipating a 0.0% PERS contribution rate with no direct payment to PERS. However, the District will have debt service payments on bonds issued to address PERS Unfunded Actuarial Liability (UAL). The PERS Unfunded Actuarial Liability (UAL) requires a fringe rate of 16.46% applied to PERS eligible payroll, up from 15.56% in 2022-23.

DEBT SERVICE OVERVIEW

Pension Bonds

In October 2002 Portland Public Schools participated as one of forty-one Oregon school districts and education service districts in issuing limited tax pension bonds. The proceeds were used to finance a portion of the estimated unfunded actuarial liability of each participating school district with the Oregon Public Employees Retirement System (“PERS”). The Oregon School Boards Association (“OSBA”) sponsored this pooled limited tax pension bond program. The OSBA does not have a financial obligation in connection with the bonds issued under the program. Except for the payment of its pension bond payments and additional charges when due, each participating school district has no obligation or liability to any other participating school district’s pension bonds or liabilities to PERS. In April 2003, OSBA sponsored another pooled limited tax pension bond program with thirty school districts and education service districts. Payments of yearly principal and interest are recorded as financial statement expenditures in instruction and in support services.

On October 31, 2002, the District issued \$210.1 million Limited Tax Pension Bonds, Series 2002 (Federally Taxable), of which \$53.5 million are Series 2002A (deferred interest bonds) and \$156.6 million are Series 2002B (current interest bonds). The Series 2002A Bonds were paid off June 30, 2020. The 2002B Bonds are payable annually through June 2028. During 2012, \$14.2 million of Series 2002 Pension Bonds were refinanced. The Series 2012 Refunding was paid off June 30, 2021.

On April 30, 2003, the District issued \$281.2 million Limited Tax Pension Bonds, Series 2003 (Federally Taxable), of which \$124.8 million are Series 2003A (deferred interest bonds) and \$156.4 million are Series 2003B (current interest bonds). The Series 2003 Limited Tax Pension Bonds are payable annually through June 2028.

On July 15, 2021 the District issued \$399.4 million Full Faith and Credit Pension Bonds, Series 2021 (Federally Taxable). The Series 2021 Full Faith and Credit Bonds are payable annually through June 2040.

The District anticipates the total costs of financing the District’s UAL with Limited Tax and Full Faith and Credit Pension Bonds will result in a significant savings to the District when compared to paying for such costs as additional contribution rates to PERS.

General Obligation Bonds

As part of a \$482.0 million capital bond measure passed by District voters in 2012, the District issued the following General Obligation debt to finance school renovation and replacement:

On May 1, 2013, the District issued \$68.6 million in General Obligation Bonds, Series 2013B. The bonds mature on June 15, 2033 with principal payments due annually on June 15. On December 30, 2020 \$50.4 million of Series 2013B General Obligation Bonds were refinanced through an advance refunding.

On April 30, 2015, the District issued \$244.7 million in General Obligation Bonds, Series 2015B. The bonds mature on June 15, 2033 with principal payments due annually on June 15.

On August 10, 2017, the District issued \$62.2 million in General Obligation Bonds, Series 2017B. The bonds mature on June 15, 2030, with principal payments due annually on June 15.

As part of a \$790.0 million capital bond measure passed by District voters in 2017, the District has issued the following General Obligation debt to finance school renovation and replacement:

On August 10, 2017, the District issued \$179.7 million in General Obligation Bonds, Series 2017B. The bonds mature on June 15, 2044 with principal payments due annually on June 15.

On April 14, 2020, the District issued \$441.3 million in General Obligation Bonds, Series 2020. The bonds mature on June 15, 2037, with principal payments due annually on June 15.

On December 30, 2020, the District Issued \$54.0 million in General Obligation Advance Refunding Bonds, Series 2020C. The bond proceeds were used to redeem Series 2013B bonds. The bonds mature on June 15, 2033, with principal payments due annually on June 15. The Series 2020C Bonds maturing on or after June 15, 2031 are subject to optional early redemption. The total amount of interest savings (economic gain) as a result of the refinancing is \$6.2 million. The present value of future cash savings as a result of the refinancing is \$5.5 million.

As part of a \$1.2 billion capital bond measure passed by District voters in November 2020, the District issued the following General Obligation debt to finance school renovation and replacement:

On December 30, 2020, the District Issued \$365.5 million in General Obligation Bonds, Series 2020B. The bonds mature on June 15, 2046, with principal payments due annually on June 15.

On April 27, 2023, the District Issued \$420.0 million in General Obligation Bonds, Series 2023. The bonds mature on June 15, 2049, with principal payments due annually on June 15.

Article XI-K of the Oregon Constitution allows the state to guarantee the general obligation bonded indebtedness of school districts. For the Series 2013B, 2015B, 2017B, 2020, 2020B, and 2020C General Obligation Bonds mentioned immediately above, the District participated in the Oregon School Bond Guaranty program (ORS 328.321 to 328.356), whereby the State of Oregon (State) guarantees all principal and interest payments until maturity will be made to bondholders when due. Should the District fail to make a payment of debt service on these bonds when due, the State will make the payment on behalf of the District, and then will seek recovery from the District. The State may recover funds by means of intercepting any source of operating monies normally remitted from the State to the District. Since the inception of the bonds, the District has not used the guarantee.

Other Debt

On November 9, 2016, the District issued \$5.0 million in Full Faith and Credit Obligations, Series 2016. The obligations mature on December 1, 2031. The obligations carry a prepayment option such that any or all outstanding maturities may be redeemed on or after December 1, 2018.

On August 4, 2016 the District issued \$4.0 million in Qualified Zone Academy (QZAB) Bonds, Series 2016. The District pays no interest over the 20 year term of the bonds. The bonds carry a 4.39 percent interest rate for structuring purposes, but the purchaser of the bonds receives a Federal tax credit in lieu of interest earnings. The bonds mature on August 4, 2036.

Legal Debt Limit

ORS 328.245 establishes a parameter of bonded indebtedness for school districts. Aggregates are governed by real market values within the District based on the following:

For each grade from kindergarten to eighth for which the District operates schools, fifty-five one-hundredths of one percent (.0055) of the real market value. For each grade from ninth to twelfth for which the District operates schools, seventy-five one-hundredths of one percent (.0075) of the real market value. 10 years of Legal Debt Margin information from the District's 2022 Annual Comprehensive Financial Report is included on the following page.

PERS UAL DEBT SERVICE FUND (308)

The fund was established to improve the transparency of debt service related to the Public Employees Retirement System (PERS) unfunded actuarial liability (UAL) debt. The District, in cooperation with a number of districts across the state and in cooperation with the Oregon School Boards Association, issued two series of limited tax Pension Obligation Bonds (POB). These were series 2002 and series 2003.

On July 15, 2021, the District issued a series of Federally Taxable Full Faith and Credit Bonds to finance all or a portion of the District's share of the estimated PERS UAL.

Resources include revenues generated from payroll charges dedicated solely to payment of PERS UAL debt service, and interest earnings on funds collected monthly and held in trust in bank accounts reserved for debt service payments.

Fund 308 was established as part of the Adopted Budget process in accordance with Board Resolution No. 4473 on June 27, 2011. The fund was effective as of July 1, 2011.

FULL FAITH AND CREDIT DEBT SERVICE FUND (320)

This fund is used to manage the repayment of principal and interest for debt incurred using funds borrowed under the full faith and credit facility of the District. The fund captures the principal and interest for multiple borrowings, each of which fund a specific venture or capital expenditure.

The fund included the payment of debt for the Recovery Zone Bond-Energy and Water Conservation Program. The interest payments were federally subsidized by this bond program. The balance of the interest payments and the principal were funded through transfers from the General Fund. This debt was paid off in 2022-23.

On July 25, 2016 by way of Board Resolution No. 5314, the Board authorized entering into a purchase agreement sale of the Board's Qualified Zone Academy Bonds (QZAB) for \$4.0 million. This fund also accounts for the principal and interest payments resulting from the issuance of QZAB bonds.

On September 6, 2016 by way of Board Resolution No. 5330, the Board voted to authorize the issuance of a principal amount of revenue bonds sufficient to provide net proceeds of up to \$5 million for immediate environmental health and safety issues and assessments. The District is utilizing these funds for projects that remediate health and safety concerns, including repairs to the water system, lead paint encapsulation and abatement, and environmental health and safety assessment and other health and safety related projects.

CAPITAL PROJECTS FUNDS SUMMARY (400)

Fund 400 - Capital Projects Fund Resources Summary

Fund 400 budgeted resources will be \$317.2 million more than 2022-23, an increase of 61.3%.

Fund 400 - Capital Projects Fund Requirements Summary

The District is advancing various capital improvement initiatives. Projects include asbestos abatement, seismic improvements, radon mitigation, access controls, cameras, card readers, code compliance requirements, instruction delivery improvements, playgrounds, classroom changes, and energy improvement projects. Work on 2017 and 2020 bond projects will also continue.

On average, Portland Public Schools' buildings are 77 years old, and some are more than 100 years old. Many schools are in need of upgrades to provide students with modern learning environments and to address unsafe conditions. The District's capital needs far exceed the available resources to meet those needs and is challenged to find new and innovative ways to support the operational and instructional improvements needed district wide.

In 2023-24 the District will see an overall increase of \$317.2 million in the capital resources. With the limited annual resources and aging buildings and systems, there has been a focus to bring in additional funds in support of establishing equitable student outcomes, stability and improved student experiences. Some additional sources of funding to date include Recovery Zone Bonds (RZB), Qualified Zone Academy Bonds (QZAB), Seismic Rehab Grant Program (SRGP), loans, and Oregon School Capital Improvement Matching Program (OSCIM).

In both November of 2012 and in May 2017, Portland voters overwhelmingly supported capital improvement bonds totaling nearly \$1.3 billion to upgrade PPS schools. The focus of those projects has been school modernizations, rebuilds, seismic improvements, roof replacements, and a variety of health & safety work across the district. The District's other capital resources have also been allocated to support the health & safety work including radon mitigation, lead paint, water quality, ADA upgrades, fire safety as well as support capacity expansions and emergency improvements.

In November of 2020, Portland voters again passed a bond, this time for \$1.21 billion, to support continued investments in health and safety of our aging school buildings with new roofs and mechanical systems, seismic retrofits, accessibility upgrades, improved Special Education learning environments, and security upgrades. Large capital projects and new investments in curriculum and technology round out the bond.

The District is tasked with the relocation of Harriet Tubman Middle School. The District has budgeted in \$122.5 million to support this initiative in 2023-24.

Over the long term, Portland Public Schools plans to modernize every school through a series of capital construction bonds, bringing them all up to modern facility and educational standards.

CONSTRUCTION EXCISE FUND (404)

This Capital Projects Fund accounts for the resources and requirements for school facility projects funded through the Construction Excise Tax as allowed under Senate Bill 1036.

The Construction Excise Tax was approved by the Board of Directors per Resolution No. 3833 on January 14, 2008. The tax is imposed on improvements to real property within the District's boundaries that result in new construction or additional square footage in an existing structure, with exemptions outlined in SB 1036. The use of funds is limited to capital improvements to school facilities.

The tax is collected on behalf of the District by the responsible local government jurisdiction issuing building permits.

IT SYSTEM PROJECT FUND (407)

This fund accounts for the Resources & Requirements supporting District Information Technology projects, primarily in these major areas: Teacher/Classroom Technology (laptops, projectors, document cameras), Information Systems (software applications, new systems), and Technical Infrastructure (core hardware and network services) as they relate to the District's school modernization efforts. There are many pressing needs for IT capital funding including student computing resources, teacher technology, process automation, and business systems.

To fund these projects, the Board issued debt in the amount of \$15 million. This borrowing was authorized per Board Resolution No. 4155 on October 5, 2009.

This fund was created on June 29, 2009 per Board Resolution No. 4106.

GO BONDS FUND (450)

This fund is used to manage capital expenditures for specifically authorized projects funded by General Obligation bonds. This fund will capture the expenditures for multiple borrowings, each of which funds a specific capital expenditure.

Current activity in this fund is related to the 2012, 2017 and 2020 bonds that were passed by voters in November 2012, May 2017 and November 2020.

The creation of this fund was authorized in accordance with Board Resolution No. 4416 on February 28, 2011. Detailed information on bond projects is available at <https://www.pps.net/Domain/62>.

PARTNERSHIP FUNDS (470)

This fund is used to manage non-bond-funded capital improvement work conducted by Portland Public Schools in conjunction with external partners; for example, with Concordia University at Faubion.

The creation of this fund was authorized in accordance with Board Resolution No. 5088 on May 12, 2015.

BOND PROGRAM SUMMARY

In November 2012, May 2017 and November 2020, Portland voters overwhelmingly supported capital improvement bonds totaling nearly \$2.5 billion to upgrade PPS schools. The majority of PPS schools were built before World War II, and are in need of significant remodeling and modernization.

The \$482 million 2012 School Building Improvement Bond enabled the district to make improvements to 51 schools. In addition, Franklin, Grant and Roosevelt High Schools were completely modernized and Faubion PK-8 was completely rebuilt. In addition to the modernization projects, the focus of the 2012 improvement bond work was:

- Seismic improvements
- New seismically strengthened roofs
- Accessibility improvements, including new elevators
- Science classroom upgrades

The planned work of the 2012 Bond is now complete, with minor funding remaining that may be used for bond-compensable projects once all other project funding reconciliations are complete. The \$790 million May 2017 Health, Safety and Modernization Bond is currently underway and reaching every school in the district. That work includes:

- Water quality improvements
- Roof replacements, including roof-level seismic improvements
- Security upgrades at all District schools
- Lead paint remediation
- Asbestos remediation
- Radon remediation
- Improving fire safety with the installation of new alarm and sprinkler systems
- ADA upgrades and improvements including new elevators

Modernization work funded by the 2017 bond is also proceeding. McDaniel High School (formerly known as Madison High School) has been completely modernized and a new Kellogg Middle School has been built. Both schools opened to students in fall of 2021. Construction of a new Lincoln High School began in January of 2020. Students will occupy the new building in fall of 2022 and the new athletic fields in 2023. Construction for the modernization of Benson Polytechnic High School began in summer of 2021 and is scheduled to be completed in fall of 2024.

The \$1.2 billion November 2020 Bond work includes:

- Replacing textbooks and curriculum materials
- Providing students with tablets and laptops and updating classroom and district technology
- Updating special education learning spaces

- Providing every school in the District with ground floor accessibility that meets requirements of the Americans with Disabilities Act (ADA)
- Replacing school roofs
- Partnering with grant funds to seismically retrofit select schools
- Replacing whole, or components of, heating, cooling and ventilation systems
- Addressing building modifications needed to support school enrollment or capacity changes
- Updating security cameras, intrusion alarm systems and classroom door locks

The measure also provides funding to modernize Jefferson High School, construct a new Multiple Pathways to Graduation building on the Benson campus, and complete master planning and design for Cleveland High School, Ida B. Wells (formerly Wilson) High School modernization projects, and additional capacity at Roosevelt High School.

Over the long term, Portland Public Schools plans to modernize every school through a series of capital construction bonds, bringing them all up to modern facility and educational standards.

OTHER CAPITAL PROJECTS

The Facilities and Projects and Construction Group manages planned, volunteer, and emergency repair/replacement work across the District. Projects range in scope and size from the very small repair projects, to large capital replacement projects such as mechanical system replacements. The work is categorized into seven categories: Health & Safety, Warm & Dry, Security, Legal/Regulatory, Delivery of Instruction, Delivery of Support Services, and Energy. Examples of the type of projects included in each category can be seen at the bottom of the document.

INTERNAL SERVICE FUNDS SUMMARY (600)

Fund 600 - Internal Service Fund Resources Summary

Fund 601 is the only sub-fund currently budgeted to the Internal Service Fund and it serves as a Self-Insurance Fund for Workers' Compensation. Growth in this fund is based on district estimates for these costs.

Fund 600 - Internal Service Fund Requirements Summary

Portland Public Schools is authorized by the State of Oregon as a workers' compensation self-insured employer. This fund accounts for costs in the program. An excess insurance policy is purchased to cover any claim that may exceed the self-insured retention of \$1 million.

Managed by the Risk Management department, self-insurance saves taxpayer money. Greater ability exists to develop workforce injury prevention initiatives (e.g., fall protection improvements, respiratory protection, ergonomics, kiln safety improvements, stage operations safety learning for theater teachers) and initiate return-to-work programs that promote keeping injured staff meaningfully engaged in their schools and offices during recovery (e.g., light duty work stations).

Costs include employee injury claim expenses, Third Party Administrator (TPA) contract fees, staff injury prevention programs, risk control initiatives, return to work efforts, premiums for excess insurance, and the statutory reserve funds.

Resources include earnings on investments, insurance recoveries, reimbursements from the Oregon Employer at Injury Program (EAIP), and revenues generated from payroll funds solely for the workers' compensation self-insurance program.

MULTNOMAH EDUCATION SERVICE DISTRICT ALLOCATION

The Multnomah Education Service District (MESD) is a public agency responsible for a variety of direct and indirect educational services to eight Multnomah County school districts as well as other public and private agencies and schools in the region. MESD's services are those best managed on a regional basis either because they are too costly for an individual district to support, or because demand for the service within a single district is limited.

MESD's core services are funded by the State School Fund, local property taxes, contracts and grants. The state allocates support to all Education Service Districts (ESD) in the state by granting each ESD a fixed share of the total ESD funding formula revenue. The ESD then allocates these funds to the participating local school districts.

The broad categories of services are Instructional Services, Special Education Services, School Health Services, Technology Services, and Administrative Support Services. There are more than 60 separate "resolution" services and programs from which component districts choose to spend their annual allocation. In addition, numerous programs are operated on a contracted or fee-for service basis. Some programs may be funded through both resolution and contract dollars.

The ESD determines the mix of services to be provided through discussions with advisory committees comprised of local school district representatives. The unit cost or actual cost for each of the services is determined by MESD.

Each participating local school district selects from a menu of services, the total cost of which shall not exceed the district's dollar allocation. Transit dollars are received from MESD as General Fund revenues in support of services that the District provides for itself. Transit dollars may be used to contract for additional services from MESD.

Transit Dollars: Funds allocated to the ESD through the State School Fund allocation model are then passed from the ESD to the District. Funds may be used by the District to purchase services from the ESD, to fund services provided directly by the District, or services may be purchased.

Resolution Dollars: Funds allocated to the ESD through the State School Fund allocation model. These funds stay at the ESD and are available to the District to purchase services. The services are selected from a menu detailed in MESD Local Service Plan.

Measure 5, which introduced property tax rate limits, was passed in 1990 and became effective starting in the 1991-92 tax year. When fully implemented in 1995-96, Measure 5 cut property tax rates an average of 51 percent from their 1990-91 levels.

Measure 50 was passed in 1997 and cut property taxes, introduced assessed value growth limits and replaced most tax levies with permanent tax rates. Permanent tax rate equals the maximum rate without voter approval. Measure 50 cut effective tax rates an average of 11 percent from their 1996-97 levels.

Measure 5 Limits

- \$5 per \$1,000 of Real Market Value (RMV)
- \$10 per \$1,000 of RMV for general government taxes
- Applied only to operating taxes, not bonds
- For each property, school taxes and general government taxes compared to their limits respectively

Measure 50 Limits

- Assessed Value (AV) for 1997-98 was set at 90% of 1995-96 AV for each property and permanent rates were established for taxing districts
- For existing property, annual growth of AV limited to 3%
- For new property, AV = RMV multiplied by AV/RMV of similar property

DEBT SERVICE OVERVIEW

Pension Bonds

In October 2002 Portland Public Schools participated as one of forty-one Oregon school districts and education service districts in issuing limited tax pension bonds. The proceeds were used to finance a portion of the estimated unfunded actuarial liability of each participating school district with the Oregon Public Employees Retirement System (“PERS”). The Oregon School Boards Association (“OSBA”) sponsored this pooled limited tax pension bond program. The OSBA does not have a financial obligation in connection with the bonds issued under the program. Except for the payment of its pension bond payments and additional charges when due, each participating school district has no obligation or liability to any other participating school district’s pension bonds or liabilities to PERS. In April 2003, OSBA sponsored another pooled limited tax pension bond program with thirty school districts and education service districts. Payments of yearly principal and interest are recorded as financial statement expenditures in instruction and in support services.

On October 31, 2002, the District issued \$210.1 million Limited Tax Pension Bonds, Series 2002 (Federally Taxable), of which \$53.5 million are Series 2002A (deferred interest bonds) and \$156.6 million are Series 2002B (current interest bonds). The Series 2002A Bonds were paid off June 30, 2020. The 2002B Bonds are payable annually through June 2028. During 2012, \$14.2 million of Series 2002 Pension Bonds were refinanced. The Series 2012 Refunding was paid off June 30, 2021.

On April 30, 2003, the District issued \$281.2 million Limited Tax Pension Bonds, Series 2003 (Federally Taxable), of which \$124.8 million are Series 2003A (deferred interest bonds) and \$156.4 million are Series 2003B (current interest bonds). The Series 2003 Limited Tax Pension Bonds are payable annually through June 2028.

On July 15, 2021 the District issued \$399.4 million Full Faith and Credit Pension Bonds, Series 2021 (Federally Taxable). The Series 2021 Full Faith and Credit Bonds are payable annually through June 2040.

The District anticipates the total costs of financing the District’s UAL with Limited Tax and Full Faith and Credit Pension Bonds will result in a significant savings to the District when compared to paying for such costs as additional contribution rates to PERS.

General Obligation Bonds

As part of a \$482.0 million capital bond measure passed by District voters in 2012, the District issued the following General Obligation debt to finance school renovation and replacement:

On May 1, 2013, the District issued \$68.6 million in General Obligation Bonds, Series 2013B. The bonds mature on June 15, 2033 with principal payments due annually on June 15. On December 30, 2020 \$50.4 million of Series 2013B General Obligation Bonds were refinanced through an advance refunding.

On April 30, 2015, the District issued \$244.7 million in General Obligation Bonds, Series 2015B. The bonds mature on June 15, 2033 with principal payments due annually on June 15.

On August 10, 2017, the District issued \$62.2 million in General Obligation Bonds, Series 2017B. The bonds mature on June 15, 2030, with principal payments due annually on June 15.

As part of a \$790.0 million capital bond measure passed by District voters in 2017, the District has issued the following General Obligation debt to finance school renovation and replacement:

On August 10, 2017, the District issued \$179.7 million in General Obligation Bonds, Series 2017B. The bonds mature on June 15, 2044 with principal payments due annually on June 15.

On April 14, 2020, the District issued \$441.3 million in General Obligation Bonds, Series 2020. The bonds mature on June 15, 2037, with principal payments due annually on June 15.

On December 30, 2020, the District Issued \$54.0 million in General Obligation Advance Refunding Bonds, Series 2020C. The bond proceeds were used to redeem Series 2013B bonds. The bonds mature on June 15, 2033, with principal payments due annually on June 15. The Series 2020C Bonds maturing on or after June 15, 2031 are subject to optional early redemption. The total amount of interest savings (economic gain) as a result of the refinancing is \$6.2 million. The present value of future cash savings as a result of the refinancing is \$5.5 million.

As part of a \$1.2 billion capital bond measure passed by District voters in November 2020, the District issued the following General Obligation debt to finance school renovation and replacement:

On December 30, 2020, the District Issued \$365.5 million in General Obligation Bonds, Series 2020B. The bonds mature on June 15, 2046, with principal payments due annually on June 15.

On April 27, 2023, the District Issued \$420.0 million in General Obligation Bonds, Series 2023. The bonds mature on June 15, 2049, with principal payments due annually on June 15.

Article XI-K of the Oregon Constitution allows the state to guarantee the general obligation bonded indebtedness of school districts. For the Series 2013B, 2015B, 2017B, 2020, 2020B, and 2020C General Obligation Bonds mentioned immediately above, the District participated in the Oregon School Bond Guaranty program (ORS 328.321 to 328.356), whereby the State of Oregon (State) guarantees all principal and interest payments until maturity will be made to bondholders when due. Should the District fail to make a payment of debt service on these bonds when due, the State will make the payment on behalf of the District, and then will seek recovery from the District. The State may recover funds by means of intercepting any source of operating monies normally remitted from the State to the District. Since the inception of the bonds, the District has not used the guarantee.

Other Debt

On November 9, 2016, the District issued \$5.0 million in Full Faith and Credit Obligations, Series 2016. The obligations mature on December 1, 2031. The obligations carry a prepayment option such that any or all outstanding maturities may be redeemed on or after December 1, 2018.

On August 4, 2016 the District issued \$4.0 million in Qualified Zone Academy (QZAB) Bonds, Series 2016. The District pays no interest over the 20 year term of the bonds. The bonds carry a 4.39 percent interest rate for structuring purposes, but the purchaser of the bonds receives a Federal tax credit in lieu of interest earnings. The bonds mature on August 4, 2036.

Legal Debt Limit

ORS 328.245 establishes a parameter of bonded indebtedness for school districts. Aggregates are governed by real market values within the District based on the following:

For each grade from kindergarten to eighth for which the District operates schools, fifty-five one-hundredths of one percent (.0055) of the real market value. For each grade from ninth to twelfth for which the District operates schools, seventy-five one-hundredths of one percent (.0075) of the real market value. 10 years of Legal Debt Margin information from the District's 2022 Annual Comprehensive Financial Report is included on the following page.

PERSONNEL RESOURCE ALLOCATIONS

The charts on the following pages depict staffing allocations from four previous years, as well as this year's budget. These allocations are broken out by their program type. Descriptions of the type of activity being carried out can be found below. Staff are further broken down by employee type. Direct Instruction refers to any activity dealing directly with the teaching of students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, or in other learning situations such as those involving co-curricular activities. All Others refers to support services - services which provide administrative, technical, personal (such as guidance and health), and logistical support to facilitate and enhance instruction; community services, such as nutrition services; and all other areas in which the district provides direct personnel resources, such as construction management.

For the 2023-24 year, the staffing allocations are preliminary and should not be considered final. Assignments to the various programs can and will change as the District progresses through the various phases of budget development, spring staffing and fall balancing. Final staffing allocations are not completed until after the beginning of the school year. For previous budget years, these allocations are drawn from the final budgets.

2023-24 Budgeted Personnel Resource Allocations

SCHOOL STAFFING

Beginning in 2019-20, in an effort to transform school and student achievement, differentiated levels of supports and resources were allocated to the schools with the greatest needs. Schools designated as Title I, Comprehensive Supports for Improvement (CSI), or Targeted Supports for Improvement (TSI) are considered those with the highest needs. CSI and TSI are federally required designations under the Every Student Succeeds Act (ESSA). The schools designated as CSI and TSI changed for 2023-24, but the main supports and resources provided to schools designated as Title I, CSI, or TSI did not change. Additional supports were also allocated to the schools that were no longer designated as Title I, CSI, or TSI for 2023-24, in order to mitigate the loss of supports for which they would no longer qualify without designation.

School staffing for 2023-24 was based on projected October 2023 enrollment, which primarily uses the actual October 2022 enrollment as the base, with adjustments made for population and housing changes and the grade progression rates at each school. The Southeast Guiding Coalition changes were also incorporated into the school staffing for 2023-24, which includes boundary and program changes at numerous schools, the conversion of a K-8 to separate elementary and middle schools, and the merging of a focus option program with a school. After seeing large enrollment declines with the COVID-19 pandemic, enrollment has generally stabilized. Enrollment is still expected to decline, but not at the rate experienced during the pandemic. During the pandemic, enrollment-related staff losses that schools would have seen were offset using Elementary and Secondary School Emergency Relief Fund (ESSER) grant funds. For 2023-24, with a decline in ESSER grant funds, schools are being staffed to align with projected enrollment. The ESSER grant funds were also used to fund the Online Learning Academy during the pandemic and that program will be closing at the end of the 2022-23 school year. For 2023-24, all schools will receive over \$100,000 for school improvement to distribute the remaining ESSER funds across the District schools.

In addition to the ESSER funded school improvement grants, the main priorities for the 2023-24 school staffing are to continue previous targeted investments, continue the improved K-8 class size staffing thresholds set in 2022-23, revise the comprehensive middle school staffing formula, and add Instructional Coaches to all schools.

The information below provides the details associated with staffing assignments to the schools in the district, including the General Fund, the Student Investment Account (SIA), and Elementary and Secondary School Emergency Relief Fund (ESSER) grant funds.

Teacher Staffing

Grades K-5

The improved K-5 class size maximums from 2022-23 continue for 2023-24. The number of teachers needed are identified for grades K-5 by sections of students. A section is a group of students that are participating in a specific program. For instance, a section could be a group enrolled in a traditional neighborhood program or a group enrolled in a language immersion program. When assigning teachers based on sections, schools are able to ensure that there are enough teachers to teach at each grade for each section. If sections aren't considered, it is possible for a school to receive an inadequate number of teachers for a particular grade level for both the neighborhood class and the immersion class.

Once school starts, additional teachers may be added to address unexpected enrollment or to improve class sizes in the largest classes. Exceptions to the maximum class size may occur where a school facility does not have space for an additional section, or if there are programmatic reasons for a slightly larger class size (as in an immersion program).

Very few classes are expected to be at the maximum class size.

The table displays the maximum class sizes used for staffing, along with expected class size ranges:

Grade	CSI Schools		Title I Schools		Other Schools	
	Maximum Class Size	Class Size Ranges	Maximum Class Size	Class Size Ranges	Maximum Class Size	Class Size Ranges
KG	24	13-24	28	15-28	29	15-29
1	26	14-26	28	15-28	31	16-31
2	28	15-28	28	15-28	32	17-32
3	28	15-28	28	15-28	33	17-33
4	32	17-32	32	17-32	33	17-33
5	32	17-32	32	17-32	33	17-33

K-5 Special Education (SPED) Focus Students and K-5 Homeroom participation

Students in SPED focus Classrooms are counted as half time participants in homerooms when they spend 1 to 3 hours in the general homeroom, which means these students are included in the enrollment used for the homeroom allocation. If the focus classroom student does not attend a general homeroom during the day, they will not be counted in the classroom size or enrollment for the homeroom allocation. All focus class students are counted fully in the overall school enrollment for the other allocations.

Kindergarten Educational Assistants at Title I Schools

Title I will continue to fund part of the Kindergarten Educational Assistants (EAs) for 15 hours per week and SIA will fund 20 hours per week to ensure EAs continue to be 35 hours per week for schools where the total school population is 60% or greater historically underserved students. The KG EAs are only allocated where the KG class sizes are 17 or higher.

General Fund K-5 Arts

The City of Portland, through the Arts Education and Access tax, provides funding for art teachers for students in Kindergarten to 5th grades. This funding must be used to hire licensed teachers for the arts (music, art, dance, drama) for students. The table below shows the allotment of arts teachers based on student enrollment in schools.

K-5 Enrollment	City of Portland Arts FTE
<334	0.50 arts teacher
334 to 556	1.00 arts teacher
>557	1.50 arts teacher

With the continued investment in the Arts Pathway, many schools receive additional Art allocations funded by SIA to ensure they can offer both visual arts and music to students. With declining enrollment, not all Arts Pathway schools need additional FTE above the Arts Tax allocation to continue to offer both visual arts and music, but as Arts Pathway schools they will continue to offer both forms of Art.

Elementary PE Allocation

Each K-5 and K-8 school is allocated PE teachers to ensure each K-5 Homeroom and SPED Focus Classrooms can have PE three times per week.

Grade 6-8 Teacher Staffing in K-8 Schools

The improved 6-8 class size maximums from 2022-23 continue for 2023-24. In middle grades at K-8 schools, the number of teachers allocated is based on the estimated number of sections needed per grade level using a maximum size of 33 for Title I Schools and 34 for the other schools. Additional FTE is added to cover instructional periods and teacher planning periods for each teacher. Each section requires 1.2 FTE because there are 6 periods for students and teachers only teach 5 periods. The overall 6-8 FTE is rounded up to the nearest 0.5 FTE. For example, 200 6th graders require 7 sections, since it is rounded up. In a 6 period schedule, these 7 sections produce 8.5 FTE to account for the planning periods and to ensure adequate teaching staff.

Additional targeted investments for the middle grades include additional teacher allocations for additional electives at many K-8 schools.

Grade 6-8 Teacher Staffing in Middle Schools

The Middle School Staffing Formula changed for 2023-24 to align with the High School Formula to provide a more equitable distribution of FTE across comprehensive middle schools. The previous Middle School Staffing Formula was aligned to how we staff K-5 schools by sections. In the new formula, there is a base allocation and a ratio based on the school size, with differentiation for schools on a 6 and 7 period day, whether a school has Immersion, and if the school is Title-I. Immersion schools receive an additional 1.0 FTE per language.

		Title 7 Period Day	Other 7 Period Day	Other 6 Period Day
Small < 550	Ratio	22:1	23:1	24:1
	Base	2.0 FTE	1.0 FTE	0.0 FTE
Large >550	Ratio	25:1	27:1	24:1
	Base	5.0 FTE	4.5 FTE	0.0 FTE

Grade 9-12 Teacher Staffing

Teacher allocation for high schools is based on the total projected enrollment with a base allocation in both large and small schools. Schools identified as needing additional support (TSI and CSI) will continue to be allocated based on the 2019-20 ratios. This approach assures parity of course offerings amongst high schools, the ability to keep student-teacher load between a range of 160-190, and provides the necessary resources to meet the state Instructional Time Requirements.

Additional targeted investments for high schools in response to the COVID-19 pandemic include credit recovery teacher FTE for all schools. The FTE was reduced, but continuing in all high schools.

		TSI / CSI Schools	Other Schools
Small Schools <1,000	Ratio	23.4:1	24.2:1
	Base	5 FTE	5 FTE
Large Schools >1,000	Ratio	25.8:1	26.8:1
	Base	9 FTE	9 FTE

Equity Funding

In an effort to align with our RESJ lens across the District, additional resources are allocated to schools in need through Equity Funding. The equity allocation is eight percent of the total funding allocated for instructional staff, with half of the Equity FTE allocated to schools based on students' Socio-Economic Status, and the other half of the Equity FTE provided to schools based on the number and percentage of Historically Underserved students. Each school receives a two-part allocation: (i) resources based on Socio- Economic Status (4%) and (ii) resources based on Combined Historically Underserved population (4%). As mentioned earlier, Kindergarten EAs are allocated to schools with more than 60% Combined Historically Underserved population.

The graphic represents the percentage of resources used for instructors in K-5, K-8, and 6-8 schools, and helps illustrate the percentage of resources reserved for equity funding. Note that K-5 Art is funded mainly from the City of Portland and is not included here.

- i. Socio-Economic Status FTE is determined based on each school's number of students who are eligible for free meals by Direct Certification. Direct Certification is a proxy measure to determine economic disadvantage. Direct Certification is based on income level or a categorical reason such as participation in the Supplemental Nutrition Assistance Program, Temporary Assistance for Needy Families, or Foster Care. All schools where more than 15% of students are identified as eligible will receive Equity funding. This 15% minimum requirement (floor) was designed to concentrate the allocation of the Equity resources to higher poverty schools.
- ii. Combined Historically Underserved funding is determined based on each school's number of students who are identified as at least one of the groups considered Historically Underserved (HU). Combined Historically Underserved students include:
 - Special Education Eligibility
 - English Language Learner (receive English Language Development services)
 - Free meal eligibility by Direct Certification (see above for definition)
 - Identification as any the following races:
 - ▶ African-American
 - ▶ Latino
 - ▶ Native American
 - ▶ Pacific Islander
 - ▶ Multiracial, which includes any of the races listed above

Schools with more than 40% of students meeting this criterion will receive a Combined Historically Underserved allocation. This 40% minimum requirement was designed to focus the allocation of the Equity resources to schools with higher concentrations of historically underserved students.

School-Wide Support

The School-Wide Support Tables (shown below) indicate the number and types of positions allocated to each school for administrative and other basic supports. The allocations are based on the school size and configuration (K-5, K-8, middle, or high schools). FTE on all tables is shown in Licensed Equivalents, with Secretary positions represented as half a certified FTE. Counselor allocations are shown in a separate table below the school configuration tables.

Counselor FTE Allocated by School Enrollment

The allocation of Counselors is based on the total school enrollment. All K-5 and K-8 schools receive a minimum of 1.0 Counselor, using a ratio of 400:1. All middle schools receive a minimum of 2.0 Counselors, using a ratio of 250:1. High Schools have a ratio of 300:1. All FTE is rounded to the nearest 0.5 FTE. The table below shows the FTE allocated based on the enrollment thresholds and school types using the different ratios.

FTE Allocated by School Enrollment	1.00	1.50	2.00	2.50	3.00	3.50	4.00	4.50	5.00	5.50	6.00	6.50	7.00	7.50

Additional Need-Based FTE

A formula cannot always reflect the special circumstances of a particular school. As a result, it is sometimes necessary to make additional allocations to account for unusual school requirements or schools in transitioning situations.

Special Situations

Other special situations that require additional FTE include:

- Schools operating on more than one site
- Schools faced with significant transition, such as those undergoing a move due to capital improvement/bond planning, reconfiguring, or newly opening
- Adjustments made for programs that require additional investment. Some of these include:
 - ▶ IB Program
 - ▶ Makerspace

CSI/TSI/Title I Additional Supports

As noted in the Teacher Staffing sections above, there are differentials applied at the different grade bands based on school type and CSI/TSI/Title I designations. CSI/TSI/Title I schools also receive additional supports as noted below by school type and designation.

Allocation Type	Designations Included	K5	K8	MS	HS
0.5 AP for Single Administrator Schools (1)	CSI/TSI/Title I	0.5	0.5		
Additional Instructional Coach (2)	CSI	0.5	0.5	0.5	1.5
Social Worker	TSI/Title I		0.5	0.5	
Restorative Justice Student Success Advocate	CSI/TSI/Title I		1	1	

1. 0.5 Assistant Principal FTE can be combined with 0.7 Equity FTE to fund a 1.0 Assistant Principal OR 0.3 Equity FTE to fund a 1.0 School Climate Specialist.
2. Previously all CSI schools received 1.5 Instructional Specialist FTE and TSI/Title I K5s, K8s, middle schools received 1.0 Instructional Specialist FTE. Middle Schools

ESSER School Improvement Grants

New for 2023-24, all schools will receive over \$100,000 for school improvement to spend down the remaining ESSER funds in a more equal way. Each school receives a base allocation of \$100,000 and additional \$11 per student based on the projected enrollment.

These grants are using expiring ESSER dollars to provide schools with flexibility to make a strategic investment focused on improving student outcomes. The ESSER School Improvement Grants are to be used to address achievement gaps and may be used for

- Professional development
- Targeted intervention for a focal set of students
- FTE academic support*
- Other non-FTE-related efforts that support improved academic outcomes for students

Principals, in consultation with their supervisors, will provide a School Continuous Improvement Plan (SCIP) supportive rationale for how they choose to invest these monies; site councils should also be involved.

*Principals that plan to use more than \$75,000 from local school foundation resources, excluding PPS Parent Fund Awards, cannot use this school improvement grant on staff FTE. Schools that plan to use less than \$75,000 from local school foundation resources can use at most 70% of the overall ESSER school improvement grant on staff FTE.

Grant Funds and Special Revenue Funds

Many schools have grant and/or special revenue funds that provide for additional staff in the schools.

ESSA Partnership Funds for CSI and TSI Schools

New for 2023-24, schools designated as CSI and TSI received funds from the *Federal School Improvement Funds to Support CSI and TSI Schools*, a new grant from ODE. The funds are expected to be used to enhance school-level activities to support focal students and continuous improvement efforts informed by comprehensive data analysis and ongoing community engagement.

Title IA Allocations

Title IA is a federal grant that is intended to support students in poverty. These grant funds are allocated in dollars and may be used for certified and classified staff, but cannot be used for core content teachers. Dollars are allocated per qualifying student. A significant amount of the Title IA funds received by the District are allocated directly to elementary, middle, and K-8 schools where at least 33% of the students would qualify for free meals through Direct Certification. High schools only receive Title I funding if they are identified as "High Poverty" by a Direct Certification percentage of 46.8%, which is equivalent to 75% Free or Reduced-Price Meals under the prior calculation method of collecting meal applications.

High School Success Fund

High School Success is a fund initiated by ballot Measure 98 in November 2016. Funding is provided to establish or expand programs in three specific areas: Dropout Prevention, Career & Technical Education, and College Level Education Opportunities.

High Schools receive additional FTE for high school success teams through Measure 98 funding. The allocation includes FTE for the following types of positions which may vary by school: instructional coaches, release time for 9th grade teachers to collaborate, student engagement coaches, CTE teachers, Pathways Pilot, and College Coordinators.

PPS Equity Fund Awards (PPS Parent Fund)

In 1994-95, on the heels of Measure 5's cuts to public education, parents from a number of Portland schools asked the Portland Public School Board to allow them to create a vehicle for raising private dollars to support teaching and staff positions at their schools. The Portland School Board allowed for the creation of a Portland Schools Foundation, enabling Local School Foundations to fundraise for staffing through this vehicle. The School Board also required that an "Equity Fund" be established. One-third of all funds raised (after the first \$10,000) by Local School Foundations is set aside in the PPS Parent Fund. The Portland Schools Foundation later became All Hands Raised, but The Fund for PPS took over oversight of Local School Foundations when it was established in 2019. The Fund for PPS stewards and distributes the one-third through PPS Parent Fund Awards to high-need schools using demographic data; a formula that is examined each year to ensure the funds are reaching the highest need schools.

English Language Development Staffing

English Language Development (ELD) school-based funding and staffing is a supplemental allocation intended to support school ELD programs and services. ELD staffing allocations, for both classified and licensed staff, must be used to help students attain proficiency in English, which is critical to their overall academic success.

Beginning with the 2022-23 staffing, PPS revised the ELD staffing methodology. ELD licensed and classified FTE is allocated based on weighting students based on proficiency levels. This change was made to allocate FTE to students based on need for ELD services. For example, PISA students are high school newcomers to the United States; Emerging students have lower levels of proficiency and require more support in comparison to a student who is identified as progressing. In the past, calculations were based on the number of students and kindergarten students at Immersion schools were not included in those counts. All ELD students are now included in the weighting and calculations.

School FTE allocations are based on the most current English Language Proficiency Assessment (ELPA) or the ELPA Screener scores, if no ELPA test has been taken, for each student slated to attend the school in the next year.

The weighting provides FTE for ELD staff as well as additional FTE to support ELD students throughout the day.

Proficiency Level (Domains = Reading, Writing, Speaking, and Listening)	Weighting for General Fund Staffing Formulas*	Weight for ELD Staffing Allocation Based on Need for ELD Services
PISA Students	1.0	2.375
Emerging	1.0	1.5
No Test Taken	1.0	1.0
Progressing with a total sum of 4-8 from all assessed domains	1.0	1.25
Progressing with a total sum of 9-13 from all assessed domains	1.0	1.0
Progressing with a total sum of 14-15 from all assessed domains	1.0	0.5
Progressing with a total sum of 16-17 from all assessed domains	1.0	0.25
Progressing, ready to test out, with a total sum of 18 from all assessed domains	1.0	0**

***1.0 weighting of ELD students is included in all general fund staffing formulas including instructor FTE, homeroom classrooms, Equity FTE, counselor ratios, etc.**

****A weight of 0 is only used for the initial staffing allocations as students are assumed to test out. A weight of 0.25 will be used after Spring ELPA scores are received, for any students who did not exit.**

Licensed ELD staffing formula:

ELD Teacher staffing is based on the sum of the weighting of students and allocated as described in the table below.

EB Students (weighted)	Teacher Allocation
1-14	Allocated Itinerant ELD Teacher or Language Support Teacher (0.25)
15-35	0.50
36-56	1.00
57-81	1.50
82-106	2.00
107-136	2.50
137-166	3.00
167-197	3.50
198-228	4.00
229>	4.50

Bilingual Educational Assistants

Bilingual Educational Assistant (EA) staffing is based on the sum of the weighting of students. EAs provide students support during core classes and provide invaluable support for linguistically diverse families.

This allocation model is described in the table below:

EB Students (weighted)	EA Allocation (0.875 FTE (35 hours) considered full-time)
Fewer than 50	No EA Allocation
50-99	0.438 FTE (half-time EA)
100-149	0.875 FTE (1 EA)
150-199	1.313 FTE (1.5 EAs)
200-249	1.75 FTE (2 EAs)

Special Education (SPED) Staffing

Special Education staff includes Learning Center teachers, Speech Pathologists, School Psychologists, Paraeducators, Motor Team staff (Adaptive PE, Physical Therapists, and Occupational Therapists), and other specialists.

Special Education services also include classrooms located in various schools, designated for the support of special student populations. The methods for allocating teachers and paraeducators for these various settings are described below.

Allocations of teachers and assistants are made on the basis of the best information available at the time staffing is completed in the spring. Depending upon the resources available, these allocations may be adjusted based on updated information at the beginning of the school year.

The staffing listed below outlines the current staffing levels for 2023-24, which remain mostly unchanged from 2022-23, except for the School Psychologist allocation.

School Psychologists (K-12)

School Psychologists are allocated based on total school enrollment now and rounded to the nearest 0.20. Previously they were allocated based on the number of special education students. Schedules will continue to be divided into full days at each school they serve. These FTEs are centrally managed.

Grade-Level	Students (total overall enrollment at the school) to School Psychologist Ratio
K-5	1:850
K-8	1:850
6-8	1:850
K-12	1:850
HS	1:1000

Speech and Language Pathologists (K-12)

Speech and Language Pathologists are allocated based on the number of students receiving speech services. Allocations are rounded to the nearest 0.2 FTE to provide for full days at each school, reducing lost service due to time spent traveling between buildings. These FTEs are managed centrally.

Grade-Level	Students to Speech and Language Pathologist Ratio
K-8	1:50
HS	1:55

Designated Special Education Classrooms

Staffing allocations for Specialized Focused classrooms at high-need school sites is as follows, with a student maximum of 13, per classroom:

Classroom Type	Grade-Level	Teacher	Para-educators	Therapeutic Intervention Coach (TIC)	Qualified Mental Health Professional (QMHP)
Social Emotional Skills Classrooms (SES)	K-5	1	3	0.5 per class	0.5
	6-8	1	3		0.5
	HS	1	2	1	1
Communication Behavior Classrooms (CB)	K-8	1	3		
Intensive Skills Centers (ISC)	K-12	1	3		
Communication Behavior - CB Team	6-8	1	3		
	HS*	1	1		

*HS CB Team FTE is allocated for every 15 eligible students

One-to-One Paraeducators

Designated paraeducators will be assigned to schools to meet the needs of students as indicated by services on an Individual Education Plan (IEP). All designated support paraeducators for adult assistance in all grades K-12 will be allocated from an FTE pool managed by the central Special Education department. Designated supports are assigned to a student based on the need outlined within the IEP. These supports are removed when the support is no longer required for that student or the student no longer attends the school.

Learning Center Teachers (K-12)

All Learning Center teachers are allocated in 0.5 FTE increments. The learning center ratio for K-5, K-8, 6-8 and K-12 are as follows:

K-8 Learning Center Formula

- Every 14 eligible students = 0.5 FTE

High School Learning Center Formula

- Every 15 eligible students = 0.5 FTE

Students included for forecasted allocation:

- Students currently eligible and currently receiving Learning Center Supports
- 80% of students in process of establishing initial eligibility for Special Education (K-8 only)
- 100% of all incoming kindergarten students who are on an IEP (K-5 and K-8 only)

STUDENT ENROLLMENT HISTORY AND PROJECTED ENROLLMENT

School staffing for 2023-24 was based on projected October 2023 enrollment, which primarily uses the actual October 2022 enrollment as the base, with adjustments made for population and housing changes and the grade progression rates at each school. The Southeast Guiding Coalition changes were also incorporated into the enrollment projections for 2023-24, which includes boundary and program changes at numerous schools, the conversion of a K-8 to separate Elementary and Middle Schools, and the merging of a focus option program with a school. After seeing large enrollment declines with the COVID-19 pandemic from 2019-20 to 2021-22, enrollment has generally stabilized. Enrollment is still expected to decline, but not at the rate experienced during the pandemic. The graph below shows the impact of the pandemic and future projections.

The process of projecting enrollment figures is also called “forecasting”; these figures have been computed by [Portland State University’s Population and Research Center \(PRC\)](#). PRC has calculated district enrollment projections for PPS since 1999. Projections account for changes in school configuration (e.g., adding a grade, a new school or program, a program expansion, changes in transfer policy or boundaries, or changing demographic factors) and neighborhood changes (e.g., known future housing developments). PRC provides three different levels of district enrollment forecasts - low, middle and high. The middle forecast is used, and low and high forecasts show the potential variance.

PPS’ enrollment projections by PRC are done at the district, cluster and school level. PRC uses a “grade progression model,” also referred to as a “cohort survival method” to forecast enrollment at individual schools. Projected enrollment in any given school and grade is based on the previous year’s grade at that school with adjustments for how students have progressed from grade to grade in the recent past. For example, next year’s third grade enrollment at School A is based on the current number of second graders in School A and the percent of students matriculating from second grade to third grade at School A in the previous three years.

Beginning in 2018-19, PRC generated enrollment projections separately for the Neighborhood and co-located program for each grade in grades K-8. For example, School B has both a Neighborhood and Immersion program. The projections for each grade is broken out between the Neighborhood and Immersion program.

For the beginning grade level at a school (i.e., Kindergarten, 6th, and 9th grades), projections are based on the historic share of residents that attend the schools and on transfer trends. Kindergarten forecasts are informed by birth data collected by health agencies.

All school level forecasts are reconciled with the overall cluster and district projections. PRC projections are completed in December, and adjustments to the PRC forecast may be made later in the year when there are school consolidations, program changes or expansions, configuration changes, changes in the numbers of students to be accepted for transfers and other factors associated with the transfer process, and any other changes that would not be known by PRC at the time of their forecast.

STUDENT PERFORMANCE MEASURES

Four Year Cohort Graduation Rates

The four-year cohort graduation rate is the percentage of students in the cohort who earn a high school diploma or modified high school diploma within four years of entering high school. Students earning General Education Development (GEDs), or adult high school diplomas, or extended diplomas are not counted as graduates.

Oregon Department of Education (ODE) calculates graduation rates for accountable schools throughout the state. The graduation cohort for a school is made up of all students in the cohort whose last accountable enrollment was at that school.

Students leave a school's cohort if they transfer:

- To another accountable school, including a charter school
- Out of the district, state or country
- To home or private school

Students remain in a school's cohort if they:

- Transfer to a community-based alternative program
- Transfer to a non-accountable district program
- Drop out

The following data are the four-year cohort graduation rates for 2017-18 through 2021-22. PPS continues to have a higher four-year cohort graduation rate than the state.

Source: ODE Cohort Graduation Rates

Dropout Rates

Dropout rates are one-year rates and are unrelated to the four-year cohort graduation rates. ODE calculates one-year dropout rates for accountable schools throughout the state.

As defined in ORS 339.505, a dropout is an individual who has enrolled for the current school year, or was enrolled in a previous school year and did not attend during the current school year:

- Is not a high school graduate
- Has not received a GED certificate
- Has withdrawn from school

Dropouts do NOT include students who:

- Transferred to another district, state or country
- Transferred to home or private school
- Are enrolled in an alternative school or hospital education program
- Are enrolled in a juvenile detention facility
- Are enrolled in a foreign exchange program
- Are temporarily absent because of suspension, a family emergency, or severe health problems that prevent attendance at school
- Received an Extended Diploma, Adult High School diploma, GED, or alternative certificate
- are deceased

The following data are the one-year dropout rates for 2017-18 through 2021-22. Rates for 2019-20 and 2020-21 are not comparable with other years, due to the emergency suspension of the requirement to withdraw students after 10 days of consecutive absence during the COVID pandemic.

ODE Statewide Assessments

Oregon public schools test students in English Language Arts (ELA) and math in grades 3 through 8 and 11. Oregon’s ELA and math summative assessments go beyond multiple-choice questions to include extended response and technology enhanced items, as well as performance tasks that allow students to demonstrate critical-thinking and problem-solving skills. Performance tasks challenge students to apply their knowledge and skills to respond to complex real-world problems. They can best be described as collections of questions and activities that are coherently connected to a single theme or scenario. These activities are meant to measure capacities such as depth of understanding, writing and research skills, and complex analysis, which cannot be adequately assessed with traditional assessment questions.

Overall results for all schools and grades for PPS and the State for Math and ELA are shown below. Due to the COVID pandemic, the statewide assessments were halted so there are no data available for 2019-20 and 2020-21. Statewide testing resumed in 2021-22.

PPS scored approximately 11% higher than the state in ELA and 13% higher than the state for Math in 2021-22.

STUDENT DEMOGRAPHICS

Student Equity Demographics

The District has two demographics that are used as measures of equity, which are used as part of School Staffing allocations: Direct Certification and Combined Historically Underserved. Direct Certification is a subset of Combined Historically Underserved. The overall percentages for PPS are displayed below. Both percentages rose slightly with the COVID pandemic and have stayed relatively stable since.

Source: PPS October 1 Enrollment

The Combined Underserved category was originally established by the Oregon Department of Education as part of the requirements of the ESEA Waiver. PPS' current definition of Combined Underserved includes students eligible to receive:

- Free meals by Direct Certification
- Special Education Services
- English Language Development (ELD) services

Or:

- Students with any of the following races, ethnicities, or ancestry:
 - ▶ Black
 - ▶ Latino/Hispanic
 - ▶ Native American
 - ▶ Pacific Islander

Students eligible to receive free meals by Direct Certification are students who are eligible for free meals, as identified by the state. Direct Certification status is determined by state agencies and shared electronically with school districts. Students or families qualify for Direct Certification through a number of avenues such as eligibility for Supplemental Nutrition Assistance Program (SNAP) or Temporary Assistance for Needy Families (TANF), Migrant Ed, or foster care. Direct Certification does not include students eligible for:

- Free or reduced meals by paper application
- Free meals because they are enrolled in a CEP school but are not Direct Certified by the state.

Free Meal by Direct Certification is the only comparable measure of economic hardship across all schools.

High poverty schools are labeled Community Eligibility Provisioning (CEP) schools. Through CEP, the federal government provides free meals to all students, including students who would not normally qualify for free meals. At CEP schools all students eat for free and therefore paper applications are not collected. Head Start Pre-K is only available to students from low-income families, and all students are meal eligible. For more information about CEP please see this website: <http://www.pps.net/Page/2088>

At non-CEP schools, a combination of paper applications and Direct Certification are used to identify who qualifies for free or reduced price meals. The federal government provides free meals to families whose income is at or below 130% of the federal poverty level, according to information supplied voluntarily by families in paper applications. Paper applications are also used to identify families whose income is at or below 185% of the poverty level to whom the federal government provides reduced price meals. Starting in 2015-16, the state of Oregon provides additional funding so all students living at 185% of poverty can eat for free. Federal income guidelines for 130% and 185% poverty for each school year can be found here: <https://www.fns.usda.gov/cn/income-eligibility-guidelines>.

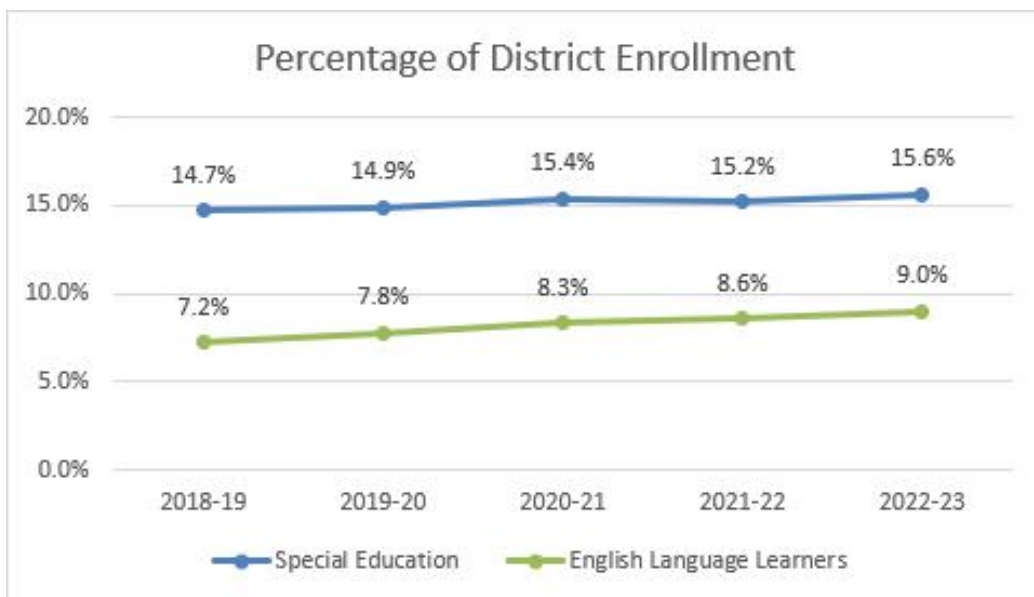

Special Education and English Language Learners Subgroups

Students eligible for Special Education are students with an Individual Education Plan (IEP) receiving special education services.

Students identified as English Language Learners are students who are eligible to receive English Language Development (ELD) services.

There has been a slow but steady increase in the percentage of Special Education Students at PPS since 2018-19.

Due to a statewide change in the Assessment in 2019-20, more students were identified as English Language Learners across the state, which is what the PPS data reflects as well. Additionally, due to the COVID pandemic, students were not tested which has impacted the 2020-21 and 2021-22 percentages. Students began testing again at the end of 2021-22 school year, so the 2022-23 data reflects the impact of the COVID pandemic and lack of testing.

Source: PPS October 1 Enrollment

Student Race/Ethnicity Percentages

The overall percentages of PPS students by race/ethnicity has shifted slightly over the past five years. There has been a slight decline in White, Asian, and Black students whereas there has been a slight increase in Multiple-Asian/White, Latino and Multiple-Other Ancestries students. The percentages of students by race/ethnicity vary by school, which can be seen on each of the individual school summaries in Volume II.

Per the Federal race/ethnicity reporting requirements, Latino ethnicity includes students identified as Hispanic/Latino regardless of race.

PPS separates the Multiple Races category into two categories, Multiple-Asian/White, which includes non-Latino students identifying only as Asian and White; and Multiple-Other Ancestries, which includes non-Latino students identifying with multiple races.

HU and Not-HU reflects if the race/ethnicity is considered historically underserved (HU).

CHARTER SCHOOLS

Charter schools are public schools that are intended to provide innovative programs with specific educational philosophies and/or delivery models that offer additional options for students and families within the public school system. District sponsored charter schools have entered into a contract with Portland Public Schools for sponsorship and they maintain a high level of autonomy in exchange for increased accountability. PPS passes through the charter schools' share of the State School Fund based on the funding formula outlined in Oregon's Charter School Law ([ORS 338.155](#)). The PPS Charter Schools Office is part of the Multiple Pathways to Graduation Department which supports all contracted schools. A key component of the Charter Schools Office is to provide oversight and support to ensure that terms under the sponsorship agreement are met.

PPS-Sponsored Charter Schools:

- KairosPDX Learning Academy - Grades K-5, focused on culturally responsive practices to cultivate student engagement and achievement.
- Le Monde French Immersion Charter School - Grades K-8, French immersion instruction.
- Portland Arthur Academy - Grades K-5, using a Direct Instruction model.
- Portland Village School - Grades K-8, Waldorf-inspired education.
- The Emerson School - Grades K-5, curriculum grounded in project-based learning.

State-Sponsored Charter Schools in PPS:

- Cottonwood School of Civics and Science - Grades K-8, offering place-based education.
- Ivy School - Grades K-8, a Montessori charter school.

COMMUNITY BASED ORGANIZATIONS (CBOs)

Contracted Private Alternative Schools or more commonly known as Community Based Organizations (CBO schools) complement Portland Public Schools educational re-engagement efforts. Each school provides a unique range of supports for students working toward their PPS diploma or GED.

The funding formula for CBO schools is outlined in state statute ([ORS 336.635](#)) and is based on the district's Net Operating Expenditure (NOE). The NOE is a per student rate. This, in conjunction with the number of students to be served and student demographics, are the primary factors PPS uses to determine CBO funding. Funding is detailed in each school's annual contract. This contract also codifies the contractual relationship between PPS and each school.

Funding to CBOs comes from both the General Fund and the Special Revenue fund. Funding amounts in the budget book are projections and will be dependent on external factors (e.g. state school fund, corporate excise taxes, etc.). Specific funding details are outlined in each CBO's annual contract.

CBO Schools Contracted with PPS

- Helensview* (*funded via state resolution dollars)
- Rosemary Anderson Middle and High School
- Mt Scott Learning Center
- NAYA Many Nations Academy
- Open School East
- Portland Community College: Gateway to College & YES to College
- Portland Youth Builders
- Youth Progress Association

GLOSSARY OF TERMS AND ACRONYMS

A

Account Codes - The account codes identify the nature of the expenditure, and is based on the Oregon Department of Education’s Program Budgeting and Accounting Manual. An example of a complete chart of accounts consist of the following elements:

	Object (Account)	Fund	Dept ID	Function (Program)	Area (Class)	Proj/Grant*
# of Digits	6	3	4	5	5	5
Account Code	511100	205	2156	11211	18000	G1800
Description of Fund or Use	Licensed Teacher	Grant Fund	George MS	MS Programs	Math	Title I - School

*Project/Grant field is only used if funding is from a project or a grant, such as Title I or SIA.

A complete list of the chart of accounts, with descriptions of products or services, is shown in the Introductory Information section of this book.

Accrual Basis - The basis of accounting under which revenues are recorded when earned or when levies are made, and expenditures are recorded as soon as they result in liabilities, regardless of when the revenue is received or the payment is actually made.

Accrue - To record revenues when earned or when levies are made and to record expenditures as soon as they result in liabilities, regardless of when the revenue is actually received or the payment is actually made.

Accrued Liabilities - Amounts owed but not yet due; for example, accrued interest on bonds or notes.

Accrued Revenues - Levies made or other revenue earned and not collected regardless of whether due or not.

ACT (American College Test)

ADA (Americans with Disabilities Act)

ADM (Average Daily Membership) - Average student enrollment is the measure that indicates the average number of students in membership (enrolled) on any given day over a school year. It is calculated based on the total days students are enrolled (present or absent) divided by the number of days in a school year.

Administrative Support Tables - Besides using a student teacher ratio to staff schools, schools are allocated FTEs based on Administrative Support tables (shown in the Staffing Overview section of this document). Administrative Support provides FTEs for Principals and other administrative staff, such as assistant principals, vice principals, and secretarial/data staff.

Administrators, Licensed - Persons assigned to administrative or supervisory positions who meet standards of eligibility established and who have training or licensure relevant to specific positions within the District. This includes positions such as the Superintendent, Assistant Superintendents, Senior Directors, School Principals, etc.

Administrators, Non-Licensed - Administrative or supervisory positions not requiring any type of licensure but who meet eligibility and or needs set forth by the District. This category is primarily made up of cabinet level managers that support the business operations of the District.

ADMr (Average Daily Membership Resident) - Students that the district claims as residents for State School Funding. Some residents may attend school in another district.

ADMw (Average Daily Membership Weighted) - The major component of the State School Fund is ADMw which is ADMr with weightings added for the following factors:

Factor	Weight		Data Source
Special Education	1.00	times	December Special Education Census
English Second Language	0.50	times	ELL, ADM student data submissions
Pregnant & Parenting (P&P)	1.00	times	P&P, ADM Student data submissions
Poverty Factor	0.25	times	Census data - proportionally adjusted
Foster Care/Neglected and Delinquent	0.25	times	Dept. of Human Resources counts

Adopted Budget - The final version of the budget that has been adopted by the Board of Education after a hearing with the Tax Supervising and Conservation Commission (TSCC) and meeting all requirements under local budget law.

Ad Valorem Taxes - Taxes levied on the assessed valuation of real and personal property which, within legal limits, is the final authority in determining the amount to be raised for school purposes.

Ad Valorem Taxes Levied by School System - Taxes levied by a school system on the assessed valuation of real and personal property located within the school system which, within legal limits, is the final authority in determining the amount to be raised for school purposes. Separate accounts may be maintained for real property and for personal property.

Allocations - An appropriation divided into amounts used for certain periods or for specific purposes.

Alternative Education - See Multiple Pathways to Graduation (MPG).

Amortize - The gradual payment of an amount owed according to a specified schedule of times and amounts.

Annual Comprehensive Financial Report - An annual report that is required by ORS 297.405-297.555, which represents the District's financial position and activity. This report is audited by an independent firm of Certified Public Accountants.

AP (Advanced Placement)

Appropriation - A legal authorization granted by the school board to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and the time when it may be expended.

Approved Budget - The version of the budget that has been approved by the Board of Education acting in their capacity as the Budget Committee for PPS.

A-ROI (Academic Return on Investment)

ARP or ARPA (The American Rescue Plan Act, 2021) - See ESSER III

ARRA (American Recovery and Reinvestment Act of 2009)

Arts Education and Access Income Tax (Arts Tax) - This local tax funds art and music teachers for elementary school students for grades KG-5.

Assessed Valuation - A valuation set upon real and personal property by a government as a basis for levying taxes.

Assets - Resources owned or held by PPS, which have monetary value.

ATU (Amalgamated Transit Union) - Bargaining representative for Student Transportation bus drivers.

Audit - The examination of records and documents, and the securing of other evidence for one or more of the following purposes: (a) determining the propriety of proposed or completed transactions, (b) ascertaining whether all transactions have been recorded, and (c) determining whether transactions are accurately recorded in the accounts and in the statements drawn from the accounts.

B

BESC (Blanchard Education Service Center) - Former name of headquarters of Portland Public Schools, located at 501 North Dixon Street, across from the Rose Quarter in North Portland. During the 2022-23 school year, the headquarters was renamed to Dr. Matthew Prophet Education Center or Prophet Education Center (PEC) after Dr. Matthew Prophet.

Board of Education (also School Board or Board) - Consists of the elected or appointed body, which has been created according to State law, vested with responsibilities for educational activities in a given geographical area. (See the District Overview section of this document for a list of the Directors and the zones to which they were elected.)

Bond - A written promise, generally under seal, to pay for a specified sum of money (face value) at a fixed time in the future (date of maturity) and carrying interest at a fixed rate, usually payable periodically. The difference between a note and a bond is that the latter usually runs for a longer period of time and requires greater legal formality.

Bond Discount - The excess of the face value of a bond over the price for which it is acquired or sold. The price does not include accrued interest at the date of acquisition or sale.

Bond Premium - The excess of the price at which a bond is acquired or sold, over its face value. The price does not include accrued interest at the date of acquisition or sale.

Bonded Debt - The part of the school system debt, which is covered by outstanding bonds of the system.

Bridge Year - A transition period during which a program or department might receive some form of interim funding. In regards to Title I, a bridge year refers to a period during which a school may not meet the eligibility criteria to receive funding, but may continue to receive funding if they were eligible to receive Title I funding the previous year and is expected to be eligible to receive Title I funding in the following year.

Budget - Written report showing the local government's comprehensive financial plan for one fiscal year or for a 24-month budget period. It must include a balanced statement of actual revenues and expenditures for each of the last two budgets and estimated revenues and expenditures for the current and upcoming budget. A proposed budget is presented to the budget committee for approval. An approved budget is subsequently adopted as approved or modified by the school board.

Budget Calendar - The District's fiscal year spans from July 1 through June 30. Within this time period, the budget is developed incorporating input from the Board of Education, the Superintendent and staff, the public, and information from the State Legislature regarding the level of School Support Funding (SSF). Budgeting is not simply something done once a year. It is a continuous process taking 12 months to complete a cycle. The budgeting process has five parts. The budget is (1) prepared, (2) approved, (3) adopted, (4) executed, and (5) reviewed by audit. The budget must be prepared far enough in advance so that it can be adopted before June 30. After adopting the budget the District makes the necessary appropriations and certifies the tax levy to the county assessor.

Budget Document - The instrument used by the budget-making authority to present a comprehensive financial program to the school board, which is the appropriating body. The budget document contains a message from the Superintendent, together with a summary of the proposed expenditures, the means of financing them, and the schedules supporting the summary. These schedules show in detail the information as to past years' actual revenues, expenditures, and other data used in making the estimates.

Budget Officer - The budget officer, or the person or position designated by charter and acting as budget officer, prepares or supervises the preparation of the budget document. The budget officer, unless the charter specifies otherwise, acts under the direction of the executive officer of the municipal corporation or under the direction of the governing body.

Budget Period - A 12 or 24-month period from July 1 through June 30 to which the operating budget applies.

Budgetary Control - The management of the District in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

Budgetary Expenditures - Decreases in net current assets. In contrast to conventional expenditures, budgetary expenditures are limited in amount to exclude amounts represented by non-current liabilities. Due to their spending measurement focus, governmental fund types are concerned with the measurement of budgetary expenditures.

BVIS (Blind Vision Impaired Services)

C

Capital - Purchases relating to or being an asset of PPS that add to the long-term net worth of the District.

Capital Bond - See Bond

Capital Outlay - Expenditures which result in the acquisition of or addition to fixed assets.

Capital Projects Fund - Dedicated to major capital improvements, construction and acquisition of school district facilities and often funded with general obligation bonds.

CARES Act (The Coronavirus Aid, Relief, and Economic Security Act, 2020) - See ESSER

CBRC (Community Budget Review Committee) - A panel appointed by the Board of Education; generally comprised of up to twelve community members and one student representative, which serves to provide a community voice in the budgeting process.

CEIS (Coordinated Early Intervention Services)

CEP (Community Eligibility Provisioning)

Class/Area Code - This is the portion of the account code that identifies a certain group within a program. For example, program 11211 represents Middle School programs and the class code indicates whether the expenditure or budget is for art, social studies, technology, science, language arts, etc.

Classified Employees - There are two categories of classified employees:

1. Non-licensed employees who are represented by a union (ATU, DCU, PFSP, or SEIU), which includes teacher support personnel, paraeducators, educational assistants, library assistants, community agents, campus monitors, secretaries, data clerks, clerical staff, cafeteria staff, maintenance workers, warehouse workers, truck drivers, and bus drivers.
2. Non-licensed employees who are not represented, which includes specialists and analysts who primarily work to support the business operations of the District.

Combined Underserved - Please note that the District uses the following three terminologies interchangeably: Combined Underserved, Combined Historically Underserved, and Historically Underserved. A new subgroup of students originally established by the ODE as part of the requirements of the Elementary and Secondary Education Act (ESEA) Waiver. PPS's current definition of Combined Underserved includes the following:

- Students eligible to receive free meals by Direct Certification
- Students eligible for Special Education
- Students eligible to receive English as a Second Language (ESL) services
- Students with any of the following races, ethnicities, or ancestry:
 - ▶ Black
 - ▶ Latino/Hispanic
 - ▶ Native American
 - ▶ Pacific Islander

Consolidated Budgets - The discretionary portion of schools' General Fund budget that supports non-FTE resources, including, but not limited to supplies, printing, copy machines, toners, limited-term personnel, extended responsibility, and substitute costs not covered centrally. Schools are allocated a consolidated operating budget each fiscal year (July 1 - June 30), and that information is available for tracking in PeopleSoft Financials starting July 1st. Schools are allocated this budget based on projected enrollment with the following formula:

- K-8 Schools: $\$10,000 + (\$82 \times \text{Projected Students})$
- High Schools: $\$50,000 + (\$86 \times \text{Projected Students})$

Construction Excise Tax - In 2007, the Oregon State Legislature passed a law (SB1036) that allows school boards, in cooperation with cities and counties, to tax new residential and non-residential development in order to help school districts pay for a portion of the cost of new or expanded school facilities.

Contingency - A special amount budgeted each year for unforeseen expenditures. Transfer of general operating contingency funds to cover unanticipated expenditures requires board approval.

Contracted Personnel Services - Services rendered by outside personnel when a particular undertaking requires skills and resources not otherwise available within the school system, including all related expenses covered by the contract.

CRRSA Act (The Coronavirus Response and Relief Supplemental Appropriations Act, 2021) - See ESSER II

CSI (Comprehensive Supports for Improvement) - CSI is one of two federally required designations under ESSA. CSI designation indicates the school as a whole needs additional support.

CTC (Community Transition Centers)

CTE (Career and Technical Education)

Current Resources - Resources to which recourse can be had to meet current obligations and expenditures. Examples are current assets, estimated revenues of a particular period not yet realized, transfers from other funds authorized but not received, and in the case of certain funds, bonds authorized and unissued.

D

D&SI (District & School Improvement)

DART (Day and Residential Treatment)

DCU (District Council of Unions) - Bargaining representative for selected workers of the school district including warehouse workers, truck drivers, bus mechanics, maintenance workers, and television services employees.

Debt Service - This is the cash required in a given period, usually one year, for payments of interest and current maturities of principal on outstanding debt. Debt service in mortgage loans includes interest and principal; in corporate bond issues, the annual interest plus annual sinking fund payments; in government bonds, the annual payments from the debt service fund.

Deficit - The excess of a fund's liabilities over its assets. Oregon school districts may not carry deficits in any fund.

Dept ID (Department ID) - The portion of the account code that identifies a specific school or department that is part of a given program.

Designated Programs - Designated programs include English as Second Language, Teen Parent Programs, Migrant Education, and Summer School.

Direct Certification - Students eligible to receive free meals by Direct Certification are students who are eligible for free meals, as identified by the State. Direct Certification status is determined by state agencies and shared electronically with school districts. Students or families qualify for Direct Certification through a number of avenues such as eligibility for Supplemental Nutrition Assistance Program (SNAP) or Temporary Assistance to Needy Families (TANF), migrant education, homeless or runaway education, Head Start, or foster care. Direct Certification does not include:

- Students eligible for free or reduced meals by paper application (per federal income guidelines for 130% and 185% poverty).
- Students eligible for free meals because they are enrolled in a Community Eligibility Provision (CEP) school but are not Direct Certified by the state.

Direct Services - Direct services are activities identifiable with a specific program. Activities involving teaching learners are considered to be direct services for instruction.

District-wide Boundary Review Advisory Committee (DBRAC) - A collaborative committee tasked with providing recommendations to the Superintendent on grade configuration, size, and boundaries of neighborhood schools.

E

EA (Educational Assistant) - Educational Assistants are classified employees who work alongside or under the direction of a certified staff member. In some cases they work in a classroom or with groups of children, while in other cases they are assigned to work one-on-one with students who require this level of staffing. EAs are primarily employed to serve in Title I and ESL/Bilingual classrooms.

EAIP (Employer-at-Injury Program)

Early Retirement Benefit - This provides for the direct payments to early retirees in accordance with the collective bargaining agreements for certified staff.

EB (Emergent Bilinguals)

ECEC (Early Childhood Education Centers)

ECSE (Early Childhood Special Education)

Education Options - See Multiple Pathways to Graduation (MPG).

EI (Early Intervention)

ELA (English Language Arts)

ELPA 21 (English Language Proficiency Assessment for the 21st Century)

Employee Benefits - Amounts paid by the District on behalf of employees; these amounts are not included in the base salary, but are over and above. While not paid directly to employees, nevertheless, they are part of the cost of salaries and benefits.

Encumbrance - An obligation chargeable to an appropriation and for which part of the appropriation is reserved.

Enterprise Funds - These account for operations that are financed and operated where the stated intent is that the costs (expenses, including depreciation and indirect costs) of providing goods or services to students are recovered primarily through user charges.

ER (Extended Responsibility) - Additional pay to District employees for activities and responsibilities performed, primarily, outside the standard workday. The varied amounts of pay are contractual under the PAT contract for employees.

ESD (Education Service Districts)

ESEA (Elementary and Secondary Education Act)

ELD (English Learners with Disabilities)

ESL / ELL - English as a Second Language / English Language Learners programs for identified students.

ESSA (Every Student Succeeds Act of 2015) - ESSA was signed into law in 2015, effectively ending heavy federal involvement in public schools and sending that authority back to states and local school districts. The law replaces No Child Left Behind (NCLB) which gave considerable control to the federal government to set expectations around student achievement and enforce consequences when achievement lagged, including school districts paying to bus students to other schools if families wished to leave failing schools as measured by state test scores. ESSA maintains the goals of NCLB (high standards, accountability, and closing the achievement gap), but no longer focuses on standardized solutions. Students are still required to take yearly tests in math and reading in 3rd through 8th grades and 11th grade, and to publicly report the scores by subgroups such as race, English-language proficiency, poverty, and Special Education. States are required to intervene in schools that are not meeting their goals. The most significant change is that states and local school districts, not the federal government, will now be responsible for developing methods for judging school quality. The new law went into effect in the 2017/18 school year, giving states time to develop the new school quality standards.

ESSER (Elementary and Secondary School Emergency Relief Fund) - Part of The Coronavirus Aid, Relief, and Economic Security Act, 2020 (CARES Act) provided \$13.2 billion for the Elementary and Secondary School Emergency Relief Fund (ESSER Fund). Oregon was awarded \$121.1 million. For more information, go to the following website:

<https://www.oregon.gov/ode/schools-and-districts/grants/Pages/ESSER-Fund.aspx>

ESSER II (Elementary and Secondary School Emergency Relief Fund II) - Part of The Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA Act) provides an additional \$54.3 billion for ESSER funding (ESSER II). In January 2021, Oregon was awarded \$499.1 million. For more information, go to the following website:

<https://www.oregon.gov/ode/schools-and-districts/grants/Pages/ESSER-Fund-II.aspx>

ESSER III or ARP ESSER (Elementary and Secondary School Emergency Relief Fund III) - Part of The American Rescue Plan Act, 2021 (ARP Act or ARPA) provides an additional \$122 billion ESSER funding (ESSER III or ARP ESSER). Oregon was awarded \$1.1 billion. For more information, go to the following website:

<https://www.oregon.gov/ode/schools-and-districts/grants/Pages/ESSER-Fund-III.aspx>

Expenditures - Decreases in net financial resources. Expenditures include current operating expenses, which require the current or future use of net current assets, debt service, and capital outlays.

F

Fall Enrollment - Number of students enrolled in school on October 1st.

FFCO (Full Faith and Credit Obligations)

FICA (Federal Insurance Contributions Act)

Fiscal Year - A 12-month period from July 1 through June 30 to which the annual operating budget applies.

Fixed Assets - Assets purchased and intended for long-term use such as land, building, improvements, machinery, and equipment.

FTE (Full Time Equivalent) - One FTE is defined as a regular staff position scheduled to work eight hours per day. FTE does not count people, but positions. Two individuals who each work half time (4 hours per day) equal 1.0 FTE.

Fund - A fiscal and accounting entity with a self-balancing set of accounts in which cash or other financial resources; all related liabilities, residual equities, or balances; and changes therein, are recorded and segregated to carry on specific activities or attain certain objectives in accordance with special regulations, restrictions or limitations.

The State chart of accounts is as follows:

- Governmental Funds
 - ▶ General funds (numbered in the 100 series)
 - ▶ Special Revenue funds (numbered in the 200 series)
 - ▶ Debt Service funds (numbered in the 300 series)
 - ▶ Capital Projects funds (numbered in the 400 series)
- Proprietary Funds
 - ▶ Enterprise funds (numbered in the 500 series)
 - ▶ Internal Service funds (numbered in the 600 series)
- Fiduciary Fund
 - ▶ Trust and Agency Funds (numbered in the 700 series)

G

GAAP (Generally Accepted Accounting Principles) - A widely accepted set of rules, conventions, standards, and procedures for recording and reporting financial information, as established by GASB.

Gap Bonds - Any portion of a local government's property tax levy that is used to repay qualified taxing district obligations. Qualified taxing district obligations include principal and interest on any bond or formal, written borrowing of moneys issued before December 5, 1996, for which ad valorem property tax revenues have been pledged or explicitly committed or that are secured by a covenant to levy. Also included are pension and disability plan obligations that commit property taxes and impose property taxes to fulfill those obligations.

GASB (Government Accounting Standards Board) - The mission of GASB is to establish and improve standards of state and local governmental accounting and financial reporting that will result in useful information for users, and guide and educate the public.

GED (General Education Development) or (General Equivalency Diploma)

General Fund - The fund used to account for all financial resources except those required to be accounted for in another fund. It covers the operations of schools, including expenditures for salaries and benefits, supplies, textbooks, utilities, and other general expenses.

GFOA (Government Finance Officers Association)

GO (General Obligation) Bonds

Grant - A donation or contribution in cash which may be made to support a specific or general purpose or function.

H

HACCP (Hazard Analysis and Critical Control Point)

Head Start - Head Start is a child development program that serves low-income three and four year old children and their families. Section 645 of the Head Start Act (42 U.S.C. 9840) establishes income eligibility for participation in Head Start programs by reference to the official poverty line, adjusted annually in accordance with changes in the Consumer Price Index.

HOH (Hard of Hearing)

HSSD (High School System Design) - The District's large-scale effort to strengthen the High School System.

HU (Historically Underserved) - Refer to Combined Underserved

I

IDEA (Individuals with Disabilities Education Act)

IEP (Individualized Education Plan/Program) - By law, each student with a special education placement must have an IEP. The IEP must include certain information about the child and the educational program designed to meet their unique needs.

Indirect Costs - A cost necessary for the functioning of the organization as a whole, but which cannot be directly assigned to one service.

Interfund Loans - Loans made by one fund to another and authorized by resolution or ordinance.

Interfund Transfers - Amounts moved from one fund to finance activities in another fund. They are shown as expenditures in the originating fund and revenues in the receiving fund.

Internal Service Fund - A fund used to account for the financing of goods or services provided by one department or agency to other departments or government agencies on a cost-reimbursement basis.

IT (Information Technology)

K

K or KG (Kindergarten)

L

LEA (Local Education Agency)

Levy - Amount or rate of ad valorem tax certified by a local government for the support of governmental activities.

LGIP (Local Government Investment Pool)

Liabilities - Debt or other legal obligations arising out of transactions in the past which must be liquidated, renewed, or refunded at some future date. This term does not include encumbrances.

Licensed Employees - Includes teachers, counselors, media specialists, psychologists, social workers, nurses, athletic trainers, occupational speech, and physical therapists.

Licensed Equivalent - See Weighted FTE.

Limited Term Employee - Limited Term employees are those hired for short-duration or sporadic work during the school or fiscal year. No benefits are associated with these positions. They may work any number of hours per week, for a total of up to 780 hours per year in the same assignment.

Local Option Tax - Voters may be asked to approve temporary taxing authority that is in addition to the taxes generated by the permanent tax rate. Local option taxes can be for general operations, a specific purpose or capital projects. They are limited to five years unless they are for a capital project, then they are limited to the useful life of the project for 10 years, whichever is less.

LTCT (Long Term Care or Treatment)

LTHT (Less-Than-Half-time) Employees - LTHT employees are those hired for 19 or fewer hours per week for one or more school or fiscal years. Benefits are generally not associated with these positions. Note however, that a LTHT employee with multiple jobs may easily surpass 20 hours per week and thus earn full benefits.

M

MAP (Measures of Academic Progress)

Measure 5 - Property tax limitation passed by Oregon's voters in November 1990, limiting local property taxes for schools to \$5 per \$1,000 of assessed value.

Measure 47 - Property tax limit passed by Oregon voters in November 1996, rolling taxes back to 1995-96 levels less 10% and capping future increases by 3% annually.

Measure 50 - Initiative referred by legislature and approved by voters to clarify and implement Measure 47.

MESD (Multnomah Education Service District) - State-established Education Service District (ESD) to provide regional services to school districts within Multnomah County.

MPG (Multiple Pathways to Graduation) - Formerly Alternative Education and Education Options are programs and services available for students whose academic and social needs are not being met effectively in traditional school settings. Options include school-within-school programs in high schools, night schools, or programs located at separate locations.

MTSS (Multi-Tiered Systems of Support)

N

NCLB (No Child Left Behind) Act

NS (Nutrition Services)

O

OAR (Oregon Administrative Rules) - Rules written to clarify and implement Oregon law, and has the authority of law.

ODE (Oregon Department of Education)

OEBB (Oregon Educators Benefit Board)

Operating Budget - Plans of current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing acquisition, spending, and service delivery activities of a government are controlled. The use of annual operating budgets is required by law.

OPERS (Oregon Public Employees Retirement System)

ORS (Oregon Revised Statute) - Oregon laws established by the legislature.

OSBA (Oregon School Boards Association)

OSCIM (Oregon School Capital Improvement Matching Program)

P

P&P (Pregnant & Parenting)

PAPSA (Portland Association of Public School Administrators) - PAPSA is the professional association which represents licensed school administrators employed in PPS.

Paraeducator (Paraprofessional Educator) - As Part of the No Child Left Behind Act (NCLB), there were new requirements for paraeducators working in Title I schools or programs funded by Title I. These requirements applied only to paraeducators who provide instructional support under the direction of teachers and must be met at the time of hire. The following job titles at PPS provide instructional aid and are thus required to meet the NCLB requirements:

- ESL Bilingual Assistants
- Certified Nursing Assistants
- Community Agents
- Educational Assistants
- Instructional Technology Assistants
- Library or Media Center Assistants
- Special Education Paraeducators - Levels I, II and III

However, paraeducators who have one of the above job titles, but do NOT provide any instructional assistance may not be required to meet the NCLB requirements if they work in the following areas:

- Playground supervision
- Personal care services
- Non-instructional computer assistance
- Serve solely as translators
- Work only with parental involvement activities

PAT (Portland Association of Teachers) - PAT represents professional educators employed in PPS, including teachers, counselors, media specialists, student management specialists, and others.

PAT Contract, General Education IEPs - Professional educators who are required to conference regarding IEPs shall have a substitute provided to allow for such meetings to occur within the workday. If a unit member volunteers to attend such a conference outside of the workday, such member shall be compensated at his/her per diem hourly rate.

PAT Contract, Special Education IEPs - In addition to contractually provided planning days, special education professional educators assigned to conference with parents and write IEPs shall be provided release time for that purpose. A special education unit member may elect to use these hours before or after the school year or outside his/her workday at this/her per diem hourly rate of pay.

PAT Contract, TAG/504 Plans - Professional educators who are required to write student plans other than IEPs, including Gifted Student plans or 504 plans, shall be provided at the member's option either release time or compensation at his/her per diem hourly rate. One hour will be allotted for each student plan.

PBAM (Program Budgeting and Accounting Manual) - This ODE manual guides PPS' budgeting and accounting codes and structures.

PCC (Portland Community College)

PCL (Portland Children's Levy)

PE (Physical Education)

PEC (Dr. Matthew Prophet Education Center or Prophet Education Center) - Name of headquarters of Portland Public Schools, located at 501 North Dixon Street, across from the Rose Quarter in North Portland.

PEIP (Portland Early Intervention Program)

PEP (Population Estimates Program) - A program of the U.S. Census Bureau.

PERS (Public Employees Retirement System)

PFSP (Portland Federation of School Professionals) - PFSP represents classroom educational assistants, paraeducators, secretaries, clerks, certified occupational therapy assistants, licensed physical therapy assistants, campus monitors, and community agents employed by PPS.

PLC (Professional Learning Community)

POB (Pension Obligation Bonds)

Post Retirement Benefit - The program provides health and welfare medical benefits to qualified retired District employees. Qualifications require the employee to have 15 years of employment with the District and must qualify for PERS retirement benefits. Benefits are afforded for 5 years upon qualifying, but not beyond age 65.

PPS (Portland Public Schools or District)

PRC (Population Research Center)

Prior Year Taxes - Taxes levied for fiscal years preceding the current one. Revenues from these taxes are treated as non-tax resources in the current budget.

Program Budget - A budget based on the programs of district offices.

Program/Function Code - The portion of the account code that identifies an area within the organization for personnel, goods and services.

Project/Grant ID - The portion of the account code that identifies a specific project account, grant account, or dedicated resource account within a given fund.

Property Taxes - Ad valorem tax certified to the county assessor by a local government unit.

Proposed Budget - Financial and operating plan prepared by the budget officer and submitted by the Superintendent to the Budget Committee and public for review.

PSAT (Preliminary Scholastic Aptitude Test)

PTA (Parent Teacher Associations)

Publication - Public notice given by publication in a newspaper of general circulation within the boundaries of the local government; mailing through the U.S. Postal Service by first class mail to each street address within the boundaries of the local government; and hand delivery to each street address within the boundaries of the local government.

Q

QMHP (Qualified Mental Health Professional)

QZAB (Qualified Zone Academy Bonds)

R

REAHL (Recovery, Education, and Action for Healthy Living)

Requirement - The sum of all appropriated and unappropriated items in a given fund. Total requirements must always equal total resources in a fund.

Reserve Fund - Established to accumulate money over time for a specific purpose, such as purchase of new equipment.

RESJ (Racial Equity & Social Justice) - In 2011, PPS adopted a Racial Educational Equity Policy that called out harmful disparities in its schools and identified the district's role in eliminating them. Since then, several achievements have been made, but there is collective acknowledgement that there is still much work remaining to ensure all students experience equitable outcomes. Current leadership has embarked on an inclusive planning process to identify the most urgent areas of opportunity to continue this work and to incorporate efforts into its five-year road map for RESJ. The goal is to elevate RESJ practices into a comprehensive, defined framework with clear system-wide equity and social justice actions, and measurable results. The current primary focus of the RESJ lens is on race and ethnicity as that will allow direct improvements in other dimensions of diversity.

Resolution - A formal order of a governing body (the Board); it has lower legal status than an ordinance.

Resources - Estimated beginning fund balances on hand at the beginning of the fiscal year, plus all anticipated revenues.

Restructuring - A school identified for restructuring is a school that has not made AYP for five years. The first year of restructuring may be used for planning, and the plan must be implemented no later than the second year. This was established as part of the NCLB Act.

Revenues - Monies received or anticipated by a local government from either tax or non-tax sources.

RHIS (Retirement Health Insurance Subsidy)

RMV (Real Market Value)

RTI (Response to Intervention) - The RTI system strengthens core delivery to all students, focusing on prevention of student academic and behavior challenges. In addition, it provides for systematic identification of students in need of greater support. Through monitoring student progress, staff are able to remove or add student interventions as needed throughout the school year.

RZED (Recovery Zone Economic Development) Bonds

S

SAT (Scholastic Aptitude Test)

SBAC (Smarter Balanced Assessment Consortium) - Oregon is part of a team of states working together voluntarily to develop K-12 assessments in English language arts/literacy and mathematics aligned to Oregon's Common Core State Standards. These tests, called Smarter Balanced Assessments, are delivered online and include questions that adapt to each individual's performance. The Performance Task feature mimics real world application of a student's knowledge and skills.

SBT (Strategic Budget Team) - A group of PPS central office leaders and school principals who makes budget decisions using an RESJ Lens.

School Board - See Board of Education

SEA (State Educational Agencies)

SEIU (Service Employees International Union) - This group represents Nutrition Services and Custodial employees in PPS.

SEL (Social Emotional Learning)

Service Area Direction - Activities associated with managing and directing a given program within a department.

SIA (Student Investment Account)

SIP (School Improvement Plan)

SKIP (Screening Kids for Intervention & Prevention) - Early intervention screening for kids from birth to age 5.

SLC (Structured Learning Centers)

SNAP (Supplemental Nutrition Assistance Program)

Special Revenue Fund - This fund tracks money school districts receive from federal, state, and private grants. Some examples are funds for disabled students, funds for educationally disadvantaged students, funds for drug and alcohol prevention, and funds for professional development. Money that schools receive from students and parent groups for purposes such as special school projects, field trips, and various student activities may be recorded here.

SPED (Special Education) - Educational programs and services provided to students designated as SPED as required by law.

SRGP (Seismic Rehab Grant Program)

SSA (Student Success Act)

SSF (State School Fund) - This is the major appropriation of state support for public schools. The State School Fund is distributed to school districts on a weighted student basis (see ADM-w). The formula makes weighting adjustments to consider the additional cost of operating remote small schools, and includes reimbursement of student transportation costs. The State School Fund is also adjusted based on local property taxes. For more information, go to the following website:

<https://www.oregon.gov/ode/schools-and-districts/grants/Pages/School-District-and-ESD-payment-Statements.aspx>

Staffing Ratio - The staffing ratio is the ratio of students to staff (e.g., 24.5:1) and is the primary measure used to allocate staff to schools. Class size may be higher than the staffing ratio because counselors and specialists in areas such as Music, Media and PE are also included in the staffing ratio; or a principal can decide to lower class size by not having as many specialists teaching in the school. Information about how schools are staffed is shown in the School Staffing section of this document.

State of Oregon (State)

Supplemental Budget - A supplemental budget is prepared to meet unexpected needs or to spend revenues not anticipated at the time the regular budget was adopted. A supplemental budget cannot be used to increase a tax levy.

Supplemental Educational Services - Supplemental educational services are additional academic services designed to increase the academic achievement of low-income students in low-performing schools. These services may include tutoring, remediation, or other educational interventions that are consistent with the content and instruction used by ODE. Supplemental education services must be provided outside of the regular school day; and must be high quality, research-based, and specifically designed to increase student academic achievement.

T

TAG (Talented and Gifted) - Programs and services provided to students identified as TAG as required by State law.

TANF (Temporary Assistance for Needy Families)

Tax Rate - The amount of tax stated in terms of a unit of tax for each \$1,000 of assessed value of taxable property.

Title I - Title I, Part A provides federal dollars to help supplement educational opportunities for children who live in high poverty areas who are most at risk of failing to meet the state's challenging content and performance standards. There are two types of programs: Targeted Assistance and Schoolwide. Most of the schools that qualify for Title I in PPS have Schoolwide programs. A Targeted Assistance program is one in which individual students are targeted to receive Title I services. Students are identified based upon multiple, objective, educationally related criteria. Services may be delivered in a number of ways such as in-class instruction, pull out instruction, extended day, and/or week or year programming. Title I teachers are responsible for providing extra services to the identified children, coordinating with other school personnel involved with the children, and involving parents in the planning, implementation and evaluation of the Title I program.

A Title I school is eligible to become a Schoolwide program when the poverty level (determined by free and reduced lunch counts, AFDC, census or Medicaid) is at or above 33%. A Schoolwide program is designed with the knowledge that there is a link between poverty and low achievement; therefore, when there are large numbers of disadvantaged students, interventions will be more successful when they are implemented "schoolwide." A Schoolwide program has more flexibility in the use of Title I funds and in the delivery of services. Staff paid with Title I funds are free to work with all students in the building, for there are no students identified as "Title I." The school works together to develop its curriculum and instruction to raise the achievement of all students.

TLC/TNT (Tender Loving Care/Think-n-Try)

TOSA (Teachers on Special Assignment)

TPA (Third Party Administrator)

Transfers - Amounts distributed from one fund to finance activities in another fund. These are shown as an expenditure in the originating fund and revenue in the receiving fund.

TSCC (Tax Supervising and Conservation Commission) - TSCC is an independent, impartial panel of volunteers established to monitor the financial affairs of local governments. The Oregon Legislature created TSCC in 1919 (Chapter 375), with the first TSCC being organized in 1921. TSCC has jurisdiction over all local governments that are required to follow local budget law and which have more real market value within Multnomah County than in any other county. TSCC presently oversees the budgeting and taxing activities of thirty-nine municipal corporations, including Oregon's largest: city (Portland), county (Multnomah), school district (Portland), community college (PCC), education service district (Multnomah), port (Portland), mass transit district (Tri-Met), regional government (Metro), and urban renewal agency (Portland Development Commission). In total, these 42 entities employ more than 32,000 full time equivalent positions (FTE) and have budgets totaling over \$17 billion.

TSI (Targeted Supports for Improvement) - TSI is one of two federally required designations under ESSA. TSI designated schools indicate one or more subgroups that need additional support.

U

UAL (Unfunded Actuarial Liability)

UEFB (Unappropriated Ending Fund Balance) - Amount budgeted to carry over to the next year's budget to provide the District with needed cash flow until other money is received and to provide financial stability. This amount cannot be transferred by resolution or used through a supplemental budget during the fiscal year.

USDA (United States Department of Agriculture)

V

VAPA (Visual and Performing Arts)

W

Weighted FTE (also referred to as Licensed Equivalent FTE) - Staff allocations for schools primarily consist of licensed staff (i.e., certified teachers). The allocation also includes administrative staff such as principals (licensed administrators) and secretaries (classified staff). For staffing purposes only, school administrators can convert FTEs allocated for licensed staff to classified staff at a 1:2 ratio. For example, 1.0 licensed FTE could be used to hire 2 full-time classified employees who are represented by a union. Therefore, classified employees are valued as "half-weighted," though a full-time equivalent classified employee would still show as a 1.0 position FTE.

Y

YTP (Youth Transition Program)

APPENDICES

EXPENDITURES OVERVIEW

The following pages show the object codes (formerly known as account codes) which correspond to the State's chart of accounts and which correspond to the detail in both the General Fund Requirements by Object and the Other Funds in the Fund Detail section of this document. These object codes describe the type of expenditures for which funds have been budgeted and expensed.

510000 - Salaries

Amounts paid to employees of the District who are considered to be in a position of a permanent nature or hired temporarily, including personnel substituting for those in permanent positions. This includes gross salary for services rendered while on the payroll of the District.
