- Next Steps

State School Fund Update

- State funding pressures - \$1.7 billion shortfall for biennium (in the February forecast). Next forecast due May 16, 2017.

Revenue growth isn't keeping up with rising costs. State demands are in four areas:

- Healthcare
- Public safety
- Education
- PERS

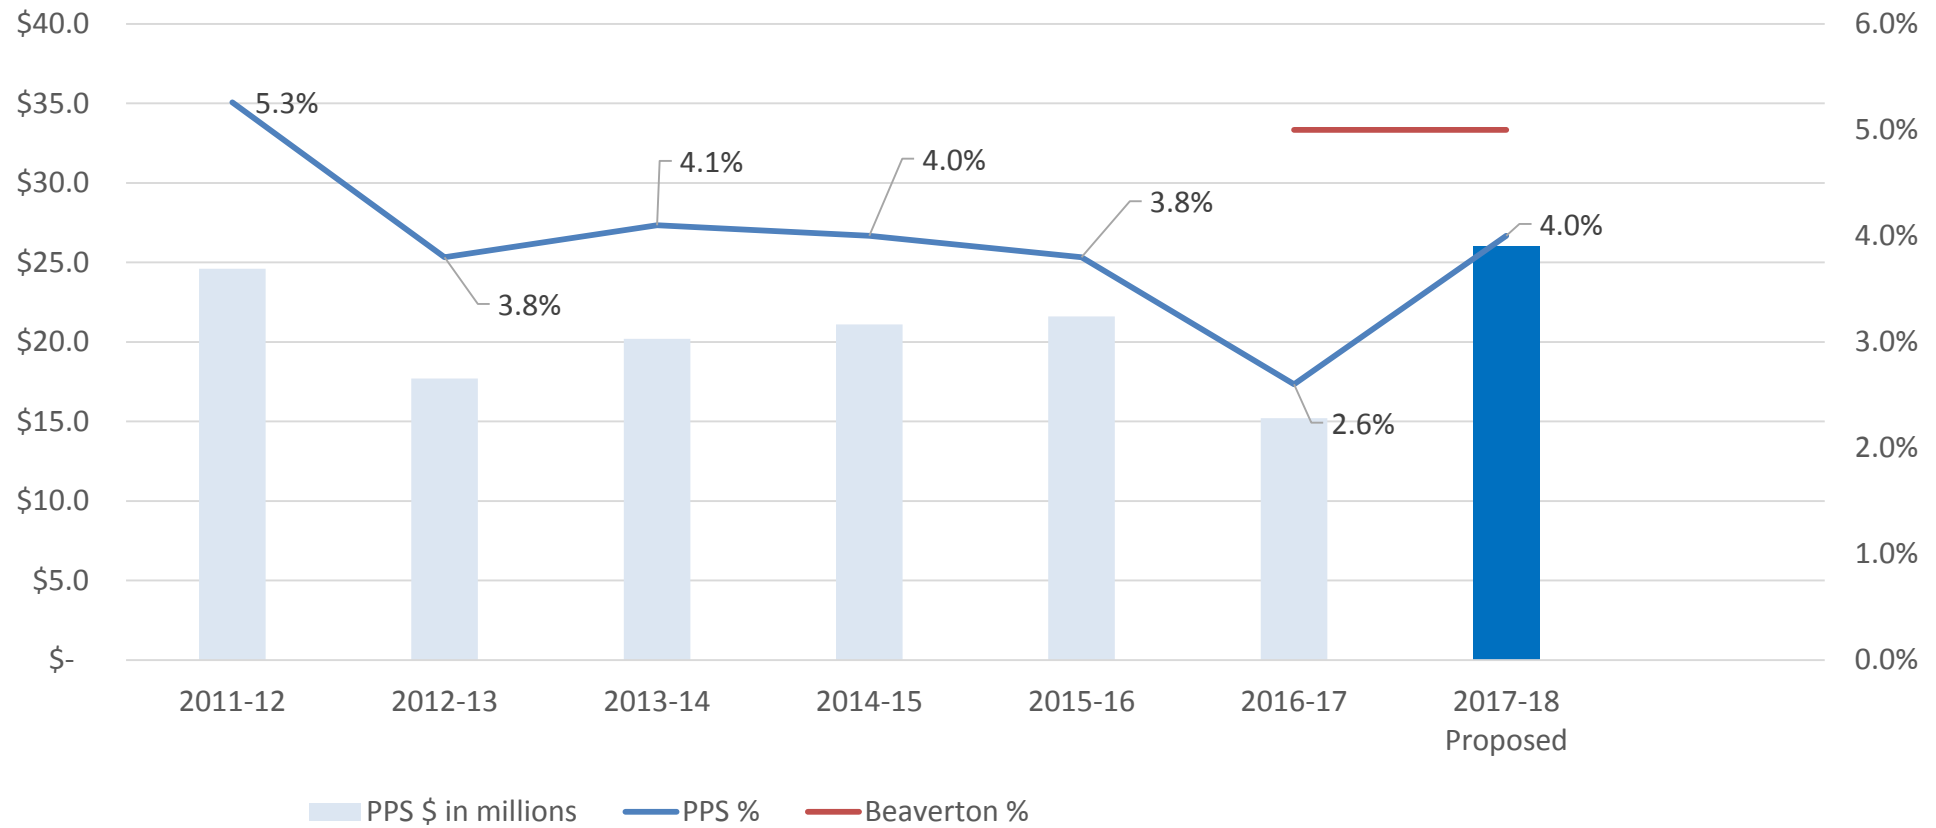

State School Fund - Aligning our Budget to \$8.1 billion

- Aligns with COSA (higher than co-chair budget of \$7.7 billion)
- Uncertainty remains
- Allocating 4% to reserves to cushion for uncertainty

Sufficient reserves are critical given funding uncertainty

Budgeted Reserves Over Time

Estimating our budget deficit

General Fund Only <i>USD in Millions</i>	Forecast 2016-17	Budget 2017-18	Change
Beginning Balance	\$ 37.8	\$ 19.9	
Total Revenue	565.5	595.9	5%
Total Resources	603.3	615.8	2%
Total Expenses	583.4	612.8	5%
Contingency	-	26.0	
Total Requirements	583.4	638.8	9%
Ending Balance	\$ 19.9	\$ -	
Potential Teacher Contract Adjustments	\$ -	\$ (5.0)	
Budget Deficit	-	(18.0)	

Budget considerations

- All PPS union contracts are up for bargaining in the current year
 - Teacher contract expired in 2016
 - Assumptions about salaries and benefits may change based upon resulting contract agreements
- Federal funding uncertainty
- Rising PERS retirement costs
- State policy mandates
- Zero inflation accounted for in non-personnel costs

Guiding Principles for Budget and Staffing

- Educational equity
- Learning and achievement
- Student and staff health and safety

Budget priorities

- Educational equity
 - Schools continue to receive equity adjustments in staffing allocation
- Learning and achievement
 - Protecting core program
 - K-8 staffing ratios maintained at current levels
 - Supporting focus and priority schools
 - Maintaining funding for special education
- Student health and safety
 - Enhanced funding for environmental projects
 - Maintaining transportation funding

Staffing Formula

FTE = Full Time Employee

Equity allocation = FTE allocated based upon combined underserved and socio economic status of students

School wide support = Principals, Counselors, etc.

Non-formula FTE = Focus options, priority allocation, etc.

Equity Formula for Staffing

- High Schools meeting equity criteria receive an additional 8% of ratio funding for staffing (consistent with the 2016-17 budget)
- Elementary, K-8, and Middle Schools receive an additional 7% of ratio funding for staffing (this is a one percentage point decrease from the 2016-17 budget)
- Equity Criteria:
 - Student meal status – more than 15% free lunches (based upon direct certification)
 - Combined underserved population – more than 40% of students
 - Students from one of four historically underserved populations (Black, Latino, Native American, Pacific Islander)
 - Students qualifying for Special Education services
 - Students qualifying for English as a Second Language services
 - Students eligible for free lunch under direct certification process

School wide support

- Schools are allocated minimum support positions

- School principals can request non-formula FTE to meet specific needs for the school year
- Non-formula requests occur after schools receive their ratio FTE allocations and determine specific staffing needs

Proposed Staffing 2017-18
